(1) Authorised investors:

(i) Investors subscribing through distributors or financial intermediaries who are subject to MIFID II or an equivalent regulation outside of the European Union, as part of:

- their independent advisory activity;
- a non-independent advisory activity or third-party portfolio management for which they sign an agreement with their clients stipulating that they do not receive retrocession payments.

(ii) Professional clients as set out in European Directive 2014/65/EU or an equivalent regulation outside of the European Union.

The UCI's prospectus, latest annual and periodic reports, the composition of assets and LAZARD FRERES GESTION SAS's standards regarding the exercise of voting rights, as well as the report on the exercise of voting rights, will be sent out within eight working days upon written request to:

LAZARD FRERES GESTION SAS

25, rue de Courcelles 75008 Paris France

The prospectus is also available at www.lazardfreresgestion.fr.

Designated contact:

Customer service - Monday to Friday - 9 to 18

Tél. +33 (0)1 44 13 01 79

where further information may be obtained if necessary.

II - SERVICE PROVIDERS

Delegated management company	LAZARD FRERES GESTION SAS 25, rue de Courcelles – 75008 Paris Management company incorporated under French law authorised by the French securities regulator (Autorité des Marchés Financiers – AMF) on 28th December 2004, no. GP 04 0000 68
Custodian	CACEIS BANK 1-3 place Valhubert - 75013 Paris Bank and investment services provider accredited by the CECEI on April 1st, 2005. The custodian's functions, as set out in the applicable regulations, include safeguarding of the assets, ensuring the legality of decisions taken by the management company and monitoring of cash flow related to the Funds. <u>Sub-delegation:</u> A description of the functions of delegated custody agents, a list of the custody and sub-custody agents of CACEIS Bank, and information on conflicts of interest that may arise in relation to these agents are available on the CACEIS website: www.caceis.com (Regulatory watch – UCITS V – Sub Custodians List). Investors may obtain updated information on request. The custodian operates independently of the investment management company.
Delegated registrar of units	CACEIS BANK 1-3, Place Valhubert - 75013 Paris Public limited company with a board of directors Bank and investment services provider accredited by the CECEI on April 1st, 2005.
Delegated agent for the centralisation of subscription and redemption orders	CACEIS BANK 1-3 place Valhubert - 75013 Paris The management company has delegated management of the Fund's liabilities to CACEIS Bank, which is therefore responsible for centralising and processing subscription and redemption orders for the Fund's units Co-centralisation: LAZARD FRERES BANQUE 175 boulevard Haussmann - 75008 Paris On behalf of clients for whom it provides custody account-keeping services
Accounting management by delegation	CACEIS FUND ADMINISTRATION 1-3 place Valhubert - 75013 Paris
Statutory auditor	ERNST & YOUNG ET AUTRES 1-2 place des Saisons - Paris La Défense 1 - 92400 Courbevoie Signatory - M. David Koestner
Promoter	LAZARD FRERES GESTION SAS 25, rue de Courcelles – 75008 Paris
Advisor (if applicable)	NA
Sub-investment manager (if applicable)	NA

Administration, management and supervisory bodies	The names and functions of the Chairman and members of the Board of Directors are available in the SICAV's annual report.

Nature of the rights attached to the UCI's shares	Each shareholder has an ownership right in and to the assets of the UCI in proportion to the number of shares owned.
Voting rights attached to the UCI's shares	Each shareholder is entitled to one vote for each share held.
Form of shares	Bearer or administered registered at the unitholder's discretion. The UCI is listed with Euroclear France.
Fractional or whole shares	The UCI's shares may be subscribed for and/or redeemed in whole number or can be splitted (see details in section 14. Features of the shares).
Financial year end	Last valuation day in September. However, by way of exception, the first financial year shall include all operations carried out since the inception date until September 30th, 2002.
First financial year end	Last valuation day in September 2002.

Taxation	The UCI is not subject to corporate income tax. However, its shareholders are liable for taxation on dividends that the SICAV distributes and on realised capital gains or losses. The tax treatment of sums distributed by the SICAV or the unrealised or realised capital gains or losses of the SICAV depends on the tax rules applicable to the particular circumstances of each subscriber and/or the SICAV's investment jurisdiction. If you are unsure of the tax rules applying to your particular circumstances, you should consult a professional adviser. The SICAV's "in" or "out" status as regards the investment thresholds of the EU directive on the taxation of savings is shown in the annual report.

OTHER SPECIFICATIONS

Fund of fund		None
Classification		Eurozone country equities
Investment objective	Share PC EUR, Share PD EUR, Share RC EUR, Share RD EUR, Share UC EUR	The investment objective is to achieve over the recommended investment horizon of 5 years a return (net of charges) above the following benchmark: Eurostoxx. The benchmark is expressed in EUR. Nets dividends or coupons are reinvested. Through an active policy of socially responsible investment based on financial, corporate, social, environmental and governance criteria.
	Share RC H-USD, Share UC H-USD	The investment objective is to achieve over the recommended investment horizon of 5 years a return (net of charges) above the following benchmark: EUROSTOXX HEDGED USD expressed in USD, nets dividends or coupons are reinvested, through an active policy of socially responsible investment based on financial, corporate, social, environmental and governance criteria. Returns may be impacted by possible foreign exchange hedging costs.
	Share RC H-CHF, Share UC H-CHF	The investment objective is to achieve over the recommended investment horizon of 5 years a return (net of charges) above the following benchmark: EUROSTOXX HEDGED CHF expressed in CHF, nets dividends or coupons are reinvested, through an active policy of socially responsible investment based on financial, corporate, social, environmental and governance criteria. Returns may be impacted by possible foreign exchange hedging costs.
	Share UC H-GBP	The investment objective is to achieve over the recommended investment horizon of 5 years a return (net of charges) above the following benchmark: EUROSTOXX HEDGED GBP expressed in GBP, nets dividends or coupons are reinvested, through an active policy of socially responsible investment based on financial, corporate, social, environmental and governance criteria. Returns may be impacted by possible foreign exchange hedging costs.

Benchmark indicator	Share PC EUR, Share PD EUR, Share RC EUR, Share RD EUR, Share UC EUR	Eurostoxx The Eurostoxx index, expressed in euros, consists of the largest listed companies in the Eurozone, weighted by market capitalisation. Data is available on the website: www.stoxx.com Bloomberg code: SXXT Index
	Share UC H-GBP	Eurostoxx Hedged GBP The Eurostoxx Hedged GBP index, an index hedged against foreign exchange risk with the GBP as its base currency, consists of the largest listed companies in the Eurozone, weighted by market capitalisation. Data is available on the website: www.stoxx.com Bloomberg code: SXXT Index
	Share RC H-USD, Share UC H-USD	Eurostoxx Hedged USD The Eurostoxx Hedged USD index, an index hedged against foreign exchange risk with the USD as its base currency, consists of the largest listed companies in the Eurozone, weighted by market capitalisation. Data is available on the website: www.stoxx.com Bloomberg code: SXXT Index
	Share RC H-CHF, Share UC H-CHF	Eurostoxx Hedged CHF The Eurostoxx Hedged CHF index, an index hedged against foreign exchange risk with the CHF as its base currency, consists of the largest listed companies in the Eurozone, weighted by market capitalisation. Data is available on the website: www.stoxx.com Bloomberg code: SXXT Index

1. Strategies used

The SICAV will be 90% invested in and exposed to Eurozone equities.

To support his investment policy, the manager has opted for a “best in class” positioning.

