1. INTRODUCTION

This Prospectus contains information about Lonvia that a prospective investor should consider before investing in the Fund and should be retained for future reference.

The Fund is a public limited company (*société anonyme*) incorporated on 24 September 2020 under the laws of Luxembourg as an investment company with variable share capital (*société d'investissement à capital variable*). The Fund is subject to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as amended or supplemented from time to time.

The Fund has been authorised by the *Commission de Surveillance du Secteur Financier* (CSSF) which is the Luxembourg supervisory authority of the financial sector. However, such authorisation does not require the CSSF to approve or disapprove either the adequacy or accuracy of this Prospectus or the portfolio of assets held by the Fund. Any declaration to the contrary should be considered as unauthorised and illegal.

The Fund is a single legal entity incorporated as an umbrella fund comprised of separate Sub-Funds. Shares in the Fund are shares in a specific Sub-Fund. The Fund may issue Shares of different Share Classes in each Sub-Fund. Such Share Classes may each have specific characteristics. Certain Share Classes may be reserved to certain categories of investors. Investors should refer to the Supplement for further information on characteristics of Share Classes.

The Fund is registered with the Luxembourg Trade and Companies Register under number B247491. The latest version of the Articles of Association was published on the *Recueil électronique des sociétés et associations* (RESA) on 6 October 2020.

This Prospectus is based on information, law and practice at the date hereof. The Fund cannot be bound by an out of date prospectus when it has issued a new prospectus, and investors should check with the Fund and on the *website* of the Management Company that this is the most recently published prospectus. Neither delivery of the Prospectus nor anything stated herein should be taken to imply that any information contained herein is correct as of any time subsequent to the date hereof. The information contained in this Prospectus is supplemented by the financial statements and further information contained in the latest Annual Report and Semi-Annual Report of the Fund, copies of which may be requested free of charge at the registered office of the Fund.

No distributor, agent, salesman or other person has been authorised to give any information or to make any representation other than those contained in the Prospectus and in the documents referred to herein in connection with the offer of Shares and, if given or made, such information or representation must not be relied upon as having been authorised.

The Board of Directors has taken all reasonable care to ensure that the facts stated herein are true and accurate in all material respects and that there are no material facts the omission of which would make misleading any statement herein, whether of fact or opinion. The Board of Directors accepts responsibility accordingly.

In addition to this Prospectus, the Management Company publishes a Key Investor Information Document ("KIID") relating to an investment in each Sub-Fund, in particular, information on the profile of a typical investor and the historical performance. The KIID is available, free of charge, to each potential subscriber at the registered office of the Fund as well as on the website of

the Management Company and must be considered by an investor before the conclusion of the subscription contract.

The distribution of the Prospectus and/or the offer and sale of the Shares in certain jurisdictions or to certain investors may be restricted or prohibited by law. The Prospectus does not constitute an offer to sell or a solicitation of an offer to buy any Shares in any jurisdiction in which such offer, solicitation or sale would be unlawful or to any person to whom it is unlawful to make such offer, solicitation or sale. It is the responsibility of any persons wishing to make an application for Shares pursuant to this Prospectus to inform themselves of and to observe all applicable laws and regulations of any relevant jurisdictions. No Shares may be acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. In particular, the Board of Directors has decided that US Persons will be considered as Prohibited Persons.

The distribution of this Prospectus in some jurisdictions may require the translation of this Prospectus into the languages specified by the regulatory authorities of those jurisdictions. In case of inconsistency between the translated and the English version of this Prospectus, the English version shall prevail.

The Fund must comply with applicable international and Luxembourg laws and regulations regarding the prevention of money laundering and terrorist financing. In particular, anti-money laundering measures in force in Luxembourg require the Fund or its agent to establish and verify the identity of subscribers for Shares (as well as the identity of any intended beneficial owners of the Shares if they are not the subscribers) and the origin of subscription proceeds and to monitor the relationship on an ongoing basis. Failure to provide information or documentation may result in delays in, or rejection of, any subscription or conversion application and/or delays in any redemption application.

An investment in the Shares is only suitable for investors who have sufficient knowledge, experience and/or access to professional advisers to make their own financial, legal, tax and accounting evaluation of the risks of an investment in the Shares and who have sufficient resources to be able to bear any losses that may result from an investment in the Shares. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser as to possible financial, legal, tax and accounting consequences which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, redemption, conversion or disposal of the Shares of the Fund.

THE VALUE OF THE SHARES MAY FALL AS WELL AS RISE AND AN INVESTOR MAY NOT GET BACK THE AMOUNT INITIALLY INVESTED. INVESTING IN THE FUND INVOLVES RISK INCLUDING THE POSSIBLE LOSS OF CAPITAL.

3. DEFINITIONS

1915 Law	the Luxembourg law of 10 August 1915 on commercial companies, as may be amended from time to time.
1993 Law	the Luxembourg law of 5 April 1993 on the financial sector, as may be amended from time to time.
2004 Law	the Luxembourg law of 12 November 2004 on the fight against money laundering and terrorist financing, as may be amended from time to time.
2010 Law	the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as may be amended from time to time.
Administrator	the central administration, registrar and transfer and paying agent appointed by the Management Company and the Fund in accordance with the provisions of the 2010 Law and the Central Administration Agreement, as identified in the Directory.
Annual Report	the report issued by the Fund as of the end of the latest financial year in accordance with the 2010 Law.
Articles of Association	the articles of association of the Fund, as may be amended from time to time.
Benchmarks Regulation	Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds.
Board of Directors	the board of directors of the Fund.
Brussels I (Recast)	Regulation (EU) No 1215/2015 of the European Parliament and of the Council of 12 December 2015 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (recast).
Business Day	any day on which banks are open the whole day for non-automated business in Luxembourg and in such other countries or cities as may be specified for a Sub-Fund or Share Class in a Supplement.
Capitalisation Shares	Shares with respect to which the Fund does not intend to distribute dividends.
Central Administration Agreement	the agreement entered into between the Fund, the Management Company and the Administrator governing the appointment of the Administrator, as may be amended or supplemented from time to time.

Conversion Day	the day or days on which Original Shares may be converted into New Shares, being a day which is a Redemption Day for the Original Shares and, if that day is not a Subscription Day for the New Shares, the day which is the immediately following Subscription Day for the New Shares, provided that the Cut-Off Time for a Conversion Day shall be the earlier of the Cut-Off Time for redemption of the Original Shares on that Redemption Day and the Cut-Off Time for subscription to the New Shares on that Subscription Day. For the avoidance of doubt, the Conversion Day may be a different day for the Original Shares and the New Shares.
Conversion Fee	a fee which the Fund may charge upon conversion of Shares and which is equal to the positive difference, if any, between the Subscription Fee applicable to the New Shares and the Subscription Fee paid on the Original Shares, or such lower amount as specified for each Share Class in the Supplement, where applicable.
Conversion Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Fund or its agent, with the supporting documentation, in order to request the conversion of all or part of his Shares.
CRS	the Common Reporting Standard, within the meaning of the Standard for Automatic Exchange of Financial Account Information in Tax Matters, as set out in the Luxembourg law on the Common Reporting Standard.
CRS Law	the amended Luxembourg Law dated 18 December 2015 on the Common Reporting Standard implementing Council Directive 2014/107/EU of 9 December 2014 as regards mandatory exchange of information in the field of taxation and setting forth to the OECD's multilateral competent authority agreement on automatic exchange of financial account information signed on 29 October 2014 in Berlin, with effect as of 1 January 2016.
CSSF	the <i>Commission de Surveillance du Secteur Financier</i> , the Luxembourg supervisory authority of the financial sector.
Cut-Off Time	for any Subscription Day, Redemption Day or Conversion Day, the day and time by which an application for subscription, redemption or conversion, as applicable, must in principle be received by the Fund in order for the application to be processed, if accepted, by reference to the Net Asset Value per Share calculated as of that Subscription Day, Redemption Day or Conversion Day, as applicable. The Cut-Off Time is specified for each Sub-Fund or Share Class in the Supplement.

Depository	the depository bank appointed by the Fund in accordance with the provisions of the 2010 Law and the Depository Agreement, as identified in the Directory.
Depository Agreement	the agreement entered into between the Fund, the Management Company and the Depository governing the appointment of the Depository, as may be amended or supplemented from time to time.
Directive 2009/65/EC or the UCITS Directive	Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) (recast), as may be amended from time to time.
Directive 2013/34/EU	Directive 2013/34/EU of the European Parliament and of the Council of 26 June 2013 on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings, amending Directive 2006/43/EC of the European Parliament and of the Council and repealing Council Directives 78/660/EEC and 83/349/EEC, as may be amended from time to time.
Directive 2015/849/EU	Directive (EU) 2015/849 of the European Parliament and of the Council of 20 May 2015 on the prevention of the use of the financial system for the purposes of money laundering or terrorist financing, amending Regulation (EU) No 648/2012 of the European Parliament and of the Council, and repealing Directive 2005/60/EC of the European Parliament and of the Council and Commission Directive 2006/70/EC as may be amended from time to time.
Distribution Shares	Shares with respect to which the Fund intends to distribute dividends and which confer on their holder the right to receive such dividends, if and when declared by the Fund.
Distributors	intermediaries appointed from time to time by the Fund and/or the Management Company to distribute the Shares.
Domiciliation Agent	the domiciliation agent appointed by the Fund in accordance with the provisions of the 2010 Law and the Domiciliation Agreement, as identified in the Directory.
Domiciliation Agreement	the agreement entered into between the Fund and the Domiciliation Agent governing the appointment of the Domiciliation Agent, as may be amended or supplemented from time to time.
Eligible Investor	an investor who satisfies all eligibility requirements for a specific Sub-Fund or Share Class, as specified for the Sub-Fund or Share Class in the Supplement.
ESMA	the European Securities and Markets Authority.

EU	the European Union.
EUR	the lawful currency of the Member States of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union.
FATCA	the provisions of the United States Hiring Incentives to Restore Employment (HIRE) Act of 18 March 2010 commonly referred to as the Foreign Account Tax Compliance Act (FATCA), and other regulations promulgated thereunder.
FATCA Law	the amended Luxembourg law dated 24 July 2015 implementing the Model I Intergovernmental Agreement between the Government of the Grand Duchy of Luxembourg and the Government of the United States of America to Improve International Tax Compliance and with respect to the United States information reporting provisions commonly known as the Foreign Account Tax Compliance Act (FATCA).
Fund	Lonvia
Global Distributor	Lonvia Capital acting as the Global Distributor of the Fund in accordance with the provisions of the 2010 Law.
Initial Offer	the first day or period on or during which Shares of a Share Class will be or were available for subscription.
Initial Offer Price	the price at which Shares may be subscribed for on or during the Initial Offer.
Institutional Investor	an institutional investor as defined for the purposes of the 2010 Law and by the administrative practice of the CSSF.
Lugano Convention	the Convention of Lugano of 30 October 2007 on jurisdiction and the enforcement of judgments in civil and commercial matters.
Management Company	the management company appointed by the Fund in accordance with the provisions of the 2010 Law and the Management Company Agreement, as identified in the Directory.
Management Company Agreement	the agreement entered into between the Fund and the Management Company governing the appointment of the Management Company, as may be amended or supplemented from time to time.
Management Fee	the fee payable by the Fund to the Management Company under the Management Company Agreement, as described in section 9.2 (Management Fee) of this Prospectus.

Member State	a State that is a contracting party to the Agreement creating the European Union. The States that are contracting parties to the Agreement creating the European Economic Area, other than the Member States of the European Union, within the limits set forth by such Agreement and related acts, are considered as equivalent to Member States of the European Union.
MiFID II	Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU, as may be amended from time to time.
Money Market Instrument	instruments normally dealt in on the money market which are liquid and have a value which can be accurately determined at any time.
Net Asset Value	as the context indicates, the net asset value of the Fund, a Sub-Fund, or a Share Class determined in accordance with the provisions of this Prospectus.
Net Asset Value per Share	the Net Asset Value of a Share Class in a Sub-Fund divided by the total number of Shares of that Share Class which are in issue as of the Valuation Day for which the Net Asset Value per Share is calculated.
New Shares	Shares described in section 7.10 (Conversion of Shares) of this Prospectus.
Non-Member State	any State, other than a Member State, in Europe, America, Africa, Asia or Oceania.
OECD	the Organisation for Economic Cooperation and Development.
Original Shares	Shares described in section 7.10 (Conversion of Shares) of this Prospectus.
Performance Fee	the fee which may be payable to the Management Company depending on the performance of certain Sub-Funds or Share Classes, where applicable, as described in section 9.3 (Performance Fee) of this Prospectus.
Prohibited Person	any person considered as a Prohibited Person in the opinion of the Board of Directors according to the criteria set out in the Articles of Association and section 7.14 (Prohibited Persons) of the Prospectus.
Prospectus	this prospectus including all Supplements, as may be amended from time to time.

Redemption Day	a Valuation Day on which Shares may be redeemed by the Fund at a Redemption Price determined by reference to the Net Asset Value per Share calculated as of that Valuation Day. Redemption Days are specified for each Sub-Fund or Share Class in the Supplement. Certain jurisdictions do not permit redemptions to be processed on local holidays. Investors should refer to the local sales documents for their jurisdiction or consult their local Distributor for further details.
Redemption Fee	a fee which the Fund may charge upon redemption of Shares, equal to a percentage of the Redemption Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.
Redemption Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Fund or its agent, with the supporting documentation, in order to request the redemption of all or part of his Shares.
Redemption Price	the price at which the Fund may redeem Shares on a Redemption Day, as determined for each Sub-Fund or Share Class on the basis of the Net Asset Value per Share as of that Redemption Day and in accordance with the provisions of this Prospectus.
Redemption Settlement Period	the period of time, as specified for each Sub-Fund or Share Class in the Supplement, by the end of which the Fund will normally pay the Redemption Price (less any Redemption Fee) to redeeming investors, subject to the provisions of this Prospectus.
Reference Currency	as the context indicates, (i) in relation to the Fund, the Euro, or (ii) in relation to a Sub-Fund, the currency in which the assets and liabilities of the Sub-Fund are valued and reported, as specified in each Supplement, or (iii) in relation to a Sub-Fund or Share Class, the currency in which the Shares of that Sub-Fund or Share Class are denominated, as specified in each Supplement.
Regulated Market	a regulated market within the meaning of MIFID II.
Semi-Annual Report	the report issued by the Fund as of the first half of the current financial year in accordance with the 2010 Law.
SFDR	Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector.
SFT	Securities financing transactions as defined in the SFTR, which include: (i) a repurchase transaction; (ii) securities or commodities lending and securities or commodities borrowing; (iii) a buy/sell-back transaction or sell/buy-back transaction or (iv) a margin lending transaction as defined under the SFTR.

SFTR	Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012, as may be amended from time to time.
Share Class	a class of Shares of a Sub-Fund created by the Board of Directors, as described in section 7.1 (Shares, Sub-Funds and Share Classes) of this Prospectus. For the purposes of this Prospectus, each Sub-Fund shall be deemed to comprise at least one Share Class.
Shares	shares of a Sub-Fund or Share Class issued by the Fund.
Sub-Fund	a sub-fund of the Fund, as described in section 7.1 (Shares, Sub-Funds and Share Classes) of this Prospectus.
Subscription Day	a Valuation Day on which investors may subscribe for Shares at a Subscription Price determined by reference to the Net Asset Value per Share calculated as of that Valuation Day. Subscription Days are specified for each Sub-Fund or Share Class in the Supplement. Certain jurisdictions do not permit subscriptions to be processed on local holidays. Investors should refer to the local sales documents for their jurisdiction for further details.
Subscription Fee	a fee which the Fund may charge upon subscription for Shares, equal to a percentage of the Subscription Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.
Subscription Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Fund or its agent, with the supporting documentation, in order to make an initial and/or additional application for subscription to Shares.
Subscription Price	the price at which investors may subscribe for Shares on a Subscription Day, as determined for each Sub-Fund or Share Class on the basis of the Net Asset Value per Share as of that Subscription Day and in accordance with the provisions of this Prospectus.
Subscription Settlement Period	the period of time by the end of which the subscriber is required to pay the Subscription Price (plus any Subscription Fee) to the Fund. The Subscription Settlement Period is specified for each Sub-Fund or Share Class in the Supplement.
Supplement	the supplement(s) to this Prospectus for each specific Sub-Fund, which form part of this Prospectus.
Sustainability Factors	environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

Sustainability Risks	environmental, social or governance event or condition that, if it occurs, could cause an actual or a potential material negative impact on the value of the investments made by the Sub-Funds.
Swing Factor	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Swing Threshold	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Target Sub-Fund	a Sub-Fund into which another Sub-Fund has invested in accordance with the provisions of this Prospectus.
Transferable Security	shares in companies and other securities equivalent to shares in companies, bonds and other forms of securitised debt, and any other negotiable securities which carry the right to acquire any such transferable securities by subscription or exchange.
Taxonomy Regulation	Regulation (EU) 2020/852 on taxonomy aims to establish a framework for the classification of economic activities as environmentally sustainable, while amending certain reporting requirements for SFDRs. It sets out harmonised criteria for determining whether an economic activity qualifies as environmentally sustainable and outlines a series of disclosure requirements to improve transparency and enable an objective comparison of financial products with regard to the proportion of their investments that contribute to environmentally sustainable economic activities.
UCI	undertaking for collective investment within the meaning of Article 1(2)(a) and (b) of the UCITS Directive, being an open-ended undertaking with the sole object of collective investment of capital raised from the public, in accordance with the principle of risk-spreading, in transferable securities and other liquid financial assets.
UCITS	undertaking for collective investment in transferable securities as defined in UCITS Directive
UCITS Directive	Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) (recast), as amended by Directive 2014/91/EU of the European Parliament and Council of 23 July 2014 as regards depositary functions, remuneration policies and sanctions, as may be further amended in the future.
UCITS Rules	The set of rules formed by the 2010 Law, UCITS Directive, the Amended Commission Delegated Regulation (EU) 2016/438 of 17 December 2015 supplementing the UCITS Directive that has been adopted pursuant to Article 112a of the UCITS Directive, as amended by the Commission Delegated Regulation (EU) 2018/1619 of 12 July 2018 and CSSF Circular 16/644 and any derived or connected EU or national act, statute, regulation circular or binding guidelines.

