**Contact** | Call + 33 (01) 47 23 90 90 for more information

**Competent Authority** | La Financière de l'Échiquier is authorised in France and regulated by the Autorité des Marchés Financiers. The Autorité des Marchés Financiers is responsible for the supervision of La Financière de l'Échiquier with regard to this key information document.

**Production date** | 01/01/2023

## Warning

You are about to buy a product that is not simple and can be difficult to understand.

## What does this product consist of?

**Type** | Fonds Commun de Placement (investment fund) under French law. Each unitholder has a co-ownership right to the fund's assets in proportion to the number of units held.

**A.M.F. classification** | International equities

**Duration** | The Fund was created on 28/01/2015 and its expected term is 99 years.

**Objectives** | Echiquier Robotics, a UCITS with "international equities" classification, is a dynamic fund seeking performance (net of management fees) over the recommended investment period of 5 years through exposure to the international equity markets through direct securities, UCI units, derivatives, or securities with embedded derivatives.

The UCITS implements an active and discretionary management strategy. Its management is based on rigorous stock picking with the stocks chosen following a process involving a qualitative and/or quantitative fundamental analysis of the companies in which the Fund invests.

The manager will select primarily companies in the robotics sector, including companies whose activity is indirectly related to the robotics sector (suppliers, service providers, etc.) in all geographical areas. Exposure to emerging markets is limited to 50% of the Fund's net assets.

The MSCI WORLD NET TOTAL RETURN (in EUR) index, calculated in euros with net dividends reinvested, may be used as an indicator for ex-post performance comparison. This index is used for illustrative purposes only insofar as it does not accurately reflect the fund's strategy or its geographical and sectoral allocation. It is calculated in euros with net dividends reinvested. Investors are advised that the portfolio's composition may differ from that of the benchmark index. At least 60% of Echiquier Robotics is exposed to European and international equity markets. The fund is exposed to companies of all capitalisation sizes.

Debt securities: up to 40% of net assets without any rating, country of origin, or currency constraints.

Echiquier Robotics may invest up to 40% of its assets in debt securities and money market instruments, including BTAN, BTF, treasury notes, certificates of deposit, and ECP (European commercial papers) denominated in euros without any geographical or minimum rating constraints.

Echiquier Robotics may also invest in debt securities issued by the United States within the limit of regulatory ratios. On an incidental basis, the Fund may invest in fixed-income products not denominated in euros or US dollars.

Currency risk between 0% and 100% of net assets.

Investing in derivatives allows for hedging or exposure to equities, equity indexes, and currencies. The sum of commitments relating to derivatives is limited to 100% of net assets. Derivatives are used without seeking overexposure.

Furthermore, the portfolio management team systematically includes an extra-financial approach in building the portfolio, although extra-financial criteria are not a determining factor in investment decisions.

**Benchmark** | MSCI WORLD NET TOTAL RETURN (in EUR)

**Allocation of income** | Accumulation

**Cut-off time for centralising subscription/redemption orders** | The investor may obtain a redemption on request every business day. Redemption requests are centralised each market trading day before 11 p.m. (Paris time) with our centralising agent BNP Paribas SA and executed on the net asset value calculated on the closing price on the day they are centralised.

**Valuation frequency** | The net asset value is calculated daily except on days when the Paris stock exchange is closed and on French public holidays.

**Targeted retail investors** | Potential investors are aware of the risks inherent in holding this type of product and have an investment horizon corresponding to its recommended investment period.

**Insurance** | Not applicable.

**Maturity date** | This product has no maturity date.

**Custodian** | BNP Paribas SA

The prospectus, the annual reports and the most recent interim documents, as well as any other practical information, and in particular where to find the most recent price of the units are available on our website [www.lfde.com](http://www.lfde.com) or upon simple written request, free of charge, at: La Financière de l'Échiquier, 53 avenue d'Iéna, 75116 Paris

## What are the risks and what could this mean for me?

Risk indicator

The risk indicator is based on the assumption that you hold units for 5 years.

**Warning:** The real risk can be very different if you opt for an exit before this period, and you could get less in return.

The synthetic risk indicator makes it possible to assess the level of risk of this product compared to others. It indicates the likelihood that this product will incur losses in the event of market movements or if we are unable to pay you.

We have classified the product in risk class 4 out of 7, which is a medium risk class. In other words, the potential losses related to the product's future results are at a medium level and, if the situation deteriorates on the financial markets, it is possible that our ability to pay you will be affected.

### Performance scenarios (amounts expressed in euros) I

What you will get from this product depends on future market performance. Future market developments are random and cannot be predicted precisely. The adverse, intermediate and favourable scenarios presented represent examples using the best and worst performance, as well as the average performance of the product over the past 10 years. Markets could move very differently in the future. The stress scenario shows what you could get in extreme market situations. This type of scenario is produced for an investment of between 1 and 5 years.