This involves selecting companies that, based on his analysis, display the best relative extra-financial metrics in their sector, notably in terms of human resources management and respect for the environment, as well as a high level of economic profitability.

The UCI promotes environmental and/or social characteristics within the meaning of Article 8 of Regulation (EU) 2019/2088 (the “SFDR”).

For the portfolio construction and the assessment of extra-financial criteria, the management team relies on its own internal analysis of ESG (environmental, social and governance) criteria and on the services provided by our ESG partner.

The analysts responsible for monitoring each stock determine an internal ESG rating based on both a quantitative (energy intensity, staff turnover rate, board independence rate, etc.) and qualitative (environmental policy, employment strategy, director competence, etc.) approach. This ESG rating takes into account the companies’ main impacts in terms of sustainability, or Principal Adverse Impacts (carbon emissions, energy consumption,

water consumption, waste production) and the risks likely to affect their own sustainability, or Sustainability Risks (regulatory and physical risks, reputational risk through, among other factors, monitoring of controversies).

Additional information is also included in the management company's transparency code, which can be consulted on the website www.lazardfreresgestion.fr.

The stock selection process consists of two distinct, simultaneous and necessary phases:

A) The extra-financial rating filter:

The SICAV is managed in accordance with the principles of the SRI label defined by the French Ministry of the Economy and Finance. The inclusion of ESG criteria influences the analysis of companies held in the portfolio, stock picking and weighting.

For a stock to be eligible for the SICAV's portfolio, it must meet three conditions.

For conditions 1 and 2, we use five main areas (environmental and social) defined in partnership with our ESG partner. Our partner's rating for each area is based on a scale of five levels (from --, companies with no involvement in SRI, to ++, pioneering companies) (see below: relative rating system of our ESG partner).

For condition 3, we use our own corporate governance rating. This rating is built directly into the general stock-picking process.

Condition 1: have a score at least equal to “=” in Human Resources

A company's financial performance can be impacted by lack of attention to human resources issues. The quality of general working conditions, fostering of employer-employee relations, job enhancement and skills training are the main factors examined.

Condition 2: obtain a weighted average score of at least “=”

Lazard Frères Gestion requires each of the five areas of extra-financial analysis to be weighted according to their importance:

- Human resources (40%): Management of the companies' human capital: training, safety, redeployment measures for staff who are made redundant, remuneration policy.
- Environment (30%): Management of the impact of the company's activities, products or services on the environment and climate. Level of information available for this criterion.
- Customer/supplier relationships (10%): Supplier management and identification of supplier good practice in certain areas (child labour, etc.).
- Human rights (10%): Prevention of human rights risks, particularly regarding discrimination.
- Community involvement (10%): Integration of the company in the local community. Involvement in development in general and the development of certain activities in particular, such as supporting education in a particular area.

Condition 3: obtain an internal governance score of more than 2 out of 5

The company's governance policy must, according to the management company, guarantee the fair treatment of minority shareholders and prevent conflicts of interest.

The proportion of issuers covered by an ESG analysis in the portfolio and the benchmark index/universe must be

at least 90%, excluding bonds and other debt securities issued by public or quasi-public issuers and cash held on an ancillary basis, and social impact assets (which are therefore capped at 10% of total assets).

The analysts-managers ensure that an exclusion rate of 20% or more of the lowest-rated securities in the UCI's investment universe is maintained. For the sake of integrity and objectivity, the scores used to apply this exclusion rate are provided by an external rating agency. The SICAV's investment universe comprises around 400 Eurozone large cap companies. 100% of the SICAV's shares are rated internally and by our ESG partner. Any other assets, such as money market instruments, are not rated.

• **Relative rating system of our ESG partner**

The rating system provided by our ESG partner and used by the manager for conditions 1 and 2 works as follows:

An absolute score is calculated for each company in the portfolio. This score is a weighted average reflecting the importance that the manager assigns to each area under review (Human Resources, Human Rights, Environment, Customer/Supplier Relationships and Community Involvement). The score is compared to that of other companies in the same industry.

For each area, companies will be given a score relative to their sector (between 0 and 100). A company's final rating (between -- and ++) will depend on the normal distribution of scores of companies in that sector. That is, if a company is above the sector median (+ or - 20%), it will receive a positive rating (+), or a highly positive rating (++) if it is among the 5% highest-scored companies. Conversely, if a company is below the sector median (+ or - 20%), it will receive a negative rating (-), or a highly negative rating (--) if it is among the 5% lowest-scored companies.

[++]: the 5% highest-scored companies above the sector median

[+]: 25% of companies with scores above the sector median

[=]: 40% of companies in the mid-range for the sector (+ or - 20%) [-]: 25% of companies with scores below the sector median [--]: the 5% lowest-scored companies below the sector median

A score is deemed positive if it is greater than or equal to the sector median (+ or - 20%).

The selected rating agency will immediately inform the fund manager whenever a stock is downgraded. If the extra-financial conditions and the financial filter (see below) are still met, the stock may remain in the portfolio. If this is not the case, the stock is withdrawn from the portfolio within 20 business days.

• **Corporate governance**

Corporate governance is a major criterion in the manager's stock selection process. Its assessment must be systematic and must satisfy the management company's requirements, including that of protecting the company concerned from any internal conflict of interest.

The manager identifies all factors that might impact the company's long-term strategy, its potential for value creation and the fundamental interests of minority shareholders. For this reason, the manager examines the remuneration policies for the company's managers and directors in detail to ensure they do not introduce bias into decisions regarding investment, capital allocation or the day-to-day operational management of the company. Managers' remuneration should be pegged to medium- to long-term profitability targets for the company; it should not be linked to criteria of size or growth without taking account of profitability. The capital allocation policy should also benefit the company and its minority shareholders. It should not benefit one major shareholder only. Under no circumstances should there be any conflicts of interest between the managers, the directors, the major shareholder(s), if any, and the minority shareholders.

The management company focuses in particular (but not only) on examining managers' and directors' remuneration policies and their defining rationale and criteria, regulated agreements, the clarity and transparency of the financial statements and the independence of the supervisory bodies. For example, opaque financial statements and/or managers' remuneration that focuses on the short term would disqualify the stock in question.

B) The financial filter:

Stock selection is based on financial analysis that focuses on three key elements: profitability, growth and valuation.

- Economic profitability is the ability of a company to create value over the long-term. It is measured by the return on capital employed (property, plant and equipment and intangible assets, goodwill and working capital requirement).
- Growth is the ability of a company to increase capital employed while maintaining a level of profitability at least equal to what it has been historically.
- We use a very demanding and disciplined multi-criteria valuation approach (historical multiples, DCF, peer comparison). We consider this approach to be essential to ensure that economic performance translates into stock market performance.

The SICAV's portfolio is invested in and/or exposed to equities traded on the Eurozone markets to at least 90% of net assets.

Regulation (EU) 2020/852, known as the "Taxonomy Regulation"

The European Union Taxonomy aims to identify economic activities that are considered environmentally sustainable. The Taxonomy identifies these activities according to their contribution to six broad environmental objectives:

- Climate change mitigation,
- Climate change adaptation,
- Sustainable use and protection of water and marine resources,
- Transition to the circular economy (waste, prevention and recycling),
- Pollution prevention and control,
- Protection of healthy ecosystems.