US Person or United

States Person unless otherwise specified in this Prospectus, a person described in one or more of the following paragraphs : “United States Persons” or “US Persons” shall be construed accordingly. For the purposes of further clarity, the term US Person shall not include any person whose application has been approved by the Board of Directors in its sole discretion

Valuation Day

a Business Day as of which the Net Asset Value per Share is calculated, as specified in the Supplement.

4. INVESTMENT STRATEGY AND RESTRICTIONS

The main objective of the Fund is to seek capital appreciation by investing in a range of diversified Transferable Securities and/or other liquid financial assets permitted by the 2010 law through the constitution of different professionally managed Sub-Funds.

Each Sub-Fund has a specific investment objective and policy described in its Supplement. The investments of each Sub-Fund must comply with the provisions of the 2010 Law. The investment restrictions and policies set out in this section apply to all Sub-Funds, without prejudice to any specific rules adopted for a Sub-Fund, as described in its Supplement where applicable. The Board of Directors may impose additional investment guidelines for each Sub-Fund from time to time, for instance where it is necessary to comply with local laws and regulations in countries where Shares are distributed. Each Sub-Fund should be regarded as a separate UCITS for the purposes of this section.

4.1 Authorised investments

4.1.1 The investments of each Sub-Fund must comprise only one or more of the following.

- (A) Transferable Securities and Money Market Instruments admitted to or dealt in on a Regulated Market.
- (B) Transferable Securities and Money Market Instruments dealt in on another market in a Member State that is regulated, operates regularly and is recognised and open to the public.
- (C) Transferable Securities and Money Market Instruments admitted to the official listing on a stock exchange in a Non-Member State or dealt in on another market in a Non-Member State which is regulated, operates regularly and is recognised and open to the public.
- (D) Recently issued Transferable Securities and Money Market Instruments, provided that:

the terms of issue include an undertaking that application will be made for admission to official listing on a stock exchange or dealing on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section, and that such admission is secured within one year of issue.

- (E) Shares or units of UCITS or other UCI, whether or not established in a Member State, provided that the following conditions are satisfied:
 - (1) such other UCI are authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in EU law, and that cooperation between authorities is sufficiently ensured;
 - (2) the level of protection for shareholders or unitholders in such other UCI is equivalent to that provided for shareholders or unitholders in a UCITS, and in particular, the rules on asset segregation, borrowing, lending, and uncovered sales of Transferable Securities and Money Market Instruments are equivalent to the requirements of the UCITS Directive;

- (3) the business of the other UCI is reported in semi-annual and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period; and
 - (4) no more than 10% of the assets of the UCITS or the other UCI whose acquisition is contemplated can, according to their constitutive documents, be invested in aggregate in shares or units of other UCITS or other UCI.
- (F) Deposits with credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law, which are repayable on demand or have the right to be withdrawn and maturing in no more than twelve months.
- (G) Financial derivative instruments, including equivalent cash-settled instruments, listed on a stock exchange or dealt in on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section, or financial derivative instruments dealt in over-the-counter (OTC) provided that:
 - (1) the underlying consists of assets covered by this section 4.1.1 including instruments with one or more characteristics of those assets, and/or financial indices, interest rates, foreign exchange rates or currencies, in which a Sub-Fund may invest according to its investment objective;
 - (2) the counterparties to OTC derivatives are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF; and
 - (3) the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the initiative of the Fund.
- (H) Money Market Instruments other than those dealt in on a Regulated Market or on another regulated market referred to in paragraphs (A) to (C) of this section, provided that the issue or the issuer of such instruments is itself regulated for the purpose of protecting investors and savings, and that such instruments are:
 - (1) issued or guaranteed by a central, regional or local authority or by a central bank of a Member State, the European Central Bank, the European Union or the European Investment Bank, a non-Member State or, in case of a federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong;
 - (2) issued by an undertaking any securities of which are listed on a stock exchange or dealt in on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section;
 - (3) issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by EU law, or by an establishment which is subject to and complies with prudential rules

considered by the CSSF to be at least as stringent as those laid down by EU law; or

- (4) issued by other bodies provided that investments in such instruments are subject to investor protection equivalent to that set out in paragraphs (H)(1) to (H)(3) of this section and provided that the issuer is a company whose capital and reserves amount to at least EUR 10,000,000 and which presents and publishes its annual accounts in accordance with Directive 2013/34/EU, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles which benefit from a banking liquidity line.

4.1.2 Each Sub-Fund may invest up to 10% of its net assets in Transferable Securities and Money Market Instruments other than those identified in paragraphs (A) to (D) and (H) of section 4.1.1.

4.1.3 Each Sub-Fund may hold ancillary liquid assets. Liquid assets held to cover exposure to financial derivative instruments do not fall under this restriction. Each Sub-Fund may exceptionally and temporarily hold liquid assets on a principal basis if the Board of Directors considers this to be in the best interest of its investors.

4.1.4 Each Sub-Fund may borrow up to 10% of its net assets on a temporary basis. Collateral arrangements to cover exposure to financial derivative instruments are not considered borrowings for the purposes of this restriction. Each Sub-Fund may also acquire foreign currency by means of a back-to-back loan.

4.1.5 The Fund may acquire movable and immovable property which is essential for the direct pursuit of its business. Each Sub-Fund may borrow up to 10% of its net assets for this purpose. However, the total amount of borrowing for this purpose and any borrowing on a temporary basis permitted by section 4.1.4 above may not exceed 15% of the net assets of the Sub-Fund.

4.1.6 Each Sub-Fund may invest into shares issued by other Sub-Funds of the Fund (called "**Target Sub-Funds**") provided that, during the period of investment:

- (A) the Target Sub-Fund does not, in turn, invest in the investing Sub-Fund and no more than 10% of the net assets of the Target Sub-Fund may be invested in other Sub-Funds;
- (B) the voting rights attached to such Shares of the Target Sub-Fund are suspended; and
- (C) the value of such Shares of the Target Sub-Fund will not be taken into consideration for the calculation of the Net Asset Value of the Fund for the purposes of verifying the minimum threshold of net assets imposed by the 2010 Law.

4.2 Prohibited investments

- 4.2.1** The Sub-Funds may not acquire commodities or precious metals or certificates representing them or hold any right or interest therein. Investments in financial instruments linked to, or backed by the performance of, commodities or precious metals, or any right or interest therein, do not fall under this restriction.
- 4.2.2** Except as set out in section 4.1.5, the Sub-Funds may not invest in real estate or hold any right or interest in real estate. Investments in financial instruments linked to, or backed by the performance of, real estate or any right or interest therein, or shares or debt instruments issued by companies which invest in real estate or interests therein, do not fall under this restriction.
- 4.2.3** The Sub-Funds may not grant loans or guarantees in favour of a third party. Such restriction will not prevent any Sub-Fund from investing in Transferable Securities, Money Market Instruments, shares or units of UCITS or other UCI or financial derivative instruments referenced in section 4.1.1 which are not fully paid-up.
- 4.2.4** The Sub-Funds may not enter into uncovered sales of Transferable Securities, Money Market Instruments, shares or units of UCITS or other UCI or financial derivative instruments referenced in section 4.1.1.

4.3 Risk diversification limits

- 4.3.1** If an issuer or body is a legal entity with multiple sub-funds or compartments where the assets of each sub-fund or compartment are exclusively reserved to the investors of that sub-fund or compartment and to those creditors whose claim has arisen in connection with the creation, operation and liquidation of that sub-fund or compartment, each sub-fund or compartment is to be considered as a separate issuer or body for the purpose of the application of these risk diversification limits.

Transferable Securities and Money Market Instruments

- 4.3.2** No Sub-Fund may purchase additional Transferable Securities or Money Market Instruments of any single issuer if, upon such purchase:
- (A) more than 10% of its net assets would consist of Transferable Securities or Money Market Instruments of such issuer; or
 - (B) the total value of all Transferable Securities and Money Market Instruments of issuers in which it invests more than 5% of its net assets would exceed 40% of its net assets.
- 4.3.3** The limit of 10% set out in section 4.3.2, paragraph (A) is increased to 25% in respect of qualifying debt securities issued by a credit institution which has its registered office in a Member State and which, under applicable law, is submitted to specific public control in order to protect the holders of such qualifying debt securities ("Covered Bonds"). In particular, the proceeds from the issue of Covered Bonds must be invested, in accordance with applicable law, in assets which are capable of covering claims attached to such bonds until their maturity and which, in case of bankruptcy of the issuer, would be used on a priority basis for the repayment of principal and payment of accrued interest. To the extent a Sub-Fund invests more than 5% of its net assets in Covered Bonds, the total value of such investments may not exceed 80% of its net assets. Covered Bonds are not included in the calculation of the limit of 40% set out in section 4.3.2, paragraph (B).

4.3.4 The limit of 10% set out in section 4.3.2, paragraph (A) is increased to 35% in respect of Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by its local authorities, by any non-Member State or by a public international body of which one or more Member States are members. Such securities are not included in the calculation of the limit of 40% set out in section 4.3.2, paragraph (B).

4.3.5 **Notwithstanding the limits set out above, each Sub-Fund is authorised to invest, in accordance with the principle of risk spreading, up to 100% of its net assets in Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by one or more of its local authorities, by a member State of the OECD or the Group of Twenty (G20) such as the United States of America, by the Republic of Singapore, by the Hong Kong Special Administrative Region of the People's Republic of China, or by a public international body of which one or more Member States are members, provided that the Sub-Fund holds in its portfolio securities from at least six different issues and that securities from any issue do not account for more than 30% of the net assets of the Sub-Fund.**

Financial derivative instruments and efficient portfolio management techniques

4.3.6 The counterparty risk exposure arising from OTC financial derivative instruments and efficient portfolio management techniques (as described below) undertaken with a single body for the benefit of a Sub-Fund may not exceed 10% of the net assets of the Sub-Fund where the counterparty is a credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law, or 5% of its net assets in other cases.

Bank deposits

4.3.7 Each Sub-Fund may invest up to 20% of its net assets in deposits made with a single body.

Combined limits

4.3.8 Notwithstanding the individual limits set out in sections 4.3.2, 4.3.6 and 4.3.7, a Sub-Fund may not combine, where this would lead to an exposure of more than 20% of its net assets to a single body:

- (A) investments in Transferable Securities or Money Market Instruments issued by that body;
- (B) bank deposits made with that body; and
- (C) counterparty exposure arising from OTC financial derivative instruments and efficient portfolio management techniques (as described below) undertaken with that body.

4.3.9 The limits set out in sections 4.3.2 to 4.3.8 (with the exception of section 4.3.5) may not be combined: investments in Transferable Securities or Money Market Instruments, bank deposits, counterparty exposure arising from OTC financial derivative instruments and efficient portfolio management techniques, issued by or undertaken with, a single issuer or body, each in accordance with the limits set out in sections 4.3.2 to 4.3.8 (with the exception of section 4.3.5) may not exceed a total of 35% of the net assets of the Sub-Fund.

- 4.3.10** For the purposes of the combined limits set out in sections 4.3.8 and 4.3.9, issuers or bodies that are part of the same group of companies are considered as a single issuer or body. A group of companies comprises all companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 2013/34/EU or in accordance with recognised international accounting rules.

Sub-Fund replicating the composition of a financial index

- 4.3.11** Without prejudice to the limits laid down in section 4.4 (Control limits) below, the limits set out in section 4.3.2 are raised to 20% for investments in Transferable Securities or Money Market Instruments issued by a single issuer where the investment objective of the Sub-Fund is to replicate the composition of a certain financial index of stock or debt securities which is recognised by the CSSF.
- 4.3.12** The limit of 20% set out in the preceding section is raised to 35% where that proves to be justified by exceptional market conditions, in particular in regulated markets where certain Transferable Securities or Money Market Instruments are highly dominant, provided that any investment up to this 35% limit is only permitted for a single issuer.
- 4.3.13** A financial index is an index which complies, at all times, with the following conditions: the composition of the index is diversified in accordance with the limits set out in sections 4.3.11 and 4.3.12, the index represents an adequate benchmark for the market to which it refers, and the index is published in an appropriate manner. These conditions are further specified in and supplemented by regulations and guidance issued by the CSSF from time to time.

Shares or units of UCITS or other UCI

- 4.3.14** Unless otherwise specified in its Supplement, no Sub-Fund is permitted to invest in aggregate more than 10% of its net assets in shares or units of UCITS or other UCI. If otherwise specified in its Supplement, the following limits will apply:
- (A) investments made in shares or units of a single other UCITS or other UCI may not exceed 20% of the net assets of the Sub-Fund; and
 - (B) investments made in shares or units of other UCI may not, in aggregate, exceed 30% of the net assets of the Sub-Fund.
- 4.3.15** The underlying assets of the UCITS or other UCI into which a Sub-Fund invests do not have to be combined with any other direct or indirect investment of the Sub-Fund into such assets for the purposes of the limits set out in section 4.3 (Risk diversification limits) above.
- 4.3.16** If a Sub-Fund invests in shares or units of UCITS or other UCI that are managed, directly or by delegation, by the Management Company or by any other company which is linked to the Management Company by common management or control, or by a substantial direct or indirect holding, the Management Company or other company may not charge subscription or redemption fees on account of the Sub-Fund's investment in the shares or units of such UCITS or other UCI.
- 4.3.17** If a Sub-Fund invests a substantial proportion of its assets in UCITS or other UCI, the Supplement will disclose the maximum level of the management fees that may be charged both to the Sub-Fund itself and to the UCITS or other UCI in which it intends to invest. The Fund will disclose in the Annual Report the maximum proportion of management fees charged to both the Sub-Fund itself and the UCITS or other UCI in which the Sub-Fund invests.

Derogation

4.3.18 During the first six (6) months following its authorisation, a new Sub-Fund may derogate from the limits set out in this section 4.3 (Risk diversification limits) above, provided that the principle of risk-spreading is complied with.

4.4 Control limits

4.4.1 The Fund may not acquire such amount of shares carrying voting rights which would enable the Fund to exercise legal or management control or to exercise a significant influence over the management of the issuer.

4.4.2 No Sub-Fund may acquire more than:

- (A) 10% of the non-voting shares of the same issuer;
- (B) 10% of the debt securities of the same issuer;
- (C) 10% of the Money Market Instruments of any single issuer; or
- (D) 25% of the shares or units of the same UCITS or other UCI.

4.4.3 The limits set out in section 4.4.2, paragraphs (B) to (D) may be disregarded at the time of acquisition if, at that time, the gross amount of the debt securities or Money Market Instruments or the net amount of the instruments in issue cannot be calculated.

4.4.4 The limits set out in sections 4.4.1 to 4.4.2 do not apply in respect of:

- (A) Transferable Securities and Money Market Instruments issued or guaranteed by a Member State or by its local authorities;
- (B) Transferable Securities and Money Market Instruments issued or guaranteed by any non-Member State;
- (C) Transferable Securities and Money Market Instruments issued by a public international body of which one or more Member States are members;
- (D) shares in the capital of a company which is incorporated under or organised pursuant to the laws of a non-Member State, provided that:
 - (1) such company invests its assets principally in securities issued by issuers having their registered office in that State;
 - (2) pursuant to the laws of that State, a participation by the relevant Sub-Fund in the equity of such company constitutes the only possible way to purchase securities of issuers of that State; and
 - (3) such company observes in its investments policy the restrictions set out in section 4.3 (Risk diversification limits) above (with the exceptions of sections 4.3.5 and 4.3.11 to 4.3.13) and sections 4.4.1 to 4.4.2;
- (E) shares held by the Fund in the capital of subsidiary companies which carry on the business of management, advice or marketing in the country where the subsidiary is established, in regard to the redemption of shares at the request of shareholders exclusively on its or their behalf.

4.5 Financial derivative instruments

4.5.1 General

Each Sub-Fund may use only the following financial derivative instruments: options, futures and forwards or any variation or combination of such instruments, for hedging purposes only, in accordance with the conditions set out in this section 4 and the investment objective and policy of the Sub-Fund, as set out in its Supplement. The use of financial derivative instruments may not, under any circumstances, cause a Sub-Fund to deviate from its investment objective.

Financial derivative instruments used by any Sub-Fund may only include the following categories of instruments.

- (A) Options: an option is an agreement that gives the buyer, who pays a fee or premium, the right but not the obligation to buy or sell a specified amount of an underlying asset at an agreed price (the strike or exercise price) on or until the expiration of the contract. A call option is an option to buy, and a put option an option to sell.
- (B) Futures contracts: a futures contract is an agreement to buy or sell a stated amount of a security, currency, index (including an eligible commodity index) or other asset at a specific future date and at a pre-agreed price.
- (C) Forward agreements: a forward agreement is a customised, bilateral agreement to exchange an asset or cash flows at a specified future settlement date at a forward price agreed on the trade date. One party to the forward is the buyer (long), who agrees to pay the forward price on the settlement date; the other is the seller (short), who agrees to receive the forward price.

Each Sub-Fund must hold at any time sufficient liquid assets to cover its financial obligations arising under financial derivative instruments used.

The global exposure of a Sub-Fund to financial derivative instruments and efficient portfolio management techniques may not exceed the Net Asset Value of the Sub-Fund, as further described in section 4.8 (Global exposure limits) below.

The exposure of a Sub-Fund to underlying assets referenced by financial derivative instruments, combined with any direct investment in such assets, may not exceed in aggregate the investment limits set out in section 4.3 (Risk diversification) above. However, to the extent a Sub-Fund invests in financial derivative instruments referencing financial indices as described in section 4.5.3, the exposure of the Sub-Fund to the underlying assets of the financial indices do not have to be combined with any direct or indirect investment of the Sub-Fund in such assets for the purposes of the limits set out in section 4.3 (Risk diversification) above.

Where a Transferable Security or Money Market Instrument embeds a financial derivative instrument, the latter must be taken into account in complying with the risk diversification rules, global exposure limits and information requirements of this section 4 applicable to financial derivative instruments.