Recommended holding period: 5 years

Example of an Investment: € 10,000

Scenarios		If you exit after 1 year	If you exit after 5 years (Recommended holding period)
<b>Minimum</b>	As this product does not provide protection against market fluctuations, there is no guaranteed minimum return if you exit before 5 years. You may lose some or all of your investment.		
<b>Stress</b>	<b>What you could get after deducting costs</b>	<b>€ 4,130</b>	<b>€ 3,370</b>
	Average annual return	-58.69%	-19.55%
<b>Adverse</b>	<b>What you could get after deducting costs</b>	<b>€ 6,800</b>	<b>€ 12,830</b>
	Average annual return	-32.04%	5.10%
<b>Intermediate</b>	<b>What you could get after deducting costs</b>	<b>€ 11,100</b>	<b>€ 17,690</b>
	Average annual return	10.99%	12.09%
<b>Favourable</b>	<b>What you could get after deducting costs</b>	<b>€ 15,020</b>	<b>€ 24,640</b>
	Average annual return	50.19%	19.76%

The figures shown include all costs of the product itself, including the portion paid to your advisor or distributor by La Financière de l'Échiquier. These figures do not take into account your personal tax situation, which may also affect the amounts you receive.

This table displays the amounts you could obtain according to different scenarios and according to the following parameters:

- an investment of €10,000;
- and holding periods of 1 year and 5 years, the latter being equal to the recommended holding period.

These different scenarios indicate how your investment might behave and allow you to compare with other products.

The scenarios presented are an estimate of future performance based on past data on changes in the value of this investment. They are not an exact indicator. What you will get will depend on the evolution of the financial market and the length of time you will keep the investment or product.

## What happens if La Financière de l'Échiquier is unable to make payments?

La Financière de l'Échiquier is an asset management company approved and monitored by the Autorité des Marchés Financiers and must comply with organisational and operating rules, particularly in terms of capital. The Fund's assets are recorded in one or more bank accounts opened in the name of the Fund, which is the subject of segregation of assets from those of the management company. Consequently, the default of La Financière de l'Échiquier would not have an impact on the Fund's assets.

## What will this investment cost me?

The person who sells this product to you or who provides you with advice about it may ask you to pay additional costs. If so, this person will inform you about these costs and show you the impact of these costs on your investment.

### Costs over time (amounts expressed in euros):

The tables show the amounts deducted from your investment in order to cover the different types of costs. These amounts depend on the amount you invest, the time you hold the product, and the product's return. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We assumed:

- that in the first year you will recover the amount you invested (annual return of 0%). That for other holding periods, the product changes as indicated in the intermediate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years (Recommended holding period)
<b>Total costs</b>	<b>€ 565</b>	<b>€ 3,854</b>
<b>Impact of annual costs (*)</b>	5.73%	4.89% each year

(\*) It shows the extent to which costs reduce your return annually during the holding period. For example, it shows that if you exit at the end of the recommended holding period, your average annual return is 16.98% before costs and 12.09% after this deduction.

We may share the costs with the person selling the product to cover the services they provide to you. This person will inform you of the amount.

#### Composition of costs:

One-off costs at entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount you pay when you enter the investment. This is the maximum amount you will pay. The person selling the product will inform you of the actual costs.	EUR 300
Exit costs	We will not charge an exit cost for this product, but the person who sells the product can do so.	EUR 0
Recurring costs charged each year		
Management fees and other administrative and operating expenses	1.65% of the value of your investment per year. This estimate is based on actual costs over the past year.	EUR 160
Transaction costs	0.11% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the investments underlying the product. The actual amount varies according to the quantity we buy and sell.	EUR 10
Ancillary costs deducted under certain conditions		
Performance fees and incentive fees	15 % including taxes of the Fund's outperformance, net of fixed management fees, relative to its benchmark index, provided the Fund's performance is positive and once the underperformance of the last 5 years has been fully compensated for. The performance fee is crystallised every year on 31 December. The total cost estimate includes the average over the past 5 years.	EUR 95

#### How long should I keep it and can I withdraw money early?

The recommended investment period is at least 5 years due to the nature of the assets underlying this investment.

Holding for a period shorter than the recommended period may not be in the investor's best interests.

You can request redemption of your units on a daily basis. Redemptions are executed on a daily basis.

#### How can I make a complaint?

You may make a complaint about the product or behaviour (i) of La Financière de l'Échiquier (ii) of a person who provides advice on this product, or (iii) a person who sells this product by sending an e-mail or letter to the following persons, as the case may be:

- If your complaint concerns the person who provides you with advice on the product or who offers it to you, please contact that person directly.
- If your complaint relates more specifically to the product itself or the behaviour of La Financière de l'Échiquier, you can send a letter to the following address: La Financière de l'Échiquier - 53 avenue d'Iéna, 75116 Paris.

We invite you to consult the complaints handling procedure available on the company's website [www.lfde.com](http://www.lfde.com) for more information and in particular on the possibility of recourse to the Ombudsman of the Autorité des Marchés Financiers.