Currently, Technical Screening Criteria have been developed for a number of economic activities that can contribute substantially to two of these objectives: climate change mitigation and climate change adaptation. These criteria are currently awaiting publication in the Official Journal of the European Union. The data presented below therefore only reflect alignment with these two objectives, based on the not-yet-finally published criteria as submitted to the European co-legislators. We will update this information in the event of changes to these criteria, the development of new review criteria relating to these two objectives, as well as when the criteria relating to the other four environmental objectives come into effect: sustainable use and protection of aquatic and marine resources; the transition to a circular economy; pollution prevention and reduction; the protection and restoration of biodiversity and ecosystems.

To be considered sustainable, an economic activity must demonstrate that it contributes substantially to the achievement of one of the six objectives, while not harming any of the other five (the so-called DNSH principle, standing for "Do No Significant Harm"). In order for an activity to be considered aligned with the European Taxonomy, it must also respect the human and social rights guaranteed under international law.

The "Do No Harm" principle applies only to investments underlying the financial product that take into account the European Union's criteria for environmentally sustainable economic activities.

The investments underlying the remaining portion of this financial product do not take into account the European Union's criteria for environmentally sustainable economic activities.

The minimum percentage of alignment with the European Union Taxonomy is 0%. Consideration of the alignment of companies' activities is carried out qualitatively in the internal analysis process based on the data published by the companies themselves as well as data made available by our ESG data providers.

2. Assets (excluding embedded derivatives)

Equities:

The SICAV's portfolio is invested in and/or exposed to equities traded on the Eurozone markets to at least 90% of net assets.

Debt securities and money market instruments:

French and foreign negotiable debt securities (mainly French treasury bills and BTAN medium-term treasury notes) to a maximum of 10% of net assets. These securities may be of any subordination level, any type and in any currency. The private/public allocation is not determined in advance and will be based on opportunities. No minimum credit quality criterion is used. The management company does not rely solely or mechanically on credit ratings issued by rating agencies but rather conducts its own analyses to assess the credit quality of the securities entering its portfolio.

UCIs:

Up to a maximum of 10% of its net assets in French or foreign UCITS and/or French or EU-based alternative investment funds (AIFs) that meet the four criteria of Article R.214-13 of the French Monetary and Financial Code (Code monétaire et financier), and/or foreign investment funds that meet the four criteria of Article R.214-13 of the French Monetary and Financial Code, provided these funds themselves invest less than 10% of their assets in other UCIs. All the UCIs may be managed by Lazard Frères Gestion SAS.

3. Derivatives

- Types of markets:

- ☒ regulated
- ☒ organised
- ☒ OTC

- The manager intends to seek exposure to:

- ☒ equities
- ☐ interest rates
- ☒ currencies
- ☐ credit
- ☐ other

- Types of transactions – all transactions must be limited to achieving the investment objective:

- ☒ hedging
- ☐ exposure
- ☐ arbitrage
- ☐ other

- Type of instruments used:

- ☒ futures:

- ☒ equity and equity index
- ☐ interest rate
- ☒ currency
- ☐ other
- ☒ options:
 - ☒ equity and equity index
 - ☐ interest rate
 - ☒ currency
 - ☐ other
- ☒ swaps:
 - ☒ equity swaps
 - ☐ interest rate swaps
 - ☒ currency swaps
 - ☐ performance swaps
- ☒ currency forwards
- ☐ credit derivatives
- ☐ other
- Strategy of use of derivatives to achieve the investment objective:
 - ☒ partial or general hedging of the portfolio, some risks and securities
 - ☐ creating synthetic exposure to assets
 - ☐ increasing exposure to the market
 - ☐ maximum permitted and sought
 - ☐ other strategy

4. Securities with embedded derivatives

None

5. Deposits

Up to 10% of the UCIs assets may be held in deposits.

6. Cash borrowings

The UCI may borrow cash within the limit of 10% of its assets to meet specific cash requirements related to its operating needs.

7. Temporary purchases and sales of securities

None

8. Information on financial guarantees

In connection with over-the-counter derivative transactions, and in accordance with Position paper 2013-06 issued by the French financial markets regulator (Autorité des Marchés Financiers- AMF), the UCI may receive collateral in the form of securities (such as bonds or other securities issued or guaranteed by a State or issued by international financing agencies and bonds or securities issued by high quality corporate issuers), or cash. Any cash collateral received is reinvested in accordance with the applicable rules. All such assets must be from high-quality issuers that are not an entity of the counterparty or its group, and must be liquid and diversified with low volatility. Discounts may be applied to the collateral received; they take into account the quality of credit and the price volatility of the securities.

9. Risk profile

Disclaimer

Your money will be mainly invested in financial instruments selected by the management company. These instruments will be exposed to market trends and fluctuations.

- **Risk of capital loss**

There is no guarantee of the UCI's performance or protection of capital. As such, the investor may not get back the full amount of the initial investment during redemption.

- **Risk related to discretionary management**

Discretionary management is based on anticipation of market trends. The UCI's performance is dependent both on the selection of securities and UCI picked by the manager and the manager's asset allocation. There is therefore a risk that the manager will not select the best performing securities and that the asset allocation is not optimal.

- **Equity risk**

Share price fluctuations may have a negative impact on the UCI's net asset value. The UCI's net asset value may decrease during periods in which the equity markets are falling.

- **Market capitalisation risk**

The volume of small- and mid-cap stocks traded on the stock market is lower than that of large caps, which means they can be more significantly impacted by market movements than large caps. The UCI's net asset value may decline quickly and sharply.

- **Liquidity risk**

The risk that a financial market cannot absorb transaction volumes due to trading volumes being too low or pressure on the markets. Such a situation may impact the pricing or timing when the UCI liquidates, initiates or modifies positions and thus cause a decline in the UCI's net asset value.

- **Derivative financial instrument risk**

The risk arising from the UCI's use of forward financial instruments (derivatives), which may lead to a bigger decrease in the net asset value than on the markets or in the underlying assets in which the UCI has invested.

- **Foreign exchange risk**

The UCI may invest in securities and other UCI that in turn are authorised to acquire instruments denominated in currencies other than the fund's base currency. The value of these instruments may fall if the exchange rates vary, which may lead to a decrease in the UCI's net asset value. Where units (or shares) denominated in a currency other than the fund's base currency have been hedged, the foreign exchange risk is residual as a

result of systematic hedging, potentially leading to a performance gap between the different units (or shares).

- **Sustainability risk**

Any environmental, social or governance event or situation that, if it occurs, could have an actual or potential negative impact on the value of the investment. Specifically, the negative effects of sustainability risks can affect issuers via a range of mechanisms, including: 1) lower revenues; 2) higher costs; 3) damage or impairment of asset value; 4) higher cost of capital; and 5) fines or regulatory risks. Due to the nature of sustainability risks and specific issues such as climate change, the likelihood of sustainability risks impacting returns on financial products is likely to increase in the longer term.

- **Interest rate risk**

The risk of a decline in debt instruments as a result of changes in interest rates. This risk is measured by the level of sensitivity. For instance, bond prices tend to move in the opposite direction to interest rates. The net asset value may decline during periods when there is an increase (positive sensitivity) or decrease (negative sensitivity) in interest rates.

10. Guarantee or protection

None

11. Eligible subscribers and typical investor profile

Any subscriber seeking exposure to equity risk.

Subscribers are strongly advised to diversify their investments sufficiently to avoid exposure solely to the risks of this UCI.

Information on US investors:

The UCI is not registered as an investment vehicle in the United States and its units are not and will not be registered under the Securities Act of 1933 and, therefore, they may not be offered or sold in the United States to Restricted Persons, as defined hereafter.