4.5.2 OTC financial derivative instruments

Each Sub-Fund may invest into the financial derivative instruments listed above that are traded 'over-the-counter' or OTC in accordance with the conditions set out in this section 4 and the investment objective and policy of the Sub-Fund, as set out in its Supplement and subject to the rules applicable to, and the authorization of, the Management Company.

The counterparties to OTC financial derivative instruments will be selected among financial institutions subject to prudential supervision (such as credit institutions or investment firms) and specialised in the relevant type of transaction. The identity of the counterparties will be disclosed in the Annual Report.

The Management Company uses a process for accurate and independent assessment of the value of OTC derivatives in accordance with applicable laws and regulations.

In order to limit the exposure of a Sub-Fund to the risk of default of the counterparty under OTC derivatives, the Sub-Fund may receive cash or other assets as collateral, as further specified in section 4.7 (Collateral policy) below.

4.5.3 Derivatives referencing financial indices

Each Sub-Fund may use financial derivative instruments to replicate or gain exposure to one or more financial indices in accordance with its investment objective and policy and subject to the rules applicable to the Management Company and the authorization of, the Management Company. The underlying assets of financial indices may comprise eligible assets described in section 4.1 (Authorised investments) above and instruments with one or more characteristics of those assets, as well as interest rates.

For the purposes of this Prospectus, a 'financial index' is an index which complies, at all times, with the following conditions: the composition of the index is sufficiently diversified (each component of a financial index may represent up to 20% of the index, except that one single component may represent up to 35% of the index where justified by exceptional market conditions), the index represents an adequate benchmark for the market to which it refers, and the index is published in an appropriate manner. These conditions are further specified in and supplemented by regulations and guidance issued by the CSSF from time to time.

4.6 Efficient portfolio management techniques

As of the date of this Prospectus, none of the Sub-Funds is using efficient portfolio management techniques, including SFTs. Should the Fund use SFTs, this prospectus will be updated accordingly.

4.7 Collateral policy

This section sets out the policy adopted by the Board of Directors for the management of collateral received for the benefit of each Sub-Fund in the context of OTC financial derivatives instruments.

4.7.1 Eligible collateral

Collateral received for the benefit of a Sub-Fund may be used to reduce its counterparty risk exposure if it complies with the conditions set out in applicable laws and regulations. In particular, collateral received for the benefit of a Sub-Fund should comply with the following conditions:

- (A) collateral other than cash should be of high quality, highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation;
- (B) collateral should be valued at least on a daily basis and assets that exhibit high price volatility should not be accepted as collateral unless suitably conservative haircuts are in place, as further specified below;

- (C) collateral should be issued by an entity that is independent from the counterparty and is expected not to display a high correlation with the performance of the counterparty;
- (D) collateral should be sufficiently diversified in terms of countries, markets and issuers. The maximum exposure of a Sub-Fund to any given issuer included in the basket of collateral received is limited to 20% of the net assets of the Sub-Fund. When the Sub-Fund is exposed to different counterparties, collateral received should be aggregated to calculate the 20% limit of exposure to a single issuer. By way of derogation, this limit may be exceeded and up to 100% of the collateral received by a Sub-Fund may consist in Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by one or more of its local authorities, by a member State of the OECD or the Group of Twenty (G20) such as the United States of America, by the Republic of Singapore, by the Hong Kong Special Administrative Region of the People's Republic of China, or by a public international body of which one or more Member States are members, provided that such securities or instruments are part of a basket of collateral comprised of securities or instruments of at least six different issues and that securities or instruments from any one issue do not account for more than 30% of the net assets of the Sub-Fund;
- (E) where there is a title transfer, collateral received should be held by the Depositary or one of its sub-custodians to which the Depositary has delegated the custody of such collateral. For other types of collateral arrangement (e.g. a pledge), collateral can be held by a third party custodian which is subject to prudential supervision and which is unrelated to the provider of the collateral;
- (F) collateral should be capable of being fully enforced by the Fund at any time without reference to or approval from the counterparty; and
- (G) where applicable, collateral received should also comply with the control limits set out in section 4.4 (Control limits) above.

Subject to the above conditions, permitted forms of collateral include cash and cash equivalents, including short-term bank certificates and Money Market Instruments.

4.7.2 Level of collateral

The level of collateral required for OTC financial derivatives transactions will be determined as per the agreements in place with the individual counterparties, taking into account factors including the nature and characteristics of transactions, the creditworthiness and identity of counterparties and prevailing market conditions. At all times the counterparty exposure not covered by collateral will remain below the applicable counterparty risk limits set out in this Prospectus.

4.7.3 Haircut policy

Collateral will be valued, on a daily basis, using available market prices and taking into account appropriate discounts which will be determined for each asset class based on the haircut policy adopted by the Management Company. The policy is established in accordance with the ESMA Guidelines 2014/937 on ETFs and other UCITS issues as amended from time to time and takes into account a variety of factors, depending on the nature of the collateral received, such as the issuer's credit standing, the maturity, currency, price volatility of the assets and, where applicable, the outcome of liquidity stress tests carried out under normal and exceptional liquidity conditions.

In accordance with its haircut policy, the Board of directors expects that no haircut will generally be applicable to collateral in the form of cash unless it exposes the Fund to currency risk. Other

permitted forms of collateral may be accepted by the Board of Directors in accordance with its collateral policy, as described above. In such cases, the collateral will be valued in accordance with the parameters agreed with the counterparty, subject to and in compliance with the requirements of the haircut policy, and the Prospectus will be updated accordingly.

4.7.4 Stress tests

Where a Sub-Fund receives collateral for at least 30% of its assets, regular stress tests will be carried out under normal and exceptional liquidity conditions to assess the liquidity risk attached to the collateral. The liquidity stress testing policy includes, without limitation, (i) design of stress test scenario analysis including calibration, certification and sensitivity analysis; (ii) empirical approach to impact assessment, including back-testing of liquidity risk estimates; (iii) reporting frequency and limit/loss tolerance thresholds; and (iv) mitigation actions to reduce loss, including haircut policy and gap risk protection.

4.7.5 Reinvestment of collateral

Non-cash collateral may not be reinvested.

Re-invested cash collateral should be diversified in accordance with the diversification requirements applicable to non-cash collateral as set out above. Re-investment of cash collateral involves certain risks for the Sub-Fund, as described in section 5 (General risk factors) below.

4.7.6 Centrally cleared OTC derivatives

The Fund may enter into OTC derivatives cleared through a clearinghouse that serves as a central counterparty. Generally, centrally-cleared OTC derivatives may be cleared under the agency model or the principal-to-principal model. Under the principal-to-principal model there is usually one transaction between the Fund and its clearing broker and another back-to-back transaction between the clearing broker and the central counterparty, whereas under the agency model there is one transaction between the Fund and the central counterparty. For these trades, the Fund will post and/or receive collateral for the benefit of a Sub-Fund in the form of margin payments, as agreed with the clearing broker in accordance with the rules of the applicable clearinghouse, including rules on acceptable forms of collateral, collateral level, valuation and haircuts. The Fund will ensure that variation margin receivable from the clearing broker is consistent with its collateral policy. Central clearing is designed to reduce counterparty credit risk and increase liquidity compared to bilaterally-cleared OTC derivatives, but it does not eliminate those risks completely, as described in section 5.8 (OTC financial derivative instruments) below.

4.8 Global exposure limits

4.8.1 General

In accordance with Luxembourg laws and regulations, the Management Company has adopted and implemented a risk management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the Sub-Fund.

The global exposure of a Sub-Fund to financial derivative instruments and efficient portfolio management techniques may not exceed the Net Asset Value of the Sub-Fund. Global exposure is calculated, at least on a daily basis, using either the commitment approach or the value-at-risk or “VaR” approach. Global exposure is a measure designed to limit either the incremental exposure and leverage generated by a Sub-Fund through the use of financial derivative instruments and efficient portfolio management techniques (where the Sub-Fund uses the commitment approach) or the market risk of the Sub-Fund’s portfolio (where the Sub-

Fund uses the VaR approach).

The method used by each Sub-Fund to calculate global exposure is the commitment approach. This prospectus will be updated if another approach is used.

4.8.2 Commitment approach

Under the commitment approach, all financial derivative positions of the Sub-Fund are converted into the market value of the equivalent position in the underlying assets. Netting and hedging arrangements may be taken into account when calculating global exposure, where these arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure. Under this approach, the global exposure of a Sub-Fund is limited to 100% of its Net Asset Value.

4.9 Breach of investment limits

The Sub-Funds need not comply with the limits set out above in this section 4 when exercising subscription rights attached to Transferable Securities and Money Market Instruments which form part of its assets.

If the limits set out above in this section 4 are exceeded for reasons beyond the control of the Fund or as a result of the exercise of subscription rights, the Fund must adopt as a priority objective in its sales transactions the remedying of that situation, taking due account of the interest of investors.

5. GENERAL RISK FACTORS

The performance of the Shares depends on the performance of the investments of the Sub-Fund, which may increase or decrease in value. The past performance of the Shares is not an assurance or guarantee of future performance. The value of the Shares at any time could be significantly lower than the initial investment and investors may lose a portion or even the entire amount originally invested.

Investment objectives express an intended result only. Unless otherwise specified in a Supplement, the Shares do not include any element of capital protection and the Fund gives no assurance or guarantee to any investors as to the performance of the Shares. Depending on market conditions and a variety of other factors outside the control of the Fund, investment objectives may become more difficult or even impossible to achieve. The Fund gives no assurance or guarantee to any investors as to the likelihood of achieving the investment objective of a Sub-Fund.

An investment in the Shares is only suitable for investors who have sufficient knowledge, experience and/or access to professional advisors to make their own financial, legal, tax and accounting evaluation of the risks of an investment in the Shares and who have sufficient resources to be able to bear any losses that may result from an investment in the Shares. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser as to possible financial, legal, tax and accounting consequences which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, redemption, conversion or disposal of the Shares of the Fund.

Investors should also carefully consider all of the information set out in this Prospectus and the Supplement of the Sub-Fund before making an investment decision with respect to Shares of any Sub-Fund or Share Class. The following sections are of general nature and describe certain risks that are generally relevant to an investment in Shares of any Sub-Fund or Share Class. Other risks may be described in the Supplement. This section and the Supplements do not purport to be a complete explanation of all risks involved in an investment in the Shares of any Sub-Fund or Share Class and other risks may also be or become relevant from time to time.

5.1 Market risk

Market risk is understood as the risk of loss for a Sub-Fund resulting from fluctuation in the market value of positions in its portfolio attributable to changes in market variables, such as general economic conditions, interest rates, foreign exchange rates, or the creditworthiness of the issuer of a financial instrument. This is a general risk that applies to all investments, meaning that the value of a particular investment may go down as well as up in response to changes in market variables. Although it is intended that each Sub-Fund will be diversified with a view to reducing market risk, the investments of a Sub-Fund will remain subject to fluctuations in market variables and the risks inherent in investing in financial markets.

5.1.1 Economic risk

The value of investments held by a Sub-Fund may decline in value due to factors affecting financial markets generally, such as real or perceived adverse economic conditions, changes in the general outlook for revenues or corporate earnings, changes in interest or currency rates, or adverse investor sentiment generally. The value of investments may also decline due to

factors affecting a particular, industry, area or sector, such as changes in production costs and competitive conditions. During a general downturn in the economy, multiple asset classes may decline in value simultaneously. Economic downturn can be difficult to predict. When the economy performs well, there can be no assurance that investments held by a Sub-Fund will benefit from the advance.

5.1.2 Interest rate risk

The performance of a Sub-Fund may be influenced by changes in the general level of interest rates. Generally, the value of fixed income instruments will change inversely with changes in interest rates: when interest rates rise, the value of fixed income instruments generally can be expected to fall and vice versa. Fixed income securities with longer-term maturities tend to be more sensitive to interest rate changes than shorter-term securities. In accordance with its investment objective and policy, a Sub-Fund may attempt to hedge or reduce interest rate risk, generally through the use of interest rate futures or other derivatives. However, it may not be possible or practical to hedge or reduce such risk at all times.

5.1.3 Foreign exchange risk

Each Sub-Fund investing in securities denominated in currencies other than its Reference Currency may be subject to foreign exchange risk. As the assets of each Sub-Fund are valued in its Reference Currency, changes in the value of the Reference Currency compared to other currencies will affect the value, in the Reference Currency, of any securities denominated in such other currencies. Foreign exchange exposure may increase the volatility of investments relative to investments denominated in the Reference Currency. In accordance with its investment objective and policy, a Sub-Fund may attempt to hedge or reduce foreign exchange risk, generally through the use of derivatives. However, it may not be possible or practical to hedge or reduce such risk at all times.

In addition, a Share Class that is denominated in a Reference Currency other than the Reference Currency of the Sub-Fund exposes the investor to the risk of fluctuations between the Reference Currency of the Share Class and that of the Sub-Fund. This exposure is in addition to foreign exchange risk, if any, incurred by the Sub-Fund with respect to investments denominated in other currencies than its Reference Currency, as described above.

5.1.4 Credit risk

Sub-Funds investing in fixed income instruments will be exposed to the creditworthiness of the issuers of the instruments and their ability to make principal and interest payments when due in accordance with the terms and conditions of the instruments. The creditworthiness or perceived creditworthiness of an issuer may affect the market value of fixed income instruments. Issuers with higher credit risk typically offer higher yields for this added risk, whereas issuers with lower credit risk typically offer lower yields. Generally, government debt is considered to be the safest in terms of credit risk, while corporate debt involves a higher credit risk. Related to that is the risk of downgrade by a rating agency. Rating agencies are private undertakings providing ratings for a variety of fixed income instruments based on the creditworthiness of their issuers. The agencies may change the rating of issuers or instruments from time to time due to financial, economic, political, or other factors, which, if the change represents a downgrade, can adversely impact the market value of the affected instruments.

5.1.5 Volatility risk

The volatility of a financial instrument is a measure of the variations in the price of that instrument over time. A higher volatility means that the price of the instrument can change significantly over a short time period in either direction. Each Sub-Fund may make investments in instruments or markets that are likely to experience high levels of volatility. This may cause the Net Asset Value per Share to experience significant increases or decreases in value over short periods of time.

5.2 Liquidity risk

Liquidity refers to the speed and ease with which investments can be sold or liquidated or a position closed. On the asset side, liquidity risk refers to the inability of a Sub-Fund to dispose of investments at a price equal or close to their estimated value within a reasonable period of time. On the liability side, liquidity risk refers to the inability of a Sub-Fund to raise sufficient cash to meet a redemption request due to its inability to dispose of investments. In principle, each Sub-Fund will only make investments for which a liquid market exists or which can otherwise be sold, liquidated or closed at any time within a reasonable period of time. However, in certain circumstances, investments may become less liquid or illiquid due to a variety of factors including adverse conditions affecting a particular issuer, counterparty, or the market generally, and legal, regulatory or contractual restrictions on the sale of certain instruments. In addition, a Sub-Fund may invest in financial instruments traded over-the-counter or OTC, which generally tend to be less liquid than instruments that are listed and traded on exchanges. Market quotations for less liquid or illiquid instruments may be more volatile than for liquid instruments and/or subject to larger spreads between bid and ask prices. Difficulties in disposing of investments may result in a loss for a Sub-Fund and/or compromise the ability of the Sub-Fund to meet a redemption request.

5.3 Counterparty risk

Counterparty risk refers to the risk of loss for a Sub-Fund resulting from the fact that the counterparty to a transaction entered into by the Sub-Fund may default on its contractual obligations. There can be no assurance that an issuer or counterparty will not be subject to credit or other difficulties leading to a default on its contractual obligations and the loss of all or part of the amounts due to the Sub-Fund. This risk may arise at any time the assets of a Sub-Fund are deposited, extended, committed, invested or otherwise exposed through actual or implied contractual agreements. For instance, counterparty risk may arise when a Sub-Fund has deposited cash with a financial institution, or invests into debt securities and other fixed income instruments. Counterparty risk may also arise when a Sub-Fund enters into OTC financial derivative instruments, as further described below.

5.4 Operational risk

Operational risk means the risk of loss for the Fund resulting from inadequate internal processes and failures in relation to people and systems of the Fund, the Management Company and/or its agents and service providers, or from external events, and includes legal and documentation risk and risk resulting from the trading, settlement and valuation procedures operated on behalf of the Fund.

5.4.1 Valuation risk

Certain Sub-Funds may hold investments for which market prices or quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market. In addition, in certain circumstances, investments may become less liquid or illiquid. Such investments will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors. Such investments are inherently difficult to value and are the subject of substantial uncertainty. There is no assurance that the estimates resulting from the valuation process will reflect the actual sales or liquidation prices of investments.

5.4.2. Specific risks linked to investment in Environmental, Social and Governance ("ESG")

The Sub-Funds aiming to pursue an ESG policy will use certain ESG criteria in their investment strategies, as determined by their respective entity in charge of ESG analysis and as set out in their respective investment policies. The use of ESG criteria may affect a Sub-Fund's investment performance and, as such, investing in ESG may perform differently compared to similar Sub-Funds that do not use such criteria. ESG based exclusionary criteria used in an ESG Sub-Fund's investment policy may result in the ESG Sub-Fund foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, and/or selling securities due to their ESG characteristics when it might be disadvantageous to do so. In the event the ESG characteristics of a security held by an ESG SubFund change, resulting in the manager having to sell the security, neither the ESG Sub-Fund nor the Management Company accept liability in relation to such change.

The relevant exclusions might not correspond directly with investors own subjective ethical views. In evaluating a security or issuer based on ESG criteria, the Management Company may be dependent upon information and data from third party ESG adviser, which may be incomplete, inaccurate or unavailable. As a result, there is a risk that the Management Company may incorrectly assess a security or issuer. There is also a risk that the Management Company may not apply the relevant ESG criteria correctly or that an ESG Sub-Fund could have indirect exposure to issuers who do not meet the relevant ESG criteria used by such ESG Sub-Fund. Neither the ESG Sub-Funds nor the Management Company make any representation or warranty, express or implied, with respect to the fairness, correctness, accuracy, reasonableness or completeness of such ESG assessment.