A Restricted Person is (i) any person or entity located in the United States (including US residents), (ii) any corporation or any other entity subject to the laws of the United States or any state thereof, (iii) any US military personnel or any employee of a US government department or agency located outside the United States, or (iv) any other person that would be considered a US Person under Regulation S of the Securities Act of 1933, as amended.

FATCA:

Pursuant to the provisions of the Foreign Account Tax Compliance Act ("FATCA") applicable as of July 1st, 2014, if the UCI invests directly or indirectly in US assets, the capital and income arising from such investments may be subject to withholding tax of 30%.

To avoid paying the 30% withholding tax, France and the United States have entered into an intergovernmental agreement under which non-US financial institutions ("foreign financial institutions") agree to institute procedures for identifying direct or indirect investors who qualify as US taxpayers and to provide certain information about these investors to the French tax authorities, which will disclose said information to the US tax authority, the Internal Revenue Service.

As a foreign financial institution, the UCI undertakes to comply with the FATCA and to take all appropriate measures pursuant to the aforementioned intergovernmental agreement.

The amount that it is reasonable to invest in this UCI depends on each investor's personal circumstances. To

determine this, investors should take account of their personal financial situation, current needs and the recommended investment period, and should also consider their ability to assume risk or whether they prefer instead to opt for a more cautious

This UCI may not be suitable for investors planning to withdraw their contributions within 5 years.

12. Allocation of distributable income

Distributable income consists of:

1) net income plus retained earnings, plus or minus the balance of the revenue adjustment account. Net income for the financial year is equal to the amount of interest, arrears, dividends, bonuses and prizes, directors' fees and all income generated by the securities that make up the UCIs portfolio, plus income generated by temporary cash holdings and minus management fees and borrowing costs.

2) realised capital gains, net of charges, minus realised capital losses, net of charges, recognised for the financial year, plus any net capital gains of the same kind recognised over previous years that have not been distributed or accumulated, plus or minus the balance of the capital gains adjustment account.

The amounts referred to in 1) and 2) may be distributed independently of each other, in whole or in part.

Share	Allocation of distributable income
PC EUR , RC EUR , RC H-USD , RC H-CHF , UC EUR , UC H-USD , UC H-GBP , UC H-CHF	All distributable income shall be fully accumulated, with the exception of those amounts subject to compulsory distribution by law
PD EUR , RD EUR	Net income is distributed in full and the allocation of net realised capital gains is decided each year by the shareholders' meeting. It may pay interim dividends.

13. Frequency of distribution

C, PC EUR, RC EUR, PC H-GBP, PC H-USD, RC H-USD, PC H-CHF and RC H-CHF shares: None.

D and RD EUR shares: The dividend is distributed once a year following the Shareholders' Meeting convened to approve the accounts of the financial year just ended. Interim dividends may be paid.

14. Characteristics of the shares (base currency, division of shares, etc.)

Share	Base currency
PC EUR, PD EUR, RC EUR, RD EUR, UC EUR	EUR
RC H-USD, UC H-USD	USD
RC H-CHF, UC H-CHF	CHF

UC H-GBP	GBP
Share	Division
PC EUR, PD EUR, RC EUR, RD EUR, RC H-USD, RC H-CHF, UC EUR, UC H-USD, UC H-GBP, UC H-CHF	In thousandths

15. Terms and conditions of subscription and redemption

Subscription and redemption orders are accepted in amount and/or in shares.

Date and frequency of NAV calculation

The net asset value is calculated every day except Saturdays and Sundays, public holidays in one of the following countries: France.

The net asset value is not calculated on the closing days of one of the following stock exchanges: Paris.

Where and how to find out the net asset value: the net asset value is published daily in the offices of LAZARD FRERES GESTION SAS and on the internet www.lazardfreresgestion.fr.

Address of the institutions designated to receive subscription and redemption orders

CACEIS BANK - 1-3 place Valhubert - 75013 Paris

Bank and investment services provider accredited by the CECEI on April 1st, 2005.

Investors are reminded that orders transmitted to distributors other than the institution referred to above must take into consideration the fact that the cut-off time for the processing of orders applies to the said distributors vis-à-vis the institution referred to above. Consequently, such distributors may apply their own cut-off time, which may be earlier than the cut-off time indicated above, in order to take into account the time required to transmit orders to the institution referred to above.

LAZARD FRERES BANQUE - 175 boulevard Haussmann - 75008 Paris

On behalf of clients for whom it provides custody account-keeping services

Orders are executed as indicated in the table below

Business d	Day on which NAV is set (d)	Business d+1	Business d+2	Business d+2
Daily order reception and daily centralisation of redemption orders before 11:00 a.m. (Paris time)	Order executed by the latest on d	Publication of the net asset value	Settlement of subscription	Settlement of redemptions

Subscriptions preceded by a redemption received from the same shareholder on the same day for the same number of shares at the same NAV may be executed.

16. Fees and expenses

Subscription and redemption fees are respectively added to the subscription price paid by the investor or deducted from the redemption price paid. The fees earned by the UCI are used to cover the charges that it incurs in investing or divesting the assets under management. The remaining fees are paid to the management company, the distributor, etc.

Charges payable by the investor during subscription and redemption	Basis	Share	Rate (maximum incl. taxes)
Subscription fees not retained by the UCI	NAV x number of shares	PC EUR, PD EUR, RC EUR, RD EUR, RC H-USD, RC H-CHF, UC EUR, UC H-USD, UC H-GBP, UC H-CHF	4.0%
Subscription fees retained by the UCI	NAV x number of shares	PC EUR, PD EUR, RC EUR, RD EUR, RC H-USD, RC H-CHF, UC EUR, UC H-USD, UC H-GBP, UC H-CHF	0.0%
Redemption fees not retained by the UCI	NAV x number of shares	PC EUR, PD EUR, RC EUR, RD EUR, RC H-USD, RC H-CHF, UC EUR, UC H-USD, UC H-GBP, UC H-CHF	0.0%
Redemption fees retained by the UCI	NAV x number of shares	PC EUR, PD EUR, RC EUR, RD EUR, RC H-USD, RC H-CHF, UC EUR, UC H-USD, UC H-GBP, UC H-CHF	0.0%

Expenses charged to the UCI	Basis	Share	Rate (maximum incl. taxes)	
Financial management fees	Net assets	PC EUR	1.08%	
		PD EUR	1.08%	
		RC EUR	2.000%	
		RD EUR	2.000%	
		RC H-USD	2.000%	
		RC H-CHF	2.000%	
		UC EUR	0.815%	
		UC H-USD	0.865%	
		UC H-GBP	0.865%	
		UC H-CHF	0.865%	
Administrative fees external to the management company	Net assets	Applied to all the shares	0.035%	
Indirect charges	N.A	Applied to all the shares	None	
Turnover commission (0% to 100% received by the management company and 0% to 100% received by the custodian)	Maximum charge on each transaction	Applied to all the shares	Equities, foreign exchange	From 0% to 0,40%
			Futures	None
Performance fees	Net assets	PC EUR, PD EUR, RC EUR, RD EUR, RC H-USD, RC H-CHF, UC EUR, UC H-USD, UC H-GBP, UC H-CHF	None	

Only the contributions payable for the management of the UCI pursuant to Article L. 621-5-3 II 4° d) of the French Monetary and Financial Code (Code monétaire et financier) and any exceptional legal costs related to debt

recovery are outside the scope of the three blocks of charges referred to above.

Repurchase agreements are executed at market prices.

With the exception of brokerage fees, accounting management costs and custodians fees, all of the charges referred to above are levied as part of the joint venture arrangement between Lazard Frères Banque and Lazard Frères Gestion SAS which since 1995 has enabled them to pool their financial control, administration, and portfolio execution resources.

All revenue resulting from efficient portfolio management techniques, net of direct and indirect operating costs, is allocated to the UCI. All costs and expenses related to these management techniques are assumed by the UCI.

For further information, investors may refer to the management report.

17. Outline of the counterparty selection procedure

The selection of intermediaries used in equity fund management is a result of: - requests from managers to add new brokers - a financial analysis of the broker's accounts, carried out externally. These intermediaries are used exclusively in terms of inflows relating to equities. Lazard Frères Gestion SAS' Broker Committee ratifies all decisions to authorise new intermediaries.

At least twice yearly, the equity investment team holds a Broker Committee meeting to evaluate the services of its intermediaries, by reviewing four key criteria:

- research
- services offered
- la quality of execution
- level of commissions

IV - SALES AND MARKETING INFORMATION

Publication of information about the UCI	LAZARD FRERES GESTION SAS
	25, rue de Courcelles 75008 Paris France
	Customer service - Monday to Friday - 9 to 18 Tel +33 (0)1 44 13 01 79

Information regarding environmental, social and corporate governance (ESG) issues is available on the management company's website (www.lazardfreresgestion.fr) and will be included in the fund's annual report.

The management company may send, directly or indirectly, information on the composition of the UCI's assets to the UCI's shareholders for purposes related solely to shareholders' regulatory obligations. This information will be sent, where applicable, within a period not less than 48 hours after publication of the NAV.

Information in the event of a change in the operation of the UCI:

The shareholders shall be informed of any changes in the operation of the UCI in the press or by any other means

in accordance with the prevailing regulations. This information may, where relevant, be provided through Euroclear France financial intermediaries affiliated with it.

Information about the use of investment decision-making support and order execution services (SADIE) can be found on the management company's website (www.lazardfreresgestion.fr).

V - INVESTMENT RULES

The UCI's investment rules are laid down in the French Monetary and Financial Code.

VI - AGGREGATE RISK

The aggregate risk is calculated using the commitment method.

VII - ASSET VALUATION AND ACCOUNTING RULES

1. ASSET VALUATION RULES

1.1. Financial instruments and securities traded on a regulated market are valued at their market price.

- **Shares and similar securities** are valued on the basis of the last known price on their main market.

If applicable, prices are translated into euros using the exchange rate prevailing in Paris on the valuation day (as published by WM Closing).

- **Fixed-income securities**

Fixed-income securities are for the most part marked to market based on either Bloomberg prices (BGN)[®] derived from averages of contributed prices, or on those of direct contributors.

There may be a discrepancy between the carrying amounts, valued as indicated above, and the actual disposal prices that would be obtained if a portion of these portfolio assets were to be sold.

- o **Bonds and similar instruments** are valued on the basis of the average of the closing prices gathered from several contributors.

Financial instruments whose prices have not been determined on the valuation date or whose prices have been adjusted are valued at their probable trading price under the responsibility of the shareholders' meeting.

. These estimates and their supporting documentation will be provided to the statutory auditor during audits.

However, the following instruments are valued using the following specific methods:

- o **Negotiable debt securities:**

Negotiable debt securities are marked to market based on either Bloomberg prices (BVAL and/or BGN)[®] derived from averages of contributed prices, or on those of direct contributors.

There may be a discrepancy between the carrying amounts, valued as indicated above, and the actual disposal prices that would be obtained if a portion of these portfolio assets were to be sold.

The valuation of money market instruments complies with the provisions of Regulation (EU) 2017/1131 of 14 June 2017. Consequently, the UCI does not use the amortised cost method.

- **UCIs:** Units or shares of UCIs are valued at the last known net asset value. Units or shares of UCIs for which net asset values are published monthly may be valued on the basis of interim net asset values calculated from estimated prices.
- **Temporary purchases and sales of securities** - Securities purchased under repurchase agreements are valued at their contract price using an actuarial method with a benchmark rate (overnight Eonia, one- or two-week interbank rates, one- to 12-month Euribor) corresponding to the term of the contract.
- Securities sold under repurchase agreements continue to be valued at their market price. Liabilities on securities sold under repurchase agreements are calculated using the same method as that used for securities purchased under repurchase agreements.
- **Futures and options**
- Futures and options are valued on the basis of intraday trading prices the timing of which is based on that of the valuation of the underlying assets.
- Positions taken on the futures or options markets and over the counter are valued at their market price or at the value of the equivalent underlying asset.

1.2. Financial instruments and securities not traded on a regulated market

All of the UCI's securities are traded on regulated markets.

1.3. Valuation methods for off-balance sheet commitments

- Off-balance sheet transactions are valued at the commitment value.
- The commitment value for futures contracts is equal to the price (in the UCI's currency) multiplied by the number of contracts multiplied by the face value.
- The commitment value for options is equal to the price of the underlying security (in the UCI's currency) multiplied by the number of contracts multiplied by the delta multiplied by the face value of the underlying security.
- The commitment value for swaps is equal to the face value of the contract (in the UCI's currency).

2. ACCOUNTING POLICIES

The UCI complies with the accounting rules prescribed by current regulations, in particular the accounting standards applicable to UCIs. The financial statements are presented in accordance with the regulatory provisions governing the preparation and publication of financial statements of undertakings for collective investment.

• Income from fixed-income securities

- Income from fixed-income securities is recorded on the basis of accrued interest.

• Management fees

- Management fees are calculated on each valuation day.
- The annual management fee rate is applied to gross assets (equal to net assets before deduction of the day's management fees):

Gross assets

LAZARD EQUITY SRI

x operating and management fees rate
x no. of days between the calculated NAV and the previous NAV
365 (or 366 in a leap year)

- These amounts are then recorded in the SICAV's income statement.

- The SICAV pays the operating fees, which include:
 - . financial management;
 - . administration and accounting;
 - . custody services;
 - . other operating fees:
 - . statutory auditors' fees;
 - . legal notices (Balo, Petites Affiches, etc.) if applicable.

These fees do not include transaction charges.

• **Transaction charges**

Transactions are recorded excluding charges.

• **Retrocessions received on management fees or entry charges**

The method used to calculate retrocession amounts is set out in the sales and marketing agreements.

- If the amount is significant, a provision is recognised in account 61719.
- The final amount is recognised upon settlement of invoices after reversal of any provisions.

VIII - REMUNERATION

Lazard Frères Gestion has implemented a remuneration policy that complies with the requirements of the AIFM and UCITS V directives and the ESMA guidelines.

This remuneration policy is consistent and promotes sound and effective risk management and does not encourage risk-taking that would be incompatible with the risk profiles of the UCIs it manages. This policy is also in line with the interests of the UCIs and their investors.

The Management Company has put in place appropriate measures to prevent any conflict of interest.

The Management Company's employees receive remuneration comprising a fixed component and a variable component that is subject to an annual review based on individual and collective performance.

The principles of the remuneration policy are revised on a regular basis and adapted in line with regulatory developments. The remuneration policy may be consulted on the Lazard Frères Gestion website at www.lazardfreresgestion.fr.

ARTICLES OF ASSOCIATION SICAV

LAZARD EQUITY SRI

Registered office - 10 avenue Percier - 75008 Paris
438703050 Paris Trade and Companies Register

Title I - Form - Object - Name - Registered offices - Term of the company

ARTICLE 1 - FORM

An investment company with variable capital (Société d'Investissement à Capital Variable - SICAV) shall be formed among the holders of shares created hereinafter and shares to be subsequently created. The Sicav shall be governed notably by the provisions of the French Commercial Code concerning limited companies (sociétés anonymes) (Book II – Title II – Chapter V), the French Monetary and Financial Code (), their implementing texts, subsequent texts and by these articles of association.