5.4.3. Sustainability risks

Sustainability risk means an environmental, social, or governance event or condition that, if it occurs, could potentially or actually cause a material negative impact on the value of a SubFund's investment. Sustainability risks can either represent a risk of their own or have an impact on other risks and may contribute significantly to risks, such as market risks, operational risks, liquidity risks or counterparty risks. Sustainability risks may have an impact on long-term risk adjusted returns for investors. Assessment of sustainability risks is complex and may be based on environmental, social, or governance data which is difficult to obtain and incomplete, estimated, out of date or otherwise materially inaccurate. Even when identified, there can be no guarantee that these data will be correctly assessed.

Consequent impacts to the occurrence of sustainability risk can be many and varied according to a specific risk, region or asset class. Generally, when sustainability risk occurs for an asset, there will be a negative impact and potentially a total loss of its value and therefore an impact on the net asset value of the concerned Sub-Fund.

5.4.2 Laws and regulations risk

The Fund may be subject to a number of legal and regulatory risks, including contradictory interpretations or applications of laws, incomplete, unclear and changing laws, restrictions on general public access to regulations, practices and customs, ignorance or breaches of laws on the part of counterparties and other market participants, incomplete or incorrect transaction documents, lack of established or effective avenues for legal redress, inadequate investor protection, or lack of enforcement of existing laws. Difficulties in asserting, protecting and enforcing rights may have a material adverse effect on the Sub-Funds and their operations.

5.4.3 FATCA and CRS

Under the terms of the FATCA Law and CRS Law, the Fund is likely to be treated as a Luxembourg Reporting Financial Institution. As such, the Fund may require all investors to provide documentary evidence of their tax residence and all other information deemed necessary to comply with the above mentioned regulations.

Should the Fund becomes subject to a withholding tax and/or penalties as a result of a non-compliance under the FATCA Law and/or penalties as a result of a non-compliance under the CRS Law, the value of the Shares held by all investors may be materially affected.

Furthermore, the Fund may also be required to withhold tax on certain payments to its investors who would not be compliant with FATCA (i.e. the so-called foreign passthru payments withholding tax obligation).

5.5 Segregation of Sub-Funds

The Fund is a single legal entity incorporated as an "umbrella fund" comprised of separate Sub-Funds. Under Luxembourg law, each Sub-Fund represents a segregated pool of assets and liabilities. By operation of the law, the rights and claims of creditors and counterparties of the Fund arising in respect of the creation, operation or liquidation of a Sub-Fund will be limited to the assets allocated to that Sub-Fund. However, while these provisions are binding in a Luxembourg court, these provisions have not been tested in other jurisdictions, and a creditor or counterparty might seek to attach or seize assets of a Sub-Fund in satisfaction of an obligation owed in relation to another Sub-Fund in a jurisdiction which would not recognise the principle of segregation of liability between Sub-Funds. Moreover, under Luxembourg law, there is no legal segregation of assets and liabilities between Share Classes of the same Sub-Fund. In the event that, for any reason, assets allocated to a Share Class become insufficient to pay for the liabilities allocated to that Share Class, the assets allocated to other Share Classes of the Sub-Fund will be used to pay for those liabilities. As a result, the Net Asset Value of the other Share Classes may also be reduced.

5.6 Depositary Risk

The assets owned by the Fund are held in custody for the account of the Fund by a depositary that is also regulated by the CSSF. The Depositary may entrust the safekeeping of the Fund's assets to sub-custodians in the markets where the Fund invests. Luxembourg law provides that the Depositary's liability shall not be affected by the fact that it has entrusted the safekeeping of assets of the Fund to third parties. The CSSF requires that the Depositary ensures that there is a legal separation of non-cash assets held under custody with the assets of the Depositary and that records are maintained that clearly identify the nature and amount of all assets under custody, the ownership of each asset and where the documents of title to that asset are located. Where the Depositary engages a sub-custodian, the CSSF requires that the Depositary ensures that the sub-custodian maintains these standards and the liability of the Depositary will not be affected by the fact that it has entrusted to a sub-custodian some

or all of the assets of the Fund.

However, certain jurisdictions have different rules regarding the ownership and custody of assets generally and the recognition of the interests of a beneficial owner such as a Sub-Fund. There is a risk that in the event the Depositary or sub-custodian becomes insolvent, the relevant Sub-Fund's beneficial ownership of assets may not be recognised in foreign jurisdictions and creditors of the Depositary or sub-custodian may seek to have recourse to the Sub-Fund's assets. In jurisdictions where the relevant Sub-Fund's beneficial ownership is ultimately recognised, the Sub-Fund may suffer a delay in recovering its assets, pending the resolution of the relevant insolvency or bankruptcy proceedings.

In respect of cash assets, the general position is that any cash accounts will be designated to the order of the Depositary for the benefit of the relevant Sub-Fund. However, due to the fungible nature of cash, it will be held on the balance sheet of the bank with whom such cash accounts are held (whether a sub-custodian or a third party bank), and will not be protected from the bankruptcy of such bank. A Sub-Fund will therefore have counterparty exposure risk to such bank. Subject to any applicable government guarantee or insurance arrangements in respect of bank deposits or cash deposits, where a sub-custodian or third party bank holds cash assets and subsequently becomes insolvent, the Sub-Fund would be required to prove the debt along with other unsecured creditors. The Sub-Fund will monitor its exposure in respect of such cash assets on an ongoing basis.

5.7 Market suspension risk

Trading on a market may be halted or suspended due to market conditions, technical malfunctions which prevent trades from being processed or otherwise pursuant to the rules of such market. If trading on a market is halted or suspended, the Sub-Fund will not be able to sell the securities traded on that market until trading resumes. Further, trading of the securities of a specific issuer may be suspended by a market due to circumstances relating to the issuer. If trading of a particular security is halted or suspended, the Sub-Fund will not be able to sell that security until trading resumes.

5.8 OTC financial derivative instruments

In general, there is less government regulation and supervision of transactions in OTC markets than of transactions entered into on organised exchanges. OTC derivatives are executed directly with the counterparty rather than through a recognised exchange and clearing house. Counterparties to OTC derivatives are not afforded the same protections as may apply to those trading on recognised exchanges, such as the performance guarantee of a clearing house.

The principal risk when engaging in OTC derivatives (such as non-exchange traded options, forwards, swaps or contracts for difference) is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations as required by the terms of the instrument. OTC derivatives may expose a Sub-Fund to the risk that the counterparty will not settle a transaction in accordance with its terms, or will delay the settlement of the transaction, because of a dispute over the terms of the contract (whether or not *bona fide*) or because of the insolvency, bankruptcy or other credit or liquidity problems of the counterparty. Counterparty risk is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. The value of the collateral may fluctuate, however, and it may be difficult to sell, so there are no assurances that the value of collateral held will be sufficient to cover the amount owed to a Fund.

The Fund may enter into OTC derivatives cleared through a clearinghouse that serves as a central counterparty. Central clearing is designed to reduce counterparty risk and increase liquidity compared to bilaterally-cleared OTC derivatives, but it does not eliminate those risks

completely. The central counterparty will require margin from the clearing broker which will in turn require margin from the Fund. There is a risk of loss by a Fund of its initial and variation margin deposits in the event of default of the clearing broker with which the Fund has an open position or if margin is not identified and correctly report to the particular Fund, in particular where margin is held in an omnibus account maintained by the clearing broker with the central counterparty. In the event that the clearing broker becomes insolvent, the Fund may not be able to transfer or "port" its positions to another clearing broker.

EU Regulation 648/2012 on OTC derivatives, central counterparties and trade repositories (also known as the European Market Infrastructure Regulation or EMIR) requires certain eligible OTC derivatives to be submitted for clearing to regulated central clearing counterparties and the reporting of certain details to trade repositories. In addition, EMIR imposes requirements for appropriate procedures and arrangements to measure, monitor and mitigate operational and counterparty risk in respect of OTC derivatives which are not subject to mandatory clearing. Ultimately, these requirements are likely to include the exchange and segregation of collateral by the parties, including by the Fund. While some of the obligations under EMIR have come into force, a number of the requirements are subject to phase-in periods and certain key issues have not been finalised by the date of this Prospectus. It is as yet unclear how the OTC derivatives market will adapt to the new regulatory regime. ESMA has published an opinion calling for the UCITS Directive to be amended to reflect the requirements of EMIR and in particular the EMIR clearing obligation. However, it is unclear whether, when and in what form such amendments would take effect. Accordingly, it is difficult to predict the full impact of EMIR on the Fund, which may include an increase in the overall costs of entering into and maintaining OTC derivatives.

Investors should be aware that the regulatory changes arising from EMIR and other applicable laws requiring central clearing of OTC derivatives may in due course adversely affect the ability of the Sub-Funds to adhere to their respective investment policies and achieve their investment objective.

Investments in OTC derivatives may be subject to the risk of differing valuations arising out of different permitted valuation methods. Although the Fund has implemented appropriate valuation procedures to determine and verify the value of OTC derivatives, certain transactions are complex and valuation may only be provided by a limited number of market participants who may also be acting as the counterparty to the transactions. Inaccurate valuation can result in inaccurate recognition of gains or losses and counterparty exposure.

Unlike exchange-traded derivatives, which are standardised with respect to their terms and conditions, OTC derivatives are generally established through negotiation with the other party to the instrument. While this type of arrangement allows greater flexibility to tailor the instrument to the needs of the parties, OTC derivatives may involve greater legal risk than exchange-traded instruments, as there may be a risk of loss if the agreement is deemed not to be legally enforceable or not documented correctly. There also may be a legal or documentation risk that the parties may disagree as to the proper interpretation of the terms of the agreement. However, these risks are generally mitigated, to a certain extent, by the use of industry-standard agreements.

5.8.1 Collateral management

Counterparty risk arising from investments in OTC financial derivative instruments is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. However, transactions may not be fully collateralised. Fees and returns due to the Sub-Fund may not be collateralised. If a counterparty defaults, the Sub-Fund may need to sell non-cash collateral received at prevailing market prices. In such a case the Sub-Fund could realise a loss due, *inter alia*, to inaccurate pricing or monitoring of the collateral, adverse market movements,

deterioration in the credit rating of issuers of the collateral or illiquidity of the market on which the collateral is traded. Difficulties in selling collateral may delay or restrict the ability of the Sub-Fund to meet redemption requests.

A Sub-Fund may also incur a loss in reinvesting cash collateral received, where permitted. Such a loss may arise due to a decline in the value of the investments made. A decline in the value of such investments would reduce the amount of collateral available to be returned by the Sub-Fund to the counterparty as required by the terms of the transaction. The Sub-Fund would be required to cover the difference in value between the collateral originally received and the amount available to be returned to the counterparty, thereby resulting in a loss to the Sub-Fund.

5.9 Equity risk

The value of a Sub-Fund that invests in equity securities will be affected by changes in the stock markets and changes in the value of individual portfolio securities. At times, stock markets and individual securities can be volatile and prices can change substantially in short periods of time. The equity securities of smaller companies are more sensitive to these changes than those of larger companies. This risk will affect the value of such Sub-Funds, which will fluctuate as the value of the underlying equity securities fluctuates.

5.10 Investment in smaller companies

Investment in smaller companies may involve greater risks and thus may be considered speculative. Investment in a Sub-Fund investing in smaller companies should be considered long-term and not as a vehicle for seeking short term profits. Many small company stocks trade less frequently and in smaller volumes and may be subject to more abrupt or erratic price movements than stocks of larger companies. The securities of small companies may also be more sensitive to market changes than securities in large companies.

5.11 Investment in UCITS and/or other UCIS

The value of an investment represented by a UCITS and/or other UCI in which a Sub-Fund may invest, may be affected by fluctuations in the currency of the country where such UCITS and/or other UCI invests, or by foreign exchange rules, the application of the various tax laws of the relevant countries, including withholding taxes, government changes or variations of the monetary and economic policy of the relevant countries. Furthermore, it is to be noted that the Net Asset Value will fluctuate mainly in light of the net asset value of the targeted UCITS and/or other UCIs.

5.12 Duplication of fees

There shall be duplication of management fees and other operating fund related expenses, each time a Sub-Fund invests in UCITS and/or other UCIs. Where a Sub-Fund invests a substantial proportion of its assets in UCITS and/or other UCIs, the maximum proportion of management fees charged both to that Sub-Fund itself and to the UCITS and/or other UCIs in which it invests will be disclosed in the Annual Report.

5.13 Sustainability Risk

Pursuant to the SFDR, the Management Company is required to disclose the manner in which Sustainability Risks are integrated into investment decisions and also the results of the assessment of the likely impacts of Sustainability Risks on the returns of each of the Sub-Funds.

Sustainability Risks are principally linked to climate-related events resulting from climate change (the so-called physical risks) or to the society's response to climate change (the so-called transition risks), which may result in unanticipated losses that could affect the Sub-Funds investments and financial condition. Social events or governance shortcomings may also translate into Sustainability Risks.

The extent to which Sustainability Risks represent potential or actual material risks to a Sub-Fund is considered by the Management Company in its investment decision making and risk monitoring. Along with any other material risk, the Management Company will consider Sustainability Risks in order to seek to maximize long-term risk-adjusted returns for the Sub-Funds.

The impacts following the occurrence of a Sustainability Risk may be numerous and vary depending on the specific risk, region and asset class. In general, where a Sustainability Risk occurs in respect of an asset, there could be a negative impact on, or entire loss of, its value.

In the event that a Sustainability Risk arises, this may cause investors (including the Management Company) to determine that a particular investment is no longer suitable and to divest of it (or not make an investment in it), further exacerbating the downward pressure on the value of the investment.

The increasing regulatory requirements in Europe that result, directly or indirectly, from the process of adjustment towards a lower-carbon and more environmentally sustainable economy may result in significant Sustainability Risks that might impede the Sub-Funds' assets business models, revenues and overall value. Such financial loss may be due to, for example, the changes in the regulatory framework like carbon pricing mechanisms, stricter energy efficiency standards, or policy and legal risks related to litigation claims or the transition to a low-carbon economy which may also negatively impact organizations via technological evolutions leading to the substitution of existing products and services by lower emissions options or the potential unsuccessful investment in new technologies made by the Compartment.

In Europe the raising awareness of sustainability issues exposes the Sub-Funds to reputational risk linked to Sustainability Factors that can affect the Sub-Fund's assets, for examples through name and shame campaigns by NGOs or consumer organizations. Stigmatization of an industry sector, shift in consumer preferences and increased shareholder concern/negative feedback resulting from growing concerns over climate change may negatively impact the Sub-Funds and the value of their investments.

Small-cap and mid-cap companies, being less diversified in terms on geographies and businesses could face those issues in a strongest way.

Assessment of the likely impacts of Sustainability Risks on the returns of a Sub-Fund is therefore conducted at the portfolio level. Further details on the impacts of Sustainability Risks on the returns of Sub-Funds can be found in the Specific Risks section in the Supplement for the relevant Sub-Fund.

For more information on how Sustainability Risks are assessed in relation to the Fund please see www.lonvia.com/en/regulatory-informations.

6. MANAGEMENT AND ADMINISTRATION

6.1 The Board of Directors

The members of the Board of Directors will be elected by the general meeting of shareholders subject to the approval of the CSSF. The Board of Directors is vested with the broadest powers to act on behalf of the Fund and to take any actions necessary or useful to fulfil the Fund's corporate purpose, subject to the powers expressly assigned by law or the Articles of Association to the general meeting of shareholders.

The Board of Directors is responsible for conducting the overall management and business affairs of the Fund in accordance with the Articles of Association. In particular, the Board of Directors is responsible for defining the investment objective and policy of the Sub-Funds and their risk profile, subject to the principle of risk diversification, and for the overall supervision of the management and administration of the Fund, including the selection and supervision of the Management Company and the general monitoring of the performance and operations of the Fund.

For the current composition of the Board of Directors, please refer to the Directory.

6.2 The Management Company

The Fund has appointed the Management Company as its management company in accordance with the provisions of the 2010 Law pursuant to the Management Company Agreement.

The Management Company is a *société par actions simplifiée* incorporated under the laws of France and registered with the Paris Trade and Companies Register on 23 December 2019. The Management Company is authorised to act as a management company for UCITS under the UCITS Directive and regulated by the *Autorité des Marchés Financiers* in France. Its main business activity is to provide collective portfolio management services to the Fund and other undertakings for collective investment and perform the functions of a UCITS management company in accordance with the UCITS Directive.

The Management Company acts as the management company of the Fund under the principle of freedom to provide services established by the UCITS Directive and the 2010 Law. Consequently, the Management Company will comply with the applicable laws and regulations of France, being the 'home Member State' of the Management Company, with respect to its organisation, including delegation arrangements, risk management procedures, prudential rules and supervision, administrative procedures and control mechanisms, the management of conflicts of interest and reporting requirements.

The Management Company has established a remuneration policy in accordance with the remuneration rules of the UCITS Directive. This policy is based on sound principles in order to promote an efficient risk management and to respect client's best interests. The remuneration policy is compliant with the economic strategy, objectives, values and interests of the Management Company.

The remuneration policy of the management company is based on an assessment of its internal organisation and in line with its business strategy and long-term objectives, within the framework of sound management and risk control in view of the nature, scope and complexity of its activities. An appropriate balance has been established between the fixed and variable components of the overall remuneration. Variable remuneration is defined according to quantitative and qualitative criteria.

Further information can be found on the company's website: https://www.lonvia.com/ckeditor_assets/attachments/18/i_2_annexe_resume_de_la_politique_d_e_remuneration_lonvia_capital.pdf.

The Management Company will comply with Luxembourg laws and regulations with respect to the constitution and functioning of the Fund.

The relationship between the Fund and the Management Company is subject to the terms of the Management Company Agreement. Under the terms of the Management Company Agreement, the Management Company provides investment management services, marketing and distribution services to the Fund, subject to the overall supervision of the Board of Directors. As the Global Distributor of the Fund, the Management Company may appoint from time to time Distributors. The Management Company is in charge of the day-to-day business activities of the Fund. The Management Company has authority to act on behalf of the Fund within its function.

For the purpose of a more efficient conduct of its business, the Management Company may delegate to third parties the power to carry out some of its functions on its behalf, in accordance with applicable laws and regulations of France and Luxembourg, as applicable. The delegated functions shall remain under the supervision and responsibility of the Management Company and the delegation shall not prevent the Management Company from acting, or the Fund from being managed, in the best interests of the investors. The delegation to third parties is subject to the prior approval of the Autorité des Marchés Financiers and the CSSF, as applicable.