ARTICLE 2 - OBJECT

The purpose of this company is to set up and manage financial instruments and deposits.

ARTICLE 3 - NAME

The company's name is: Lazard Equity SRI followed by the notation “Société d'investissement à Capital Variable”, with or without the term “Sicav”.

ARTICLE 4 - REGISTERED OFFICES

The registered office is established at 10 avenue Percier - 75008 Paris.

ARTICLE 5 - TERM

The company's term is 99 years, commencing from its registration with the Trade and Companies Register, except in the event that the Sicav is dissolved before the end of the term or extended pursuant to these regulations.

Title II - Capital - Changes in capital - Features of the shares

ARTICLE 6 - SHARE CAPITAL

LAZARD EQUITY SRI

The initial capital totals EUR 32 793 000 (the equivalent of FRF 215 107 979,01) divided into 32 793 shares of EUR 1 000, fully paid up and of the same category.

It was created from cash payments.

The different share classes may:

- apply different dividend policies (distribution or accumulation);
- be denominated in different currencies;
- be subject to different management fees;
- be subject to different subscription and redemption fees;
- have a different par value;
- be systematically hedged, in full or in part, against risk as set out in the prospectus. This hedging is achieved through financial instruments that reduce to a minimum the impact of hedging transactions on the UCI's other share classes;
- be reserved to one or more distribution networks.

The shares may be combined or split upon the decision of the Extraordinary Shareholders' Meeting.

The shares may be sub-divided upon the decision of the board of directors into tenths, hundredths, thousandths or ten-thousandths, referred to as fractional shares.

The provisions hereof governing the issue and redemption of shares shall apply to fractional shares, the value of which shall always be proportional to the value of the share they represent. Unless otherwise stipulated, all other provisions of the articles of association relating to shares shall automatically apply to fractional shares.

ARTICLE 7 - CHANGES IN CAPITAL

The amount of capital may be changed as a result of the issue of new shares by the company and reductions following the redemption of shares by the company for shareholders who so request.

ARTICLE 8- ISSUE AND REDEMPTION OF SHARES

Shares may be issued at any time at the request of shareholders on the basis of the net asset value plus subscription fees, if any.

Redemptions and subscriptions shall be made under the conditions and in accordance with the procedures set out in the prospectus.

Redemptions may be made in cash and/or in kind. If the redemption in kind corresponds to a representative share of the assets in the portfolio, only the outgoing shareholder's written and signed agreement must be obtained by the UCI or management company. If the redemption in kind does not correspond to a representative share of the assets in the portfolio, all of the shareholders must provide their written signed agreement authorising the outgoing shareholder to obtain redemption of their shares against certain specific assets, as explicitly defined in the agreement.

As an exception to the foregoing, in cases where the UCI is an ETF, redemptions on the primary market may, if the portfolio management company agrees and provided that the interests of the shareholders are upheld, be made in kind under the conditions set out in the UCI's prospectus. The assets are then delivered by the issuer account keeper under the conditions set out in the UCI's prospectus.

Generally speaking, the redeemed assets are valued according to the rules set out in Article 9, and redemption in kind is based on the first net asset value following acceptance of the instruments in question.

All subscriptions to new shares must, under pain of being declared void, be fully paid up and the shares issued shall have the same dividend date as that of the existing shares on the issuance date.

Pursuant to Article L. 214-7-4 of the French Monetary and Financial Code, redemption by the company of its shares, and the issue of new shares, may be temporarily suspended by the board of directors in exceptional circumstances and if required in the interests of shareholders.

No shares may be redeemed if the net assets of the Sicav are less than the regulatory amount.

Pursuant to Article L. 214-7-4 of the French Monetary and Financial Code and Article 411-20-1 of the General Regulation of the French financial markets regulator (Autorité des Marchés Financiers - AMF), the management company may decide to put a cap on redemptions if warranted by exceptional circumstances and in the interest of the shareholders and the general public.

The method used for this capping mechanism and the measures for informing the shareholders must be described in detail.

Minimum subscription conditions may apply, as set out in the prospectus.

The UCI may cease to issue shares on a temporary or permanent basis, in part or in full, pursuant to the provisions set out in the third paragraph of Article L. 214-7-4 of the French Monetary and Financial Code, in objective situations that warrant the closure of subscription such as cases where the maximum number of issued shares has been reached, the maximum amount of assets has been reached, or the subscription period has expired. If such partial or full closure is activated, the existing shareholders must be informed by all available means, including details of the threshold and objective situation that triggered the decision. In the case of partial closure, the existing shareholders must also be informed in detail of the methods by which they can continue to subscribe during this partial closure period. The shareholders must also be informed by all available means if the UCI or management company decide to discontinue the full or partial subscription closure period (when the activation threshold is no longer exceeded) or continue the closure period (change in the threshold or the objective situation that warranted implementation of the measure). Any change in the specified objective situation or in the activation threshold must always be in the interest of the shareholders. The existing shareholders must be informed by all means of the exact reasons for such changes.

ARTICLE 9 - CALCULATION OF NET ASSET VALUE

The net asset value of the shares is calculated according to the valuation rules set out in the prospectus.

Further, if the shares are listed for trading, the exchange operator will calculate an instant indicative net asset value.

Contributions in kind may consist only of securities, stocks or contracts that are eligible to form the assets of UCITS; they are valued according to the valuation rules used to calculate the net asset value.

ARTICLE 10- FORM OF THE SHARES

The shares may have the form of bearer or registered shares, as selected by the subscriber.

Pursuant to Article L. 211-4 of the French Monetary and Financial Code, the securities must be registered in accounts kept by the issuer or an authorised intermediary, as the case may be.

Holders' rights will be represented by an entry in an account their name:

- with the intermediary of their choice for bearer securities;
- with the issuer and, if they so wish, with the intermediary of their choice for registered securities.

The company may, at its own expense, request the name, nationality and address of the Sicav's shareholders, as

well as the number of securities held by each of them, in accordance with Article L. 211-5 of the French Monetary and Financial Code.

ARTICLE 11 - ADMISSION TO TRADING IN A REGULATED MARKET AND/OR A MULTILATERAL TRADING SYSTEM

The shares may be admitted to trading in a regulated market and/or a multilateral trading system, depending on the applicable regulations.

If the Sicav whose shares are admitted to trading in a regulated market, has an investment objective based on an index, it must have set up a system to ensure that its share price does not deviate significantly from its net asset value.

ARTICLE 12 - RIGHTS AND OBLIGATIONS ATTACHED TO THE SHARES

Each share confers the right, in proportion to the fraction of the share capital represented, to a share in the ownership of the company's assets and of the company's profits.

The rights and duties attached to a share shall be transferred to any owner thereof.

Whenever the exercise of a right is conditional upon a certain number of shares being held and specifically in the case of a swap or consolidation of shares, holders of individual shares or of less than the required number of shares may only exercise such rights if they personally undertake to consolidate their holdings and, if applicable, to buy or sell the necessary quantity of shares.

ARTICLE 13 - INDIVISIBILITY OF SHARES

All co-owners of shares or assignees are required to be represented with the company by a single person named by mutual agreement or, failing such agreement, appointed by the Chief Judge of the Commercial Court with jurisdiction for the registered offices.

Holders of fractional shares may consolidate their holdings. In this case, they must be represented as set out above, by a single person who shall perform, for each group, all of the rights attached to the ownership of the entire share.

In cases where beneficial ownership and bare ownership are separated, the division of voting rights at shareholders' meetings between the beneficial owner and the bare owner is left to the discretion of the parties concerned, who should inform the company accordingly.

Title III - Administration and management of the company

ARTICLE 14 - ADMINISTRATION

The company is administered by a board of directors with at least three and no more than 18 members, appointed by the shareholders' meeting.

During the life of the company, the directors shall be appointed or re-appointed by the ordinary shareholders' meeting.

The directors of the company may be natural persons or legal entities. In the case of a legal entity, on appointment, they must designate a permanent representative who is subject to the same conditions and obligations and bears the same civil and criminal liability as if they themselves were a member of the board of directors, without prejudice to the liability of the legal entity they represent.

This permanent mandate is given for the duration of the legal entity's own mandate. If the legal entity terminates the appointment of its representative, it must notify the Sicav immediately by registered mail and also inform the Sicav of the identity of its new permanent representative. The same shall apply in the event of the death, resignation or extended impediment of the permanent representative.

ARTICLE 15 - TERM OF OFFICE OF DIRECTORS -REPLACEMENT OF THE BOARD

Subject to the provisions of the final paragraph of this article, the directors' term of office is three years for initial directors and up to six years for subsequent directors, with each year being understood as the period between two consecutive annual shareholders' meetings.

If one or more directors' seats become vacant between two shareholders' meetings as a result of death or resignation, the board of directors may make interim appointments.

A director appointed by the board on an interim basis to replace another shall remain in office only for the remaining term of office of his predecessor. This appointment shall be subject to ratification at the next shareholders' meeting.

All directors shall be eligible for re-election. They may be dismissed at any time by the ordinary shareholders' meeting.

Each director's term of office shall expire at the close of the ordinary shareholders' meeting called to approve the financial statements for the past financial year and held in the year during which the director's term of office expires, it being understood that, if the meeting is not held in that year, the term of office of the director concerned shall expire on December 31st of the same year, subject to the exceptions hereafter.

All directors may be appointed for a term of less than six years where necessary to ensure that changes are made as regularly as possible and that all members have changed by the end of each six-year period. This is notably the case if the number of directors is increased or decreased and the renewal frequency has been affected.

Where the number of members of the board of directors falls below the legal minimum, the remaining member or members must immediately call an ordinary shareholders' meeting in order to fill the vacant seats on the board.

The age limit for members of the board of directors is set at 80. Nevertheless, directors older than this age limit may in exceptional cases have their mandate renewed for a period of six years; no more than three directors may be renewed under these conditions.

The board of directors may be renewed by rotation.

In the event of the resignation or death of a director, and where the number of directors still in office is equal to or greater than the statutory minimum, the board may appoint a temporary replacement for the remaining term of office.

ARTICLE 16 - BUREAU OF THE BOARD

The board shall elect a chairman from among its members for a term determined by it, but which may not exceed

the chairman's term of office as a director. The chairman must be an individual.

The chairman of the board of directors shall organise and direct the board's activities, and shall report on these to the shareholders' meeting. The chairman shall oversee the smooth operation of the company's management bodies and in particular shall ensure that the directors are capable of fulfilling their duties.

If he considers it appropriate, he shall also appoint a vice- chairman and may also choose a secretary, who need not be member of the board.

In the event of the temporary incapacity or death of the chairman, the board of directors may agree to delegate the chairman's functions to a director.

ARTICLE 17- BOARD MEETINGS AND DELIBERATIONS

The board of directors shall meet when convened by the chairman, as often as the company's interests require, either at the registered offices or at any other location indicated in the notice of meeting.

Whenever the board has not met for more than two months, at least one-third of its members may ask the chairman to convene a meeting based on a specific agenda. The chief executive officer may also ask the chairman to convene a board of directors' meeting to deal with a specific agenda. The chairman is bound by such a request.

Company bylaws may determine, in accordance with legal and regulatory provisions, the conditions for organising meetings of the board of directors, which except when held for the adoption of resolutions that are expressly excluded from this option under the French Commercial Code, may take place via video-conference.

Invitations may be sent to the directors by post or verbally.

A quorum of at least half the members is required in order for decisions to be valid. Decisions are adopted by a majority vote of members present or represented. Each director holds one vote. In the case of a split-vote, the chairman has the casting vote.

Where video-conferencing is permitted, the company's bylaws may stipulate, in accordance with the regulations in force, that directors participating in a board of directors' meeting via video-conference are deemed present for the purpose of quorum and majority calculations.

ARTICLE 18 - MINUTES

Minutes are written up and copies or excerpts of decisions are issued and certified as required by law.

ARTICLE 19- POWERS OF THE BOARD OF DIRECTORS

The board of directors steers the company's activity and oversees correct execution. Within the limits of the corporate object and subject to the powers expressly granted by law to shareholders' meetings, the board shall consider any issue that affects the proper operation of the company and settle any matters concerning the company through its decisions

The board of directors shall carry out such controls and audits that it considers appropriate. The chairman or the chief executive officer is required to provide each director with all documents and information needed to perform his or her duties.

A director may authorise another director to represent him at a meeting of the board of directors under the conditions established by law. Each director shall have only one such power of attorney during a single session.

The provisions set out above shall apply to permanent representatives of directors who are legal entities.

ARTICLE 20 - EXECUTIVE MANAGEMENT - NON-VOTING BOARD MEMBERS

The executive management of the company shall be the responsibility of the chairman of the board of directors or of another natural person appointed by the board of directors and holding the title of chief executive officer.

The choice of these two methods shall be made in accordance with the terms of these articles of association by the board of directors for a term that shall run until the expiry of the functions of the current chairman of the board of directors. Shareholders and third parties shall be informed of this choice under the conditions defined by the applicable legislative and regulatory provisions.

Based on the board of directors' choice as stipulated above, the company will be managed by either the chairman or a chief executive officer.

When the board of directors decides to separate the functions of chairman and chief executive officer, it shall appoint a chief executive officer and shall decide on his/her term of office.

If the chairman of the board of directors assumes responsibility for the executive management of the company, the following provisions regarding the chief executive officer shall apply.

Subject to the powers expressly attributed by law to shareholders' meetings as well as those specifically reserved by law to the board of directors, and within the limits of the corporate purpose, the chief executive officer is vested with the broadest powers to act in all circumstances on behalf of the company. He shall exercise these powers within the limits of the corporate object and subject to the powers expressly attributed by law to shareholders' meetings and the board of directors. He shall represent the company in its dealings with third parties.

The chief executive officer may authorise any partial delegation of his powers to any person of his choice.

The chief executive officer may have his/her appointment revoked at any time by the board of directors.

At the request of the chief executive officer, the board of directors may appoint up to five deputy chief executive officers to assist the chief executive officer. Deputy chief executive officers may be removed from office at any time by the board upon the recommendation of the chief executive officer.

In agreement with the chief executive officer, the board shall determine the scope and duration of the powers delegated to deputy chief executive officers.

Such powers may include a right of partial delegation. If the chief executive officer resigns or is dismissed or is unable to perform his duties, the deputies shall retain their powers and positions, unless the board decides otherwise, until the appointment of a new chief executive officer.

Deputy chief executive officers shall have the same powers vis-à-vis third parties as the chief executive officer.

The age limit of the chief executive officer and deputy chief executive officers is set at 80.

The shareholders' meeting may appoint one or more non-voting board members.