The Management Company Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than ninety (90) calendar days' prior written notice. The Management Company Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Management Company Agreement contains provisions exempting the Management Company from liability and indemnifying the Management Company in certain circumstances. However, the liability of the Management Company towards the Fund will not be affected by any delegation of functions by the Management Company.

The Management Company also manages other Luxembourg or foreign UCITS a list of which is made available at the registered office of the Management Company and on its website: **www.lonviacapital.com**.

6.3 The Depositary

The Fund has appointed CACEIS Bank, Luxembourg Branch as its Depositary within the meaning of the 2010 Law pursuant to the Depositary Agreement dated 24 September 2020 as amended from time to time.

CACEIS Bank acting through its Luxembourg branch (CACEIS Bank, Luxembourg Branch) is a public limited liability company (*société anonyme*) incorporated under the laws of France with a share capital of 440,000,000 Euros having its registered office located at 1-3, place Valhubert, 75013 Paris, France, registered with the French Register of Trade and Companies under number 692 024 722 RCS Paris. It is an authorised credit institution supervised by the European Central Bank ("**ECB**") and the *Autorité de contrôle prudentiel et de résolution* ("**ACPR**"). It is further authorised to exercise through its Luxembourg branch banking and central administration activities in Luxembourg.

Investors may consult upon request at the registered office of the Fund, the Depositary Agreement to have a better understanding and knowledge of the limited duties and liabilities of the Depositary.

The Depositary has been entrusted with the custody and/or, as the case may be, recordkeeping and ownership verification of the Sub-Fund's assets, and it shall fulfil the obligations and duties provided for by the 2010 Law. In particular, the Depositary shall ensure an effective and proper monitoring of the Fund's cash flows.

In due compliance with the UCITS Rules the Depositary shall:

- (i) ensure that the sale, issue, re-purchase, redemption and cancellation of Shares of the Fund are carried out in accordance with the applicable national law and the UCITS Rules or the Articles of Association;
- (ii) ensure that the value of the Shares is calculated in accordance with the UCITS Rules, the Articles of Association and the procedures laid down in the UCITS Directive;
- (iii) carry out the instructions of the Fund, unless they conflict with the UCITS Rules, or the Articles of Association;
- (iv) ensure that in transactions involving the Fund's assets any consideration is remitted to the Fund within the usual time limits; and
- (v) ensure that a Fund's income is applied in accordance with the UCITS Rules and the Articles of Association.

The Depositary may not delegate any of the obligations and duties set out in points (i) to (v) above.

In compliance with the provisions of the UCITS Directive, the Depositary may, under certain conditions, entrust part or all of the assets which are placed under its custody and/or recordkeeping to correspondents or third party custodians as appointed from time to time. The Depositary's liability shall not be affected by any such delegation, unless otherwise specified, but only within the limits as permitted by the law.

A list of these correspondents/third party custodians are available on the website of the Depositary (www.caceis.com, section "*veille réglementaire*"). Such list may be updated from time to time. A complete list of all correspondents/third party custodians may be obtained, free of charge and upon request, from the Depositary. Up-to-date information regarding the identity of the Depositary, the description of its duties and of conflicts of interest that may arise, the safekeeping functions delegated by the Depositary and any conflicts of interest that may arise from such a delegation are also made available to investors on the website of the Depositary, as mentioned above, and upon request. There are many situations in which a conflict of interest may arise, notably when the Depositary delegates its safekeeping functions or when the Depositary also performs other tasks on behalf of the Fund, such as administrative agency and registrar agency services. These situations and the conflicts of interest thereto related have been identified by the Depositary. In order to protect the Fund's and its shareholders' interests and comply with applicable regulations, a policy and procedures designed to prevent situations of conflicts of interest and monitor them when they arise have been set in place within the Depositary, aiming namely at:

- a. identifying and analysing potential situations of conflicts of interest;
- b. recording, managing and monitoring the conflict of interest situations either in:
 - relying on the permanent measures in place to address conflicts of interest such as maintaining separate legal entities, segregation of duties, separation of reporting lines, insider lists for staff members; or

- implementing a case-by-case management to (i) take the appropriate preventive measures such as drawing up a new watch list, implementing a new Chinese wall, making sure that operations are carried out at arm's length and/or informing the concerned shareholders of the Fund, or (ii) refuse to carry out the activity giving rise to the conflict of interest.

The Depositary has established a functional, hierarchical and/or contractual separation between the performance of its UCITS depositary functions and the performance of other tasks on behalf of the Fund, notably, administrative agency and registrar agency services.

The Fund and the Depositary may terminate the Depositary Agreement at any time by giving three (3) months' notice in writing. The Fund may, however, dismiss the Depositary only if a new depositary bank is appointed within two months to take over the functions and responsibilities of the Depositary. After its dismissal, the Depositary must continue to carry out its functions and responsibilities until such time as the entire assets of the Sub-Funds have been transferred to the new depositary bank.

The Depositary has no decision-making discretion nor any advice duty relating to the Fund's investments. The Depositary is a service provider to the Fund and is not responsible for the preparation of this Prospectus and therefore accepts no responsibility for the accuracy of any information contained in this Prospectus or the validity of the structure and investments of the Fund.

In accordance with the provisions of the UCITS Directive and the 2010 Law governing the management of UCITS on a cross-border basis, the Management Company is a party to the Depositary Agreement with the Fund and the Depositary in order to regulate the flow of information deemed necessary to allow the Depositary to perform its functions as depositary of the Fund.

6.4 The Administrator Agent, Registrar and Transfer Agent, Paying Agent

With the consent of the Fund, the Management Company has appointed CACEIS Bank, Luxembourg Branch as administrative, registrar and transfer agent and as paying agent of the Fund (the Administrator) pursuant to the Central Administration Agreement.

The relationship between the Fund, the Management Company and the Administrator is subject to the terms of the Central Administration Agreement. Under the terms of the Central Administration Agreement, the Administrator will carry out all general administrative duties related to the administration of the Fund required by Luxembourg law, calculate the Net Asset Value per Share, maintain the accounting records of the Fund, as well as process all subscriptions, redemptions, conversions, and transfers of Shares, and register these transactions in the register of shareholders. In addition, as registrar and transfer agent of the Fund, the Administrator is also responsible for collecting the required information and performing verifications on investors to comply with applicable anti-money laundering rules and regulations.

The Administrator is not responsible for any investment decisions of the Fund or the effect of such investment decisions on the performance of the Fund.

The Central Administration Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than three (3) months prior written notice. The Central Administration Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Central Administration Agreement may be terminated by the Management Company with immediate

effect if this is deemed by the Management Company to be in the interest of the investors. The Central Administration Agreement contains provisions exempting the Administrator from liability and indemnifying the Administrator in certain circumstances. However, the liability of the Administrator towards the Management Company and the Fund will not be affected by any delegation of functions by the Administrator.

6.5 The Domiciliation Agent

The Fund has appointed CACEIS Bank, Luxembourg Branch as domiciliation agent (Domiciliation Agent) pursuant to the Domiciliation Agreement.

Under the Domiciliation Agreement, the Domiciliation Agent will act as domiciliary agent of the Fund in compliance with the Luxembourg law of 31 May 1999 on domiciliation of companies, as amended from time to time and will carry out all corporate agency duties required by Luxembourg law, and in particular for providing and supervising the mailing of statements, reports, notices and other documents to the shareholders.

The Domiciliation Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than three (3) months prior written notice. The Domiciliation Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Domiciliation Agreement contains provisions exempting the Domiciliation Agent from liability and indemnifying the Domiciliation Agent in certain circumstances.

6.6 The Auditor

The Fund has appointed Ernst & Young S.A. as its independent auditor (*réviseur d'entreprises agréé*) within the meaning of the 2010 Law. The Auditor is elected by the general meeting of shareholders. The Auditor will inspect the accounting information contained in the Annual Report and fulfil other duties prescribed by the 2010 Law.

6.7 Conflicts of interest

The Board of Directors, the Management Company, the Depositary, the Administrator, the Domiciliation Agent and the other service providers of the Fund, and/or their respective affiliates, members, employees or any person connected with them may be subject to various conflicts of interest in their relationships with the Fund.

As further described in the Articles of Association, any director of the Fund who has, directly or indirectly, an interest in a transaction submitted to the approval of the Board of Directors which conflicts with the Fund's interest, must inform the Board of Directors. The director may not take part in the discussions on and may not vote on the transaction. Where, by reason of a conflicting interest, the number of directors required in order to validly deliberate is not met, the board of directors may submit the decision on this specific item to the general meeting of shareholders.

The Management Company has adopted and implemented a conflicts of interest policy and has made appropriate organisational and administrative arrangements to identify and manage conflicts of interests so as to minimise the risk of the Fund's interests being prejudiced, and if they cannot be avoided, ensure that the Fund is treated fairly.

6.8 Execution of transactions

The Management Company has adopted a "best execution" policy with the objective of obtaining the best possible result for the Fund when executing decisions to deal on behalf of the Fund or placing orders to deal on behalf of the Fund with other entities for execution.

Further information on the best execution policy may be obtained from the Management Company upon request.

7. SHARES

7.1 Shares, Sub-Funds and Share Classes

7.2 Shares

The share capital of the Fund is represented by fully paid up Shares of no par value. The share capital of the Fund is at all times equal to the Net Asset Value of the Fund, which is the total Net Asset Value of all Sub-Funds expressed in the Reference Currency of the Fund. The share capital of the Fund must at all times be at least equal to the minimum required by the 2010 Law, which is currently **1,250,000 EUR**.

The Shares will be issued in registered form only. Written confirmation of registration will be issued upon request and at the expense of the requesting shareholder. The registration of a shareholder in the register of shareholders of the Fund evidences the shareholder's ownership right towards the Fund.

Shares may also be eligible for clearing and settlement by Clearstream and Euroclear. In such case, Shares may be held and transferred through securities accounts maintained within such systems in accordance with applicable laws and regulations, and the operating rules of the systems.

The Fund will recognise only one single shareholder per Share. In case a Share is owned by several persons, they must appoint a single representative who will represent them towards the Fund. The Fund has the right to suspend the exercise of all rights attached to that Share until such representative has been appointed.

The Shares carry no preferential or pre-emptive rights: the Fund is authorised without limitation to issue an unlimited number of fully paid up Shares on any Valuation Day without reserving to existing investors a preferential or pre-emptive right to subscribe for the Shares to be issued.

Each Share entitles the shareholder to one (1) vote at all general meetings of shareholders of the Fund and at all meetings of the Sub-Fund or Share Class concerned.

Fractions of Shares will be issued up to:

- tree (3) decimal places for the Share Class in "USD".
- four (4) decimal places for all the over Share Classes.

Such fractional Shares will be entitled to participate on a *pro rata* basis in the net assets attributable to the Sub-Fund or Share Class to which they belong in accordance with their terms, as set out in this Prospectus. Fractions of Shares do not confer any voting rights on their holders. However, if the sum of the fractional Shares held by the same shareholder in the same Share Class represents one or more entire Shares, such shareholder will benefit from the corresponding voting right attached to the number of entire Shares.

Shares are each entitled to participate in the net assets allocated to the relevant Sub-Fund or Share Class in accordance with their terms, as set out in the Supplements. Shares will be issued on each Subscription Day immediately after the time of valuation and entitled to participate in the net assets of the Sub-Fund or Share Class as of that point, as described in more detail in section 7.8 (Subscription for Shares) below. Shares will be redeemed on each Redemption Day at the time of valuation and entitled to participate in the net assets of the Sub-Fund or Share Class until and including that point, as described in more detail in section 7.9 (Redemption of Shares) below.

Shares redeemed will generally be cancelled unless the Fund decides otherwise.

7.3 Sub-Funds

The Fund is a single legal entity incorporated as an umbrella fund comprised of separate Sub-Funds. Each Share issued by the Fund is a share in a specific Sub-Fund. Each Sub-Fund has a specific investment objective and policy as further described in its Supplement. A separate portfolio of assets is maintained for each Sub-Fund and invested for its exclusive benefit in accordance with its investment objective and policy.

With regard to third parties, in particular towards the Fund's creditors, each Sub-Fund shall be exclusively responsible for all liabilities attributable to it. As a consequence, the assets of each Sub-Fund may only be used to meet the debts, liabilities and obligations attributable to that Sub-Fund. In the event that, for any reason, the liabilities arising in respect of the creation, operation and liquidation of a Sub-Fund exceed the assets allocated to it, creditors will have no recourse against the assets of any other Sub-Fund to satisfy such deficit. Assets and liabilities are allocated to each Sub-Fund in accordance with the provisions of the Articles of Association, as set out in section 8.2 (Valuation procedure) below.

Each Sub-Fund may be established for an unlimited or limited duration as specified in its Supplement. In the latter case, upon expiry of the term, the Fund may extend the duration of the Sub-Fund once or several times. Investors will be notified at each extension. At the expiry of the duration of a Sub-Fund, the Fund will redeem all the Shares in that Sub-Fund. The Supplement will indicate the duration of each Sub-Fund and its extension, where applicable.

Additional Sub-Funds may be established by the Board of Directors from time to time without the consent of investors in other Sub-Funds. A new Supplement will be added to this Prospectus for each new Sub-Fund established.

7.4 Share Classes

The Sub-Funds may offer several Share Classes, as set out in the Supplements. Each Share Class within a Sub-Fund may have different features such as the fee structure, minimum subscription or holding amounts, currency, different hedging techniques or distribution policy or other distinctive features, or be offered or reserved to different types of investors. Investors will be able to choose the Share Class with the features most suitable to their individual circumstances.

Each Share Class may be created for an unlimited or limited duration, as specified in the Supplement. In the latter case, upon expiry of the term, the Fund may extend the duration of the Share Class once or several times. Investors will be notified at each extension. At the expiry of the duration of a Share Class, the Fund will redeem all the Shares in that Share Class. The Supplement will indicate the duration of each Share Class and its extension, where applicable.

Additional Share Classes may be established in any Sub-Fund from time to time without the approval of investors. New Share Classes will be added to the relevant Supplement. Such new Share Classes may be issued on terms and conditions that differ from the existing Share Classes. The list and details of the Share Classes established within each Sub-Fund, if any, are set out in the Supplements. For each Sub-Fund launched, the list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company upon request and on its *website*: **www.lonviacapital.com**.

The following are the ISIN Numbers for each class of shares:

Sub Funds	Class of shares	ISIN Number
LONVIA AVENIR MID CAP EUROPE	Retail (EUR)	LU2240056015
	Retail (USD)	LUXXXXXXXXXX*
	Clean Share (EUR)	LU2240056106
	Institutional (EUR)	LU2240056288
	Institutional WPF (EUR)	LU2240056361
LONVIA AVENIR MID CAP EURO	Retail (EUR)	LU2240056445
	Super Retail (EUR)	LU2240056528
	Clean Share (EUR)	LU2240056791
	Institutional (EUR)	LU2240056874
	Institutional WPF (EUR)	LU2240056957
LONVIA AVENIR SMALL CAP EUROPE	Retail (EUR)	LU2240057096
	Clean Share (EUR)	LU2240057179
	Institutional (EUR)	LU2240057252

**in process for being allocated at the date of the prospectus, contact LONVIA CAPITAL for more information.*

7.5 Changes to Sub-Funds and Share Classes

The rights and restrictions attached to Shares may be modified from time to time, subject to the provisions of the Articles of Association. Any changes to the Articles of Association will require a resolution of the general meeting of shareholders, as further described in section 10.2 (Meetings of shareholders) below.

Subject to the above, the Board of Directors may change the characteristics of any existing Sub-Fund, including its objective and policy, or any existing Share Class, without the consent of investors. In accordance with applicable laws and regulations, investors in the Sub-Fund or Share Class will be informed about the changes and, where required, will be given prior notice of any proposed material changes in order for them to request the redemption of their Shares should they disagree. This Prospectus will be updated as appropriate.

7.6 Dividend distribution policy

Each Sub-Fund may offer distributing Shares and non-distributing Shares. The Supplement shall indicate whether Shares confer the right to dividend distributions (Distribution Shares) or do not confer this right (Capitalisation Shares). Distribution Shares and Capitalisation Shares issued within the same Sub-Fund will be represented by different Share Classes.

Capitalisation Shares capitalise their entire earnings whereas Distribution Shares pay dividends. Whenever dividends are distributed to holders of Distribution Shares, their Net Asset Value per Share will be reduced by an amount equal to the amount of the dividend per Share distributed, whereas the Net Asset Value per Share of Capitalisation Shares will remain unaffected by the distribution made to holders of Distribution Shares.

The Fund shall determine how the earnings of Distribution Shares shall be distributed and may declare distributions from time to time, at such time and in relation to such periods as the Fund shall determine, in the form of cash or Shares, in accordance with the dividend distribution policy adopted for such Distribution Shares as described in the Supplement. The dividend distribution policy may vary between Distribution Shares within the same or different Sub-Funds. Dividend distributions are not guaranteed with respect to any Share Class. In any event, no distribution may be made if, as a result, the total Net Asset Value of the Fund would fall below the minimum share capital required by the 2010 Law which is currently EUR 1,250,000.

If requested by an investor, dividends declared with respect to Distribution Shares will be reinvested in Shares of the same Share Class and investors will be advised of the details by a dividend statement.

No interest shall be paid on dividend distributions declared by the Fund which have not been claimed. Dividends not claimed within five years of their declaration date will lapse and revert to the relevant Share Class.

7.7 Eligible Investors

Shares may only be acquired or held by investors who satisfy all eligibility requirements for a specific Sub-Fund or Share Class, if any, as specified for the Sub-Fund or Share Class in the Supplement (an Eligible Investor). Certain Sub-Funds or Shares Classes may indeed be reserved to specified categories of investors such as Institutional Investors, investors investing through a specified distribution channel or investors who are residents of or domiciled in specific jurisdictions.

The Board of Directors has decided that any investor not qualifying as an Eligible Investor will be considered as a Prohibited Person, in addition to those persons described in section 7.14 (Prohibited Persons) below. The Fund may decline to issue any Shares and to accept any transfer of Shares, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons in accordance with the procedure set out in this Prospectus (see section 7.14 (Prohibited Persons) below).

7.8 Subscription for Shares

Applications for subscriptions can be submitted for each Subscription Day provided that a complete application is submitted by the Cut-Off Time for that Subscription Day. Applications will be processed, if accepted, at the Subscription Price applicable to that Subscription Day. The Subscription Price (plus any Subscription Fee) must be settled by the end of the Subscription Settlement Period. The subscription procedure is further described below. Shares will be issued on the Subscription Day and entitled to participate in the Net Asset Value of the Share Class from their issue. The Subscription Day, Cut-Off Time, and Subscription Settlement Period for each Sub-Fund or Share Class are specified in the Supplement.

7.8.1 Subscription application

Shares will be available for subscription on each Subscription Day at a Subscription Price equal to the Net Asset Value per Share for that Subscription Day. The Net Asset Value per Share for the Subscription Day at which an application will be processed is unknown to the investors when they place their subscription applications.

The Fund may charge a Subscription Fee on subscriptions for Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below, which will be added to the Subscription Price. The Subscription Fee is equal to a percentage of the Subscription Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.

Investors wishing to subscribe for Shares of a Sub-Fund or Share Class will be requested to complete a Subscription Form in which they commit to subscribe and pay for the Shares. The liability of each investor in respect of the Shares subscribed will be limited to the Subscription Price (plus any Subscription Fee). The Subscription Form must be submitted to the

Administrator or a Distributor following the instructions on such form. The Subscription Form is available from the Management Company, Administrator or a Distributor on request or on *website*.

The Fund will only process subscription applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. The Fund may delay the acceptance of unclear or incomplete applications until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications. No interest will be paid to investors on subscription proceeds received by the Fund prior to receiving clear and complete applications.

Applications must be submitted to the Administrator or a Distributor by the Cut-Off Time for the Subscription Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at the Subscription Price applicable to that Subscription Day. Different Cut-Off Times may apply for applications submitted to certain Distributors and/or by investors in different time zones, provided that the applicable Cut-Off Time must always be earlier than the time when the applicable Net Asset Value is calculated. Investors should refer to the local sales documents for their jurisdiction or contact their local Distributor to find out which Cut-Off Time is applicable to them.

Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Subscription Day. However, the Fund may accept subscription applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.13 (Late trading, market timing and other prohibited practices) below.

The Fund reserves the right to accept or refuse any application in whole or in part at its discretion. Without limitation, the Fund may refuse an application for subscription where the Fund determines that the Shares would or might be held by, on behalf or for the account or benefit of, Prohibited Persons. In such event, subscription proceeds received by the Fund will be returned to the applicant as soon as practicable, at the risks and costs of the applicant, without interest.

The issue of Shares of a Sub-Fund or Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Sub-Fund or Share Class is suspended by the Fund, as described in section 8.4 (Temporary suspension of the Net Asset Value calculation) below. The issue of Shares of a Share Class may also be suspended at the discretion of the Board of Directors, in the best interest of the Fund, notably under other exceptional circumstances.

7.8.2 Settlement of subscription

The Subscription Price (plus any Subscription Fee) must be paid in the Reference Currency of the Share Class.

Cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) must be received by the Fund by the end of the Subscription Settlement Period specified in the Supplement. Settlement details are available in the Subscription Form.

If the payment of the Subscription Price (plus any Subscription Fee) has not been received by the end of the Subscription Settlement Period, any pending application for Shares may be rejected or, if the application had previously been accepted by the Fund, any allocation of Shares made on the basis of the application may be cancelled by a compulsory redemption of the Shares at the applicable Redemption Price (less any Redemption Fee). The Administrator

will inform the applicant that the application has been rejected or the subscription cancelled, as applicable, and the money received after the end of the Subscription Settlement Period, if any, will be returned to the applicant at its risks and costs, without interest.

The Fund reserves the right to require indemnification from the applicant against any losses, costs or expenses arising as a result of any failure to settle the Subscription Price (plus any Subscription Fee) by the end of the Subscription Settlement Period. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the investor's other Shares, if any, in order to pay for such losses, costs or expenses.

7.8.3 Subscription in kind

The Fund may agree to issue Shares as consideration for a "contribution in kind" of assets with an aggregate value equal to the Subscription Price (plus any Subscription Fee), provided that such assets comply with the investment objective and policy of the Sub-Fund and any restrictions and conditions imposed by applicable laws and regulations. In accepting or rejecting such a contribution at any given time, the Fund shall take into account the interest of other investors of the Sub-Fund and the principle of fair treatment. Any contribution in kind will be valued independently in a special report issued by the Auditor or any other independent auditor (*réviseur d'entreprises agréé*) agreed by the Fund. The Fund and the contributing investor will agree on specific settlement procedures. Any costs incurred in connection with a contribution in kind, including the costs of issuing a valuation report, shall be borne by the contributing investor or by such other third party as agreed by the Fund.

7.9 Redemption of Shares

Applications for redemptions can be submitted by investors for each Redemption Day provided that a complete application is submitted by the Cut-Off Time for that Redemption Day. Applications will be processed, if accepted, at the Redemption Price applicable to that Redemption Day. The Redemption Price (less any Redemption Fee) will normally be paid by the end of the Redemption Settlement Period. The redemption procedure is further described below. Shares will be redeemed on the Redemption Day and entitled to participate in the net assets of the Sub-Fund or Share Class until their redemption. The Redemption Day, Cut-Off Time, and Redemption Settlement Period for each Sub-Fund or Share Class are specified in the Supplement.

7.9.1 Redemption application

Investors may apply for redemption of all or any of their Shares on each Redemption Day at a Redemption Price equal to the Net Asset Value per Share for that Redemption Day. The Net Asset Value per Share for the Redemption Day at which an application will be processed is unknown to the investors when they place their redemption applications.

The Fund may charge a Redemption Fee on redemptions of Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below, which will be deducted from the payment of the Redemption Price. The Redemption Fee is equal to a maximum percentage of the Redemption Price or such other amount as specified for each Sub-Fund or Share Class in the Supplement, where applicable.

Investors wishing to redeem their Shares in part or in whole must submit a Redemption Form. The Redemption Form must be submitted to the Administrator or a Distributor following the instructions on such form. The Redemption Form is available from the Management Company, Administrator or a Distributor on request or on *website*.

The Fund will only process redemption applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications.

Applications must be submitted to the Administrator or a Distributor by the Cut-Off Time for the Redemption Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at the Redemption Price applicable to that Redemption Day. Different Cut-Off Times may apply for applications submitted to certain Distributors and/or by investors in different time zones, provided that the applicable Cut-Off Time must always be earlier than the time when the applicable Net Asset Value is calculated. Investors should refer to the local sales documents for their jurisdiction or contact their local Distributor to find out which Cut-Off Time is applicable to them.

Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Redemption Day. However, the Fund may accept redemption applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The redemption of Shares of a Sub-Fund or Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Sub-Fund or Share Class is suspended by the Fund, as described in section 8.4 (Temporary suspension of the Net Asset Value calculation) below. The redemption of Shares of a Sub-Fund or Share Class may also be suspended in other exceptional cases where the circumstances and the best interest of the investors so require.

7.9.2 Settlement of redemption

Redemption proceeds equal to the full amount of the Redemption Price (less any Redemption Fee) will normally be paid by the end of the Redemption Settlement Period specified in the Supplement. Different settlement procedures may apply in certain jurisdictions in which Shares are distributed due to constraints under local laws and regulations. Investors should refer to the local sales documents for their jurisdiction or contact their local paying agent for further information. The Fund will not accept responsibility for any delays or charges incurred at any receiving bank or clearing system.

Payment of redemption proceeds will be made by wire transfer on the bank account of the redeeming investor and at its risks and costs. Redemption proceeds will be paid in the Reference Currency of the Sub-Fund or the Share Class.

The Fund reserves the right to postpone the payment of redemption proceeds after the end of the normal Redemption Settlement Period when there is insufficient liquidity or in other exceptional circumstances. If redemption proceeds cannot be paid by the end of the Redemption Settlement Period, the payment will be made as soon as reasonably practicable thereafter. The Fund may also delay the settlement of redemptions until reception of all information and supporting documentation deemed necessary to process the application, as described above. In any event, no redemption proceeds will be paid unless and until cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) due but not yet paid for the Shares to be redeemed has been received by the Fund. No interest will be paid to investors on redemption proceeds paid after the end of the Redemption Settlement Period.

7.9.3 Redemption in kind

The Fund may, in order to facilitate the settlement of substantial redemption applications or in

other exceptional circumstances, propose to an investor a “redemption in kind” whereby the investor receives a portfolio of assets of the Sub-Fund of equivalent value to the Redemption Price (less any Redemption Fee). In such circumstances the investor must specifically consent to the redemption in kind and may always request a cash redemption payment instead. In proposing or accepting a request for redemption in kind at any given time, the Fund shall take into account the interest of other investors of the Sub-Fund and the principle of fair treatment. Where the investor accepts a redemption in kind, he will receive a selection of assets of the Sub-Fund. Any redemption in kind will be valued independently in a special report issued by the Auditor or any other independent auditor (*réviseur d'entreprises agréé*) agreed by the Fund. The Fund and the redeeming investor will agree on specific settlement procedures. Any costs incurred in connection with a redemption in kind, including the costs of issuing a valuation report, shall be borne by the redeeming investor or by such other third party as agreed by the Fund.

7.10 Conversion of Shares

Applications for conversions of Shares of any Share Class (called the Original Shares) into Shares of another Share Class of the same or another Sub-Fund (called the New Shares) can be submitted for each Conversion Day provided that a complete application is submitted by the Cut-Off Time for that Conversion Day. The number of New Shares issued upon a conversion will be based on the respective Net Asset Values per Share of the Original Shares and the New Shares for the Conversion Day (which, for the avoidance of doubt, may be a different day for the Original Shares and the New Shares). The Original Shares will be redeemed and the New Shares will be issued on the Conversion Day. The conversion procedure is further described below.

7.10.1 Conversion application

Unless set out otherwise in the Supplement, investors may apply for conversion of Original Shares into New Shares on each Conversion Day. However, the right to convert the Original Shares is subject to compliance with any investor eligibility requirements applicable to the New Shares. In addition, conversion applications are subject to the provisions on the minimum initial or additional subscription amounts applicable to the New Shares and the minimum holding amount applicable to the Original Shares.

The number of New Shares issued upon a conversion will be based upon the respective Net Asset Values of the Original Shares and the New Shares for the Conversion Day. These Net Asset Values are unknown to the investors when they place their conversion application.

The Fund may charge a Conversion Fee on conversions of Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below and specified in the Supplement. For the avoidance of doubt, no Subscription Fee or Redemption Fee will apply on conversions in addition to the Conversion Fee, if any.

Investors wishing to convert their Shares must submit a Conversion Form. The Conversion Form must be submitted to the Administrator or a Distributor following the instructions on such form. The Conversion Form is available from the Management Company, Administrator or a Distributor on request or on *website*.

The Fund will only process conversion applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. The Fund may delay the acceptance of unclear or incomplete applications until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications.

Applications must be submitted to the Administrator or a Distributor by the Cut-Off Time for the Conversion Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at a conversion rate based on the respective Net Asset Values of the Original Shares and the New Shares on the Conversion Day. Different Cut-Off Times may apply for applications submitted to certain Distributors and/or by investors in different time zones, provided that the applicable Cut-Off Time must always be earlier than the time when the applicable Net Asset Value is calculated. Investors should refer to the local sales documents for their jurisdiction or contact their local Distributor to find out which Cut-Off Time is applicable to them.

Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Conversion Day. However, the Fund may accept conversion applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.13 (Late trading, market timing and other prohibited practices) below.

The Fund reserves the right to reject any application for conversion of Shares into New Shares, in whole or in part, including, without limitation, where the Fund decides to close the Sub-Fund or Share Class to new subscriptions or new investors. In any event, no conversion application will be processed unless and until cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) for the Original Shares has been received by the Fund.

The conversion of Shares shall be suspended whenever the determination of the Net Asset Value per Share of the Original Shares or the New Shares is suspended by the Fund in accordance with section 8.4 (Temporary suspension of the Net Asset Value calculation) below, or when the redemption of Original Shares or the subscription for New Shares is suspended in accordance with the Articles of Association and this Prospectus.

7.10.2 Conversion rate

The rate at which the Original Shares are converted into New Shares is determined on the basis of the following formula:

$$A = (B \times C \times D) / E$$

where:

- A is the number of New Shares to be allocated;
- B is the number of Original Shares to be converted into New Shares;
- C is the Net Asset Value per Share of the Original Shares for the Conversion Day;
- D is the exchange rate, as determined by the Fund, between the Reference Currency of the Original Shares and that of the New Shares. Where the Reference Currencies are the same, D equals one (1); and
- E is the Net Asset Value per Share of the New Shares for the Conversion Day.

A Conversion Fee may be applied, if and to the extent set out in the Supplement. The Conversion Fee is equal to the positive difference, if any, between the Subscription Fee applicable to the New Shares and the Subscription Fee paid on the Original Shares, or such lower amount as specified for each Share Class in the Supplement, where applicable.

7.11 Transfer of Shares

7.11.1 Conditions and limitations on transfer of Shares

Shares are freely transferable subject to the restrictions set out in the Articles of Association and this Prospectus. In particular, the Fund may deny giving effect to any transfer of Shares if it determines that such transfer would result in the Shares being held by, on behalf or for the account or benefit of, Prohibited Persons.

Subject to the above, the transfer of Shares will normally be given effect by the Fund by way of declaration of transfer entered in the register of shareholders of the Fund following the delivery to the Administrator of an instrument of transfer duly completed and executed by the transferor and the transferee, in a form accepted by the Fund.

The Fund will only give effect to Share transfers that it considers clear and complete. The Administrator may require from the transferor and/or the transferee all of the information and supporting documentation it deems necessary to give effect to the transfer. Investors are advised to contact the Administrator prior to requesting a transfer to ensure that they have all the correct documentation for the transaction. The Fund may delay the acceptance of unclear or incomplete transfer orders until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete transfer orders may lead to delays in their execution. The Fund will not accept liability for any loss suffered by transferors and/or transferees as a result of unclear or incomplete transfer orders.

Shares which are eligible for clearing and settlement by Clearstream and Euroclear may also be transferred through securities accounts maintained within such systems in accordance with applicable laws and regulations, and the operating rules of the systems.

7.12 Special considerations

7.12.1 Minimum subscription and holding amounts

The subscription for Shares may be subject to a minimum initial subscription amount and/or additional subscription amount, as specified for each Share Class in the Supplement. The Fund may reject any application for subscription for or conversion into Shares of a Share Class which does not meet the applicable minimum initial subscription amount or additional subscription amount for that Share Class, if any.

In addition, the holding of Shares may be subject to a minimum holding amount, as specified for each Share Class in the Supplement. The Fund may treat any application for redemption or conversion of part of a holding of Shares in a Share Class as a deemed application for redemption or conversion of the entire holding of the redeeming investor in that Share Class if, as a result of such application, the Net Asset Value of the Shares retained by the investor in that Share Class would fall below the applicable minimum holding amount. Alternatively, the Fund may grant a grace period to the investor so as to allow him to increase his holding to at least the minimum holding amount.

The Fund may further deny giving effect to any transfer of Shares if, as a result of such transfer, the Net Asset Value of the Shares retained by the transferor in a Share Class would fall below the minimum holding amount for that Share Class, or if the Net Asset Value of the Shares acquired by the transferee in a Share Class would be less than the minimum initial or additional

subscription amounts, as applicable. In such cases, the Fund will notify the transferor that it will not give effect to the transfer of the Shares.

Alternatively, the Fund has the discretion, from time to time, to waive any applicable minimum initial subscription amount, minimum additional subscription amount and/or minimum holding amount provided that investors are treated fairly. In particular, the Fund may waive all or part of such requirements for investments made by certain nominees and other professional intermediaries.

7.12.2 Minimum or maximum level of assets under management

The Fund may decide to cancel the launch of a Sub-Fund or Share Class before the end of the Initial Offer where that Sub-Fund or Share Class has not reached the minimum or expected level of assets under management for such Sub-Fund or Share Class to be operated in an economically efficient manner. In such event, applications for subscription will be refused and subscription proceeds previously received by the Fund will be returned to the applicant.

Where applications for redemptions or conversions out of a Sub-Fund or Share Class on a particular Redemption Day or Conversion Day represent the total number of Shares in issue in that Sub-Fund or Share Class, or the remaining number of Shares in issue after such redemptions or conversions would represent a total Net Asset Value below the minimum level of assets under management required for such Sub-Fund or Share Class to be operated in an efficient manner, the Fund may decide to terminate and liquidate the Sub-Fund or Share Class in accordance with the procedure set out in section 10.9.4 (Liquidation) below. In such a case, all remaining Shares of the Sub-Fund or Share Class will be redeemed.

The Fund may also decide to close a Sub-Fund or Share Class to new subscriptions or new investors where that Sub-Fund or Share Class has reached or is about to reach its maximum or expected level of assets under management, where accepting new subscriptions or investors would be detrimental to the performance of the Sub-Fund or Share Class, or in other circumstances determined by the Board of Directors. In such events, applications for subscription will be refused, in whole or in part, and subscription proceeds previously received by the Fund will be returned to the applicant.

7.12.3 Suspension of issue, redemption or conversion of Shares

The issue, redemption or conversion of Shares in a Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Share Class is suspended by the Fund in accordance with section 8.4 (Temporary suspension of the Net Asset Value calculation) below and in other circumstances specified in the Articles of Association and this Prospectus.

Suspended subscriptions, redemptions and conversions will be treated as deemed applications for subscriptions, redemptions or conversions in respect of the first Subscription Day, Redemption Day or Conversion Day following the end of the suspension period unless the investors have withdrawn their applications for subscription, redemption or conversion by written notification received by the Fund before the end of the suspension period.