The term of office for non-voting board members shall be a maximum of six years. It shall expire at the close of

the ordinary shareholders' meeting called to approve the financial statements for the past financial year and held in the year during which the non-voting board members' term of office expires.

Non-voting board members may be re-elected at any time without limitation; they may be removed from office at any time upon the decision of the shareholders' meeting.

In the event of the death or resignation of one or more non-voting board members, the board of directors may co-opt their successor(s), this provisional appointment being subject to ratification at the next shareholders' meeting.

Non-voting board members are responsible for ensuring the strict enforcement of the articles of association. They attend the board of directors meetings and hold a consultative role. They examine statements of assets and liabilities and the annual financial statements and offer their comments on these matters to the shareholders' meetings when they consider it appropriate to do so. Remuneration of non-voting board members is decided upon by the board.

ARTICLE 21 - BOARD ALLOCATIONS AND REMUNERATION

Directors may be allocated an annual lump sum for attendance at board meetings, the amount of which shall be determined by the ordinary shareholders' meeting. This amount, which shall be charged to overheads, shall remain unchanged until further decision.

The board shall divide this remuneration among its members as it sees fit.

The chairman's and the chief and deputy chief executive officer(s)' remuneration shall be set by the board of directors. Remuneration may be fixed or both fixed and variable.

The board of directors may also allocate special payments for tasks and duties assigned to directors; any such payments will be charged to operating expenses and subject to the approval of the ordinary shareholders' meeting.

No other permanent or other type of remuneration may be allocated to the directors unless they hold an employment contract with the company under the conditions set out by law.

ARTICLE 22 - CUSTODIAN

The custodian is appointed by the board of directors.

The custodian performs the tasks for which it is responsible under applicable laws and regulations as well as those assigned to it contractually by the Fund or the management company.

In particular, the custodian must ensure that the decisions of the management company are lawful. It shall take any protective measures it considers appropriate.

In the event of a dispute with the management company, it shall inform the AMF.

ARTICLE 23 - PROSPECTUS

The board of directors or, where the Sicav has delegated full responsibility for management, the management company, has all necessary powers to make, as needed, any amendments to the prospectus to ensure the proper management of the company, pursuant to the legislative and regulatory provisions specific to Sicavs.

Title IV - Statutory auditors

ARTICLE 24 - APPOINTMENT - POWERS - REMUNERATION

The statutory auditor is appointed by the board of directors for a term of six financial years, following AMF approval, from among persons authorised to perform such duties in commercial companies.

The statutory auditor shall certify that the financial statements give a true and fair view of the company.

The statutory auditor's term may be renewed.

The statutory auditor has a duty to report promptly to the AMF any fact or decision concerning the Fund of which he has become aware in the course of his duties and which is liable to:

1. Constitute a breach of the laws or regulations that apply to that body that is likely to have a significant impact on its financial situation, profits or assets;
2. Affect the conditions or the continuity of its operations;
3. Lead to the expression of reservations or the refusal to certify the financial statements.

The statutory auditor shall oversee the valuation of assets and the calculation of exchange ratios used in the event of a conversion, merger or split.

The statutory auditor shall assess any contribution in kind under his own responsibility.

He shall verify the accuracy of the composition of assets and other information prior to publication.

The statutory auditor's fees shall be set by mutual agreement between the statutory auditor and the SICAV's board of directors, on the basis of a work schedule setting out the procedures deemed necessary.

The statutory auditor shall certify the positions used as the basis for the distribution of interim dividends.

Title V - Shareholder's meetings

ARTICLE 25 - SHAREHOLDER'S MEETINGS

Shareholders' meetings shall be convened and shall deliberate under the conditions provided for by law.

The annual shareholders' meeting, which must approve the company's financial statements, must be held within four months of the close of the financial year.

Meetings shall be held either at the registered offices or at any other location specified in the notice of meeting.

Each shareholder may participate in the Shareholders' Meetings, either in a personal capacity or by appointing another person as proxy, subject to proof of identity and share ownership either in the form of registration in the registered share accounts held by the company or of registration in the bearer securities registry, at the places specified in the notice of meeting; these formalities must be completed two days before the meeting date.

A shareholder may be represented at a meeting in accordance with Article L. 225-106 of the French Commercial

Code.

A shareholder may also vote by correspondence under the conditions set out in the regulations in force.

Shareholders' meetings shall be chaired by the chairman of the board of directors or, in his absence, by a vice-chairman or a director appointed by the board for that purpose. Failing this, the shareholders' meeting shall elect the chairman itself.

Minutes of meetings shall be written up and copies certified and issued as required by law.

Title VI - Annual financial statements

ARTICLE 26 - FINANCIAL YEAR

The company's financial year begins on the day after the last trading day in Paris in September and ends on the last trading day in Paris of the same month in the following year.

However, by way of exception, the first financial year shall include all operations carried out since the inception date until September 30th, 2002.

ARTICLE 27 - ALLOCATION OF DISTRIBUTABLE INCOME

Distributable income consists of:

- 1) net income plus retained earnings, plus or minus the balance of the revenue adjustment account. Net income for the financial year is equal to the amount of interest, arrears, dividends, bonuses and prizes, directors' fees and all income generated by the securities that make up the UCI's portfolio, plus income generated by temporary cash holdings and minus management fees and borrowing costs.
- 2) realised capital gains, net of charges, minus realised capital losses, net of charges, recognised for the financial year, plus any net capital gains of the same kind recognised over previous years that have not been distributed or accumulated, plus or minus the balance of the capital gains adjustment account.

The amounts referred to in 1) and 2) may be accumulated and/or distributed and/or retained independently of each other, in whole or in part.

Details of the relevant process are provided in the prospectus under the section entitled "Allocation of distributable income".

Title VII- Extension -Dissolution -Liquidation

ARTICLE 28 - EXTENSION OR EARLY DISSOLUTION

The board of directors may, at any time and for any reason, recommend the extension, early dissolution or liquidation of the Sicav to an extraordinary shareholders' meeting.

This issue of new shares and the redemption by the Sicav of shares for shareholders who so request shall cease

on the date of publication of the notice of the shareholders' meeting at which a resolution for the early dissolution or liquidation of the company is considered, or at the end of the company's term.

ARTICLE 29 - LIQUIDATION

At the end of the term set by the articles of association or in the case of a resolution for early dissolution, the shareholders' meeting shall decide, on the recommendation of the board of directors, the method of liquidation and shall appoint one or more liquidators.

Liquidation procedures are established in accordance with Article L. 214-12 of the French Monetary and Financial Code.

The liquidator shall represent the company. The liquidator is authorised to pay the creditors and divide out the available balance. The appointment of the liquidator shall terminate the powers held by the directors, but not those held by the statutory auditor.

The liquidator may, pursuant to a resolution of the extraordinary shareholders' meeting, contribute all or part of the assets, rights and obligations of the dissolved company to another company, or transfer such assets, rights and obligations to a company or to any other person.

The net proceeds from the liquidation, after settlement of liabilities, shall be distributed in cash or securities among the shareholders.

During the liquidation process, the duly constituted shareholders' meeting shall retain the same authority as during the life of the company, including in particular the power to approve the liquidation accounts and discharge the liquidator.

Title VIII - Disputes

ARTICLE 30 - JURISDICTION ADDRESS FOR SERVICE

Any disputes that may arise during the company's operations or at the time of its liquidation, either between shareholders and the company or among the shareholders themselves, concerning the business of the company, shall be judged in accordance with the law and submitted to the courts with jurisdiction.