7.12.4 Deferral of redemption or conversion of Shares

If on any given Redemption Day or Conversion Day, applications for redemption or conversion of Shares out of a Sub-Fund or Share Class represent in aggregate more than ten percent

(10%) of the Net Asset Value of the Sub-Fund or Share Class, the Fund may decide that part (on a *pro rata* basis) or all of such requests for redemption or conversion will be deferred to the next or subsequent Redemption Days or Conversion Days until the application is processed in full. On a next or subsequent Redemption Day or Conversion Day, deferred redemption or conversion requests will be met in priority to requests submitted in respect of such Redemption Day or Conversion Day.

The Fund also reserves the right to postpone the payment of redemption proceeds after the end of the normal Redemption Settlement Period in accordance with the provisions set out in section 7.9 (Redemption of Shares) above.

As an alternative to deferring applications for redemptions, the Fund may propose to an investor, who accepts, to settle a redemption application, in whole or in part, by a distribution in kind of certain assets of the Sub-Fund or Share Class in lieu of cash, subject to the conditions set out in section 7.9 (Redemption of Shares) above.

7.13 Late trading, market timing and other prohibited practices

The Fund does not permit late trading practices as such practices may adversely affect the interests of investors. In general, late trading is to be understood as the acceptance of a subscription, redemption or conversion order for Shares after the Cut-Off Time for a Subscription Day, Redemption Day or Conversion Day and the execution of such order at a price based on the Net Asset Value applicable to such same day. However, as mentioned above, the Fund may accept subscription, conversion or redemption applications received after the Cut-Off Time, in circumstances where the subscription, redemption or conversion applications are dealt with on an unknown Net Asset Value basis, provided that it is in the interest of the Sub-Fund and that investors are fairly treated. In particular, the Fund may waive the Cut-Off Time where a Distributor and/or another intermediary submits the application to the Administrator after the Cut-Off Time provided that such application has been received by the Distributor or the intermediary from the investor in advance of the Cut-Off Time.

Subscriptions and conversions of Shares should be made for investment purposes only. The Fund does not permit market timing or other excessive trading practices. Market timing is to be understood as an arbitrage method by which an investor systematically subscribes and redeems or converts Shares of the same Sub-Fund or Share Class within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the Net Asset Value. Excessive, short-term (market timing) trading practices may disrupt portfolio management strategies and harm fund performance. To minimise harm to the Fund and other investors, the Fund has the right to reject any subscription or conversion order, from any investor who is engaging or is suspected of engaging in excessive trading, or has a history of excessive trading, or if an investor's trading, in the opinion of the Board of Directors, has been or may be disruptive to the Fund. In making this judgment, the Board of Directors may consider trading done in multiple accounts under common ownership or control.

The Fund also has the power to compulsorily redeem all Shares held by, on behalf or for the account or benefit of, an investor who is or has been engaged in, or is suspected of being engaged in, late trading, market timing or other excessive trading, in accordance with the procedure set out in this Prospectus. The Board of Directors considers such persons as Prohibited Persons.

The Fund will not be held liable for any loss resulting from rejected orders or compulsory redemptions.

7.14 Prohibited Persons

The Articles of Association give powers to the Board of Directors to restrict or prevent the legal or beneficial ownership of Shares or prohibit certain practices such as late trading and market timing by any person (individual, corporation, partnership or other entity), if in the opinion of the Board of Directors such ownership or practices may (i) result in a breach of any provisions of the Articles of Association, the Prospectus or the laws or regulations of any jurisdiction, or (ii) require the Fund or the Management Company to be registered under any laws or regulations whether as an investment fund or otherwise, or cause the Fund to be required to comply with any registration requirements in respect of any of its Shares, whether in the United States of America or in any other jurisdiction, or (iii) may cause the Fund, the Management Company or the investors any legal, regulatory, taxation, administrative or financial disadvantages which they would not have otherwise incurred (a Prohibited Person).

The Board of Directors has decided that US Persons will be considered as Prohibited Persons. By signing a Subscription Form, an applicant will certify, represent, warrant and agree that he is not a US Person or that the Shares applied for are not being acquired directly or indirectly by, on behalf or for the account or benefit of, a US Person. An applicant will further certify, represent, warrant and agree that the applicant will notify the Fund in the event that either the applicant becomes a US Person or holds the Shares on behalf of, or for the account or benefit of, a US Person. If an applicant's status changes and it becomes a US Person, it must notify the relevant party as mentioned above within thirty (30) days. The Board of Directors has also decided that any person not qualifying as an Eligible Investor will be considered as a Prohibited Person.

Furthermore, the Board of Directors has decided that any person who is or has been engaged in, or is suspected of being engaged in, late trading, market timing or other excessive trading, directly or indirectly, as described in section 7.13 (Late trading, market timing and other prohibited practices) above, will be considered as a Prohibited Person.

The Fund may decline to issue any Shares and to accept any transfer of Shares, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. The Fund may require at any time any investor or prospective investor to provide the Fund with any representations, warranties, or information, together with supporting documentation, which the Fund may consider necessary for the purpose of determining whether the issue or transfer would result in Shares being held by, on behalf or for the account or benefit of, a Prohibited Person.

The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons or investors who are found to be in breach of, or have failed to provide, the abovementioned representations, warranties or information in a timely manner. In such cases, the Fund will notify the investor of the reasons which justify the compulsory redemption of Shares, the number of Shares to be redeemed and the indicative Redemption Day on which the compulsory redemption will occur. The Redemption Price shall be determined in accordance with section 7.9 (Redemption of Shares) above.

The Fund may also grant a grace period to the investor for remedying the situation causing the compulsory redemption, for instance by transferring the Shares to one or more investors who are not Prohibited Persons and do not act on behalf or for the account or benefit of, Prohibited Persons, and/or propose to convert the Shares held by any investor who fails to satisfy the investor eligibility requirements for a Shares Class into Shares of another Share Class available for such investor.

The Fund reserves the right to require the investor to indemnify the Fund against any losses, costs or expenses arising as a result of any Shares being held by, on behalf or for the account or benefit of, a Prohibited Person or investors who are found to be in breach of, or have failed to provide, the abovementioned representations, warranties or information in a timely manner. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the investor's other Shares, if any, in order to pay for such losses, costs or expenses.

7.15 Prevention of money laundering

The Fund must comply with applicable international and Luxembourg laws and regulations regarding the prevention of money laundering and terrorist financing, including in particular with the 2004 Law, and implementing regulations and CSSF circulars adopted from time to time. In particular, anti-money laundering measures in force in Luxembourg require the Fund, on a risk sensitive basis, to establish and verify the identity of subscribers for Shares (as well as the identity of any intended beneficial owners of the Shares if they are not the subscribers) and the origin of subscription proceeds and to monitor the business relationship on an ongoing basis.

Subscribers for Shares will be required to provide to the Fund the information set out in the Subscription Form, depending on their legal form (individual, corporate or other category of subscriber).

The Fund is required to establish anti-money laundering controls and may require from subscribers for Shares all documentation deemed necessary to establish and verify this information. The Fund or any agent authorised by the Fund, has the right to request additional information until it is reasonably satisfied that it understands the identity and economic purpose of the subscriber. Furthermore, any investor is required to notify the Fund prior to the occurrence of any change in the identity of any beneficial owner of Shares. The Fund or any agent authorised by the Fund, may require from existing investor, at any time, additional information together with all supporting documentation deemed necessary for the Fund to comply with anti-money laundering measures in force in Luxembourg.

Depending on the circumstances of each application, a simplified customer due diligence might be applicable, where a subscriber is a credit institution or financial institution governed by the 2004 Law or a credit or financial institution, within the meaning of Directive 2015/849/EU, of another EU/EEA member state or situated in a third country which imposes requirements equivalent to those laid down in the 2004 Law or in Directive 2015/849/EU and is supervised for compliance with those requirements. These procedures will only apply if the credit or financial institution referred to above is located within a country recognised by the Fund as having equivalent anti-money laundering regulations to the 2004 Law.

Failure to provide information or documentation deemed necessary for the Fund to comply with anti-money laundering measures in force in Luxembourg may result in delays in, or rejection of, any subscription or conversion application and/or delays in any redemption application.

8. VALUATION AND NET ASSET VALUE CALCULATION

The Net Asset Value of each Sub-Fund and Share Class is determined by performing a valuation of the assets and liabilities of the Fund and allocating them to the Sub-Funds and Share Classes, in order to calculate the Net Asset Value per Share of each Share Class of each Sub-Fund. The method for the valuation of the assets and liabilities, the allocation to the Sub-Funds and Share Classes, and the calculation of the Net Asset Value is set out in the Articles of Association and is also described in this section of the Prospectus.

8.1 Calculation of the Net Asset Value

The Net Asset Value per Share shall be determined by the Administrator as of each Valuation Day (as specified for each Sub-Fund in the Supplement) and at least twice a month. It shall be calculated by dividing the Net Asset Value of the Share Class of a Sub-Fund by the total number of Shares of such Share Class in issue as of that Valuation Day. The Net Asset Value per Share shall be expressed in the Reference Currency of the Share Class and may be rounded up or down to:

- tree (3) decimal places for the Share Class in "USD".
- four (4) decimal places for all the over Share Classes.

The Net Asset Value of a Share Class is equal to the value of the assets allocated to such Share Class within a Sub-Fund less the value of the liabilities allocated to such Share Class, both being calculated as of each Valuation Day according to the valuation procedure described below.

The Net Asset Value of a Sub-Fund is equal to the value of the assets allocated to such Sub-Fund less the value of the liabilities allocated to such Sub-Fund, both calculated as of each Valuation Day in the Reference Currency of the Sub-Fund according to the valuation procedure described below.

The Net Asset Value of the Fund will at all times be equal to the sum of the Net Asset Values of all Sub-Funds expressed in the Reference Currency of the Fund. The Net Asset Value of the Fund must at all times be at least equal to the minimum share capital required by the 2010 Law which is currently EUR 1,250,000, except during the first six (6) months after the approval of the Fund by the CSSF.

8.2 Valuation procedure

8.2.1 General

The assets and liabilities of the Fund will be valued in accordance with the Articles of Association and the provisions outlined below.

The Board of Directors may apply other valuation principles or alternative methods of valuation that it considers appropriate in order to determine the probable realisation value of any asset if applying the rules described below appears inappropriate or impracticable.

The Board of Directors may adjust the value of any asset if the Board of Directors determines that such adjustment is required to reflect its fair value taking into account its denomination, maturity, liquidity, applicable or anticipated interest rates or dividend distributions or any other relevant considerations.

If, after the time of determination of the Net Asset Value but before publication of the Net Asset Value for a Valuation Day, there has been a material change affecting the exchanges or

markets on which a substantial portion of the investments of a Sub-Fund are quoted, listed or traded, the Board of Directors may cancel the first valuation and carry out a second valuation in order to safeguard the interest of investors. In such a case, the Net Asset Value used for processing subscription, redemption and conversion applications for that Valuation Day will be based on the second calculation.

For the purpose of calculating the Net Asset Value in accordance with the valuation principles set out below, the Board of Directors has authorised the Administrator to rely in whole or in part upon valuations provided by available pricing sources for the relevant asset, including data vendors and pricing agencies (such as Bloomberg or Reuters), fund administrators, brokers, dealers and valuation specialists, provided that such pricing sources are considered reliable and appropriate and provided that there is no manifest error or negligence in such valuations. In the event that valuations are not available or valuations may not correctly be assessed using such pricing sources, the Administrator will rely upon valuation methods and determinations provided by the Board of Directors.

The Board of Directors and the Administrator may consult with and seek the advice of the Management Company in valuing the Fund's assets.

In the absence of fraud, bad faith, negligence or manifest error, any decision taken in accordance with the Articles of Association and the Prospectus by the Board of Directors or any agent appointed by the Board of Directors in connection with the valuation of the Fund's assets and the calculation of the Net Asset Value of the Fund, a Sub-Fund or a Share Class, the Net Asset Value per Share will be final and binding on the Fund and on all investors, and neither the Board of Directors nor any agent appointed by the Board of Directors shall accept any individual liability or responsibility for any determination made or other action taken or omitted by them in this connection.

8.2.2 Assets of the Fund

Subject to the rules on the allocation to Sub-Funds and Share Classes below, the assets of the Fund shall include the following:

- 1) all cash on hand or on deposit, including any outstanding accrued interest;
- 2) all bills and any types of notes or accounts receivable, including outstanding proceeds of any disposal of financial instruments;
- 3) all securities and financial instruments, including shares, bonds, notes, certificates of deposit, debenture stocks, options or subscription rights, warrants, money market instruments and all other investments belonging to the Fund;
- 4) all dividends and distributions payable to the Fund either in cash or in the form of stocks and shares (which will normally be recorded in the Fund's books as of the ex-dividend date, provided that the Fund may adjust the value of the security accordingly);
- 5) all outstanding accrued interest on any interest-bearing instruments belonging to the Fund, unless this interest is included in the principal amount of such instruments;
- 6) the formation expenses of the Fund or a Sub-Fund, to the extent that such expenses have not already been written off; and

- 7) all other assets of any kind and nature including expenses paid in advance.

8.2.3 Liabilities of the Fund

Subject to the rules on the allocation to Sub-Funds and Share Classes below, the liabilities of the Fund shall include the following:

- 1) all loans, bills or accounts payable, accrued interest on loans (including accrued fees for commitment for such loans);
- 2) all known liabilities, whether or not already due, including all contractual obligations that have reached their term, involving payments made either in cash or in the form of assets, including the amount of any dividends declared by the Fund but not yet paid;
- 3) a provision for any tax accrued to the Valuation Day and any other provisions authorised or approved by the Fund; and
- 4) all other liabilities of the Fund of any kind recorded in accordance with applicable accounting rules, except liabilities represented by Shares. In determining the amount of such liabilities, the Fund will take into account all expenses, fees, costs and charges payable by the Fund as set out in section 9 (Fees and expenses) below.

Adequate provisions shall be made for unpaid administrative and other expenses of a regular or recurring nature based on an estimated amount accrued for the applicable period. Any off-balance sheet liabilities shall duly be taken into account in accordance with fair and prudent criteria.

The fees and expenses incurred in connection with the formation of the Fund or a Sub-Fund will be borne by the Management Company.

8.2.4 Valuation principles

In accordance with the Articles of Association, the valuation of the assets of the Fund will be conducted as follows:

- 1) The value of any cash on hand or on deposit, bills or notes payable, accounts receivable, prepaid expenses, cash dividends and interest accrued but not yet received shall be equal to the entire nominal or face amount thereof, unless the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Board of Directors may consider appropriate in such case to reflect the true value thereof.
- 2) Transferable Securities and Money Market Instruments which are quoted, listed or traded on an exchange or regulated market will be valued, unless otherwise provided under paragraphs 3) and 6) below, at the last available market price or quotation, prior to the time of valuation, on the exchange or regulated market where the securities or instruments are primarily quoted, listed or traded. Where securities or instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors will determine on which exchange or regulated market the securities or instruments are primarily quoted, listed or traded and the market prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Transferable Securities and Money Market Instruments for which market prices or

quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market, will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.

- 3) Notwithstanding paragraph 2) above, where permitted under applicable laws and regulations, Money Market Instruments may be valued using an amortisation method whereby instruments are valued at their acquisition cost as adjusted for amortisation of premium or accrual of discount on a constant basis until maturity, regardless of the impact of fluctuating interest rates on the market value of the instruments. The amortisation method will only be used if it is not expected to result in a material discrepancy between the market value of the instruments and their value calculated according to the amortisation method.
- 4) Financial derivative instruments which are quoted, listed or traded on an exchange or regulated market will be valued at the last available closing or settlement price or quotation, prior to the time of valuation, on the exchange or regulated market where the instruments are primarily quoted, listed or traded. Where instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors will determine on which exchange or regulated market the instruments are primarily quoted, listed or traded and the closing or settlement prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Financial derivative instruments for which closing or settlement prices or quotations are not available or representative will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.
- 5) Financial derivative instruments which are traded “over-the-counter” (OTC) will be valued daily at their fair market value, on the basis of valuations provided by the counterparty which will be approved or verified on a regular basis independently from the counterparty. Alternatively, OTC financial derivative instruments may be valued on the basis of independent pricing services or valuation models approved by the Board of Directors which follow international best practice and valuation principles. Any such valuation will be reconciled to the counterparty valuation on a regular basis independently from the counterparty, and significant differences will be promptly investigated and explained.
- 6) Notwithstanding paragraph 2) above, shares or units in target investment funds (including UCITS and UCI) will be valued at their latest available official net asset value, as reported or provided by or on behalf of the investment fund or at their latest available unofficial or estimated net asset value if more recent than the latest available official net asset value, provided that the Board of Directors is satisfied of the reliability of such unofficial net asset value. The Net Asset Value calculated on the basis of unofficial net asset values of the target investment fund may differ from the Net Asset Value which would have been calculated, on the same Valuation Day, on the basis of the official net asset value of the target investment fund. Alternatively, shares or units in target investment funds which are quoted, listed or traded on an exchange or regulated market may be valued in accordance with the provisions of paragraph 2) above.
- 7) The value of any other asset not specifically referenced above will be the probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.

8.2.5 Allocation of assets and liabilities to Sub-Funds and Share Classes

Assets and liabilities of the Fund will be allocated to each Sub-Fund and Share Class in accordance with the provisions of the Articles of Association, as set out below, and the Supplement of the Sub-Fund.

- 1) The proceeds from the issue of Shares of a Sub-Fund or Share Class, all assets in which such proceeds are invested or reinvested and all income, earnings, profits or assets attributable to or deriving from such investments, as well as all increase or decrease in the value thereof, will be allocated to that Sub-Fund or Share Class and recorded in its books. The assets allocated to each Share Class of the same Sub-Fund will be invested together in accordance with the investment objective, policy, and strategy of that Sub-Fund, subject to the specific features and terms of issue of each Share Class of that Sub-Fund, as specified in its Supplement (see section 7.1 (Shares, Sub-Funds and Share Classes) above).
- 2) All liabilities of the Fund attributable to the assets allocated to a Sub-Fund or Share Class or incurred in connection with the creation, operation or liquidation of a Sub-Fund or Share Class will be charged to that Sub-Fund or Share Class and, together with any increase or decrease in the value thereof, will be allocated to that Sub-Fund or Share Class and recorded in its books. In particular and without limitation, the costs and any benefit of any Share Class specific feature will be allocated solely to the Share Class to which the specific feature relates.
- 3) Any assets or liabilities not attributable to a particular Sub-Fund or Share Class may be allocated by the Board of Directors in good faith and in a manner which is fair to investors generally and will normally be allocated to all Sub-Funds or Share Classes *pro rata* to their Net Asset Value.

Subject to the above, the Board of Directors may at any time vary the allocation of assets and liabilities previously allocated to a Sub-Fund or Share Class.

8.2.6 Additional rules for assets and liabilities of the Fund

In calculating the Net Asset Value of each Sub-Fund or Share Class the following principles will apply.

- 1) Each Share agreed to be issued by the Fund on each Subscription Day will be deemed to be in issue and existing immediately after the time of valuation on the Subscription Day. From such time and until the Subscription Price is received by the Fund, the assets of the Sub-Fund or Share Class concerned will be deemed to include a claim of that Sub-Fund or Share Class for the amount of any cash or other property to be received in respect of the issue of such Shares. The Net Asset Value of the Sub-Fund or Share Class will be increased by such amount immediately after the time of valuation on the Subscription Day.
- 2) Each Share agreed to be redeemed by the Fund on each Redemption Day will be deemed to be in issue and existing until and including the time of valuation on the Redemption Day. Immediately after the time of valuation and until the Redemption Price is paid by the Fund, the liabilities of the Sub-Fund or Share Class concerned will be deemed to include a debt of that Sub-Fund or Share Class for the amount of any cash or other property to be paid in respect of the redemption of such Shares. The Net Asset

Value of the Sub-Fund or Share Class will be decreased by such amount immediately after the time of valuation on the Redemption Day.

- 3) Following a declaration of dividends for Distribution Shares on a Valuation Day determined by the Fund to be the distribution accounting date, the Net Asset Value of the Sub-Fund or Share Class will be decreased by such amount as of the time of valuation on that Valuation Day.
- 4) Where assets have been agreed to be purchased or sold but such purchase or sale has not been completed at the time of valuation on a given Valuation Day, such assets will be included in or excluded from the assets of the Fund, and the gross purchase price payable or net sale price receivable will be excluded from or included in the assets of the Fund, as if such purchase or sale had been duly completed at the time of valuation on that Valuation Day, unless the Fund has reason to believe that such purchase or sale will not be completed in accordance with its terms. If the exact value or nature of such assets or price is not known at the time of valuation on the Valuation Day, its value will be estimated by the Fund in accordance with the valuation principles described above.
- 5) The value of any asset or liability denominated or expressed in a currency other than the Reference Currency of the Fund, Sub-Fund or Share Class will be converted, as applicable, into the Reference Currency of the Fund, Sub-Fund or Share Class at the prevailing foreign exchange rate at the time of valuation on the Valuation Day concerned which the Board of Directors considers appropriate.

8.2.7 Adjustments

In certain circumstances, subscriptions, redemptions, and conversions in a Sub-Fund may have a negative impact on the Net Asset Value per Share. Where subscriptions, redemptions, and conversions in a Sub-Fund cause the Sub-Fund to buy and/or sell underlying investments, the value of these investments may be affected by bid/offer spreads, trading costs and related expenses including transaction charges, brokerage fees, and taxes. This investment activity may have a negative impact on the Net Asset Value per Share called “dilution”. In order to protect existing or remaining investors from the potential effect of dilution, the Fund may apply a “swing pricing” methodology as further explained below. The Fund may apply a so-called “swing pricing” methodology which adjusts the Net Asset Value per Share to account for the aggregate costs of buying and/or selling underlying investments. The Net Asset Value per Share will be adjusted by a certain percentage set by the Board of Directors from time to time for each Sub-Fund called the “swing factor” which represents the estimated bid-offer spread of the assets in which the Sub-Fund invests and estimated tax, trading costs, and related expenses that may be incurred by the Sub-Fund as a result of buying and/or selling underlying investments (called the Swing Factor). As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the Swing Factor may be different for net subscriptions and net redemptions in a Sub-Fund. Generally, the Swing Factor will not exceed five percent (5%) of the Net Asset Value per Share unless otherwise set out for each Sub-Fund in the Supplement. A periodical review will be undertaken in order to verify the appropriateness of the Swing Factor in view of market conditions.

The Board of Directors will determine if a partial swing or full swing is adopted. If a partial swing is adopted, the Net Asset Value per Share will be adjusted upwards or downwards if net subscriptions or redemptions in a Sub-Fund exceed a certain threshold set by the Board of Directors from time to time for each Sub-Fund (called the Swing Threshold). If a full swing is

adopted, no Swing Threshold will apply. The Swing Factor will have the following effect on subscriptions or redemptions:

- 1) on a Sub-Fund experiencing levels of net subscriptions on a Valuation Day (i.e. subscriptions are greater in value than redemptions) (in excess of the Swing Threshold, where applicable) the Net Asset Value per Share will be adjusted upwards by the Swing Factor; and
- 2) on a Sub-Fund experiencing levels of net redemptions on a Valuation Day (i.e. redemptions are greater in value than subscriptions) (in excess of the Swing Threshold, where applicable) the Net Asset Value per Share will be adjusted downwards by the Swing Factor.

The volatility of the Net Asset Value of the Sub-Fund might not reflect the true portfolio performance (and therefore might deviate from the Sub-Fund's benchmark, where applicable) as a consequence of the application of swing pricing. The Performance Fee, where applicable, will be charged on the basis of the unswung Net Asset Value of the Sub-Fund.

As at the date of the present Prospectus, there is no recourse to swing pricing.

8.3 Publication of the Net Asset Value

The publication of the Net Asset Values will take place on the next Business Day after a Valuation Day unless otherwise provided for in the Supplement. The Net Asset Value per Share of each Share Class within each Sub-Fund will be available from the Management Company, Administrator and/or Distributors during normal business hours and is published on website **www.lonviacapital.com**.

8.4 Temporary suspension of the Net Asset Value calculation

The Board of Directors may temporarily suspend the calculation and publication of the Net Asset Value per Share of any Share Class in any Sub-Fund and/or where applicable, the issue, redemption and conversion of Shares of any Share Class in any Sub-Fund in the following cases:

- 1) when any exchange or regulated market that supplies the price of the assets of a Sub-Fund is closed, otherwise than on ordinary holidays, or in the event that transactions on such exchange or market are suspended, subject to restrictions, or impossible to execute in volumes allowing the determination of fair prices;
- 2) when the information or calculation sources normally used to determine the value of the assets of a Sub-Fund are unavailable;
- 3) during any period when any breakdown or malfunction occurs in the means of communication network or IT media normally employed in determining the price or value of the assets of a Sub-Fund, or which is required to calculate the Net Asset Value per Share;
- 4) when exchange, capital transfer or other restrictions prevent the execution of transactions of a Sub-Fund or prevent the execution of transactions at normal rates of exchange and conditions for such transactions;

- 5) when exchange, capital transfer or other restrictions prevent the repatriation of assets of a Sub-Fund for the purpose of making payments on the redemption of Shares or prevent the execution of such repatriation at normal rates of exchange and conditions for such repatriation;
- 6) when the legal, political, economic, military or monetary environment, or an event of force majeure, prevent the Fund from being able to manage the assets of a Sub-Fund in a normal manner and/or prevent the determination of their value in a reasonable manner;
- 7) when there is a suspension of the net asset value calculation or of the issue, redemption or conversion rights by the investment fund(s) in which a Sub-Fund is invested;
- 8) following the suspension of the net asset value calculation and/or the issue, redemption and conversion at the level of a Master Fund in which a Sub-Fund invests as a Feeder Fund;
- 9) when, for any other reason, the prices or values of the assets of a Sub-Fund cannot be promptly or accurately ascertained or when it is otherwise impossible to dispose of the assets of the Sub-Fund in the usual way and/or without materially prejudicing the interests of investors;
- 10) in the event of a notice to shareholders of the Fund convening an extraordinary general meeting of shareholders for the purpose of dissolving and liquidating the Fund or informing them about the termination and liquidation of a Sub-Fund or Share Class, and more generally, during the process of liquidation of the Fund, a Sub-Fund or Share Class;
- 11) during the process of establishing exchange ratios in the context of a merger, a contribution of assets, an asset or share split or any other restructuring transaction;
- 12) during any period when the dealing of the Shares of a Sub-Fund or Share Class on any relevant stock exchange where such Shares are listed is suspended or restricted or closed; and
- 13) in exceptional circumstances, whenever the Board of Directors considers it necessary in order to avoid irreversible negative effects on the Fund, a Sub-Fund or Share Class, in compliance with the principle of fair treatment of investors in their best interests.

In the event of exceptional circumstances which could adversely affect the interest of investors or where significant requests for subscription, redemption or conversion of Shares are received for a Sub-Fund or Share Class, the Board of Directors reserves the right to determine the Net Asset Value per Share for that Sub-Fund or Share Class only after the Fund has completed the necessary investments or divestments in securities or other assets for the Sub-Fund or Share Class concerned.

The issue, redemption and conversion of Shares in the any Share Class will also be suspended during any such period when the Net Asset Value of such Share Class is not calculated and published.

Any decision to suspend the calculation and publication of the Net Asset Value per Share and/or where applicable, the issue, redemption and conversion of Shares of a Share Class,

will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed and may be published on *website* where appropriate.

The suspension of the calculation of the Net Asset Value and/or, where applicable, of the subscription, redemption and/or conversion of Shares in any Sub-Fund or Share Class will have no effect on the calculation of the Net Asset Value and/or, where applicable, of the subscription, redemption and/or conversion of Shares in any other Sub-Fund or Share Class.

Suspended subscription, redemption, and conversion applications will be treated as deemed applications for subscriptions, redemptions or conversions in respect of the first Subscription Day, Redemption Day or Conversion Day following the end of the suspension period unless the investors have withdrawn their applications for subscription, redemption or conversion by written notification received by the Administrator before the end of the suspension period.

9. FEES AND EXPENSES

9.1 Subscription Fee and Redemption Fee

Subscriptions for Shares may be subject to a Subscription Fee and redemptions of Shares may be subject to a Redemption Fee both calculated as specified in the Supplement, where applicable. Conversions of Shares may be subject to a Conversion Fee calculated as specified in the Supplement, where applicable. For the avoidance of doubt, no Subscription Fee or Redemption Fee will apply on conversions in addition to the Conversion Fee, if any.

Where applicable, an identical Subscription Fee, Redemption Fee, or Conversion Fee will apply, respectively, to all subscriptions, redemptions and conversions of Shares in each Share Class processed on the same Subscription Day, Redemption Day or Conversion Day.

The Subscription Fee, Redemption Fee and Conversion Fee will be paid to the Management Company who may pay all or part of such fees to Distributors as commissions or other fee arrangements or may arrange for the Distributors to receive and retain such fees directly. The Management Company may in its discretion waive all or part of the Subscription Fee, Redemption Fee or Conversion Fee.

Banks and other financial intermediaries appointed by or acting on behalf of the investors, where applicable, may charge administration and/or other fees or commissions to the investors pursuant to arrangements between those banks or other financial intermediaries and the investors. The Fund has no control over such arrangements.

9.2 Management Fee

The Management Company will be entitled to an annual fee equal to a percentage of the average Net Asset Value of each Sub-Fund or Share Class and paid out of the assets of the Fund and allocated to each Sub-Fund and Share Class (as described in section 8.2.5 (Allocation of assets and liabilities to Sub-Funds and Share Classes) above). The Management Fee will accrue on each Valuation Day and will be payable monthly in arrears at the rate specified in the Supplement for each Sub-Fund or Share Class. The Management Company will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties.

The Management Fee covers investment management and marketing services provided by the Management Company or the Distributors. It does not cover, administration services performed by, the Administrator. The Fund pays separate fees to the Administrator as described below.

9.3 Performance Fee

The Management Company may be entitled to receive a Performance Fee with respect to certain Sub-Funds or Share Classes, which may impact the return of the investors' investment in such Sub-Fund or Share Class. The payment and size of the Performance Fee depends on the performance of the Sub-Fund or Share Class over a specified time period in excess of the applicable benchmark as set out in each Supplement. The crystallisation period for the calculation and payment of the performance fee shall be a full calendar year, except (i) for the year during which the Share Class is launched, where the crystallisation period shall be understood as being the period starting as of the launch date of the Share Class and the immediately following 31st of December, (ii) if a Sub-Fund or Share Class is closed or subject

to a merger in the course of a crystallisation period and (iii) where Shares are redeemed on a date other than that on which a Performance Fee is paid while accruals have been made for the Performance Fee (the “**Crystallisation Period**”). In respect of exceptions (ii) and (iii), the Performance Fee will be crystallised at the date of the event triggering the end of the Crystallisation Period and the Performance fee will be paid, even if a Performance Fee is no longer payable at year end (please see below). Crystallisation takes place every year at the end of the financial year.

The Performance Fee is calculated as follows:

- 1) In case of a positive spread (the “**Positive Performance**”) between (i) the performance of the Net Asset Value of the Sub-Fund over a given Crystallisation Period against the Net Asset Value calculated on the first Valuation Day of that Crystallisation Period (the “**Performance**”) and (ii) the performance of the benchmark over that same Crystallisation Period (the “**Benchmark Performance**”), the Performance Fee shall be calculated on the basis of such Positive Performance, it being understood that a Performance Fee may be paid even if the Performance is negative over the Crystallisation Period;
- 2) In case of a spread of zero between the Performance and the Benchmark Performance (the “**Nil Performance**”) during a Crystallisation Period, no Performance Fee will be due for such Crystallisation Period;
- 3) In case of a negative spread between the Performance and the Benchmark Performance (the “**Negative Performance**”) during a Crystallisation Period, no Performance Fee shall be due in respect to such Reference Period and 100% of the Negative Performance shall be carried forward (the “**Negative Bonus**”) to the following Crystallisation Period (the “**Subsequent Crystallisation Period**”).
 - a. If there is a Positive Performance during the Subsequent Crystallisation Period, such Positive Performance shall be netted out with the Negative Bonus (expressed as a negative number). The Performance Fee shall be calculated on the balance resulting from the netting of the Positive Performance with the Negative Bonus (the “**Balance**”). If such Balance is negative, it will constitute a new Negative Bonus which shall be carried forward to the following Crystallisation Period(s) as long as such Negative Bonus has not been compensated by the subsequent Positive Performance(s) incurred by the Sub-Fund in the following Crystallisation Period(s). If the Balance is positive, the provision in point 1. above applies *mutatis mutandis*.
 - b. If there is a Negative Performance during the Subsequent Crystallisation Period, 100% of such Negative Performance shall be added to the Negative Bonus and such increased Negative Bonus will be carried forward as long as such increased Negative Bonus has not been fully compensated by the subsequent Positive Performance(s) incurred by the Sub-Fund in the following Crystallisation Period(s).
 - c. For the avoidance of doubt, no Performance Fee will be payable in any given year as long as the Negative Bonus has not been fully recovered by subsequent Positive Performance(s). Any underperformance of a Sub-Fund compared to the relevant Benchmark must be clawed back before a performance Fee is payable. For this purpose, the length of the reference period is five (5) years.

The Performance Fee is calculated and accrued at each Valuation Day on the basis of the Net Asset Value after deducting all fees and expenses, including the Management Fee (but not the Performance Fee) and adjusting for subscriptions and redemptions during the Crystallisation Period so these will not affect the calculation of the Performance Fee. In the event of redemption of Shares, the Positive Performance (in respect of the Performance Fee) linked to redemptions shall be subject to a specific provision, separate from the provision passed in respect of the Performance Fee on the Net Asset Value per Share. The provisions linked to redemptions are defined as a *pro rata* of the Positive Performance on the Net Asset Value per Share. The purpose of this provision is to crystallize the Positive Performance provisions relating to redemptions. These provisions linked to redemptions shall definitively belong to the Management Company. This may still result in the Management Company receiving a Performance Fee where there is a Nil Performance or a Negative Performance at year-end.

There will be no cap on the Performance Fee. The Performance Fee is paid out of the assets of the Fund and allocated to the relevant Sub-Funds and Share Classes as described in section 8.2.5 (Allocation of assets and liabilities to Sub-Funds and Share Classes) above within thirty (30) calendar days from each year-end.

The Auditor will verify the Performance Fee calculation on an annual basis. An illustration of the calculation of performance fees has been included below in this prospectus for each sub-fund.

9.4 Fees of the Depositary, the Administrator and the Domiciliation Agent

The Depositary will be entitled to an annual fee equal to a percentage of the average Net Asset Value of each Sub-Fund consistent with market practice in Luxembourg, subject to a minimum flat fee of EUR 15,533 per Sub-Fund and a maximum rate expected to range from 0,01% to 0,07% per annum. The Depositary fee will accrue on each Valuation Day and will be payable monthly in arrears out of the assets of the Fund and allocated to each Sub-Fund (as described in section 8.2.5 (Allocation of assets and liabilities to Sub-Funds and Share Classes) above. The Depositary will also be entitled to transaction fees charged on the basis of the investments made by each Sub-Fund consistent with market practice in Luxembourg. Fees paid to the Depositary may vary depending on the nature of the investments of each Sub-Fund and the countries and/or markets in which the investments are made. The Depositary will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties.

The Administrator will be entitled to an annual fee equal to a percentage of the average Net Asset Value of each Sub-Fund, subject to a minimum flat fee expected to range from EUR 29,533 to EUR 36,133 per Sub-Fund and a maximum annual rate expected to range from 0,01% to 0,1% per annum. The Administrator fee will accrue on each Valuation Day and will be payable monthly in arrears out of the assets of the Fund and allocated to each Sub-Fund (as described in section 8.2.5 (Allocation of assets and liabilities to Sub-Funds and Share Classes) above. The Administrator will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties.

The Domiciliation Agent will be entitled to an annual fee equal to a percentage of the average Net Asset Value of each Sub-Fund consistent with market practice in Luxembourg, subject to a minimum flat fee of EUR 1,800 per Sub-Fund and a maximum annual rate expected to range from 0,001% to 0,02% per annum. The Domiciliation Agent fee will accrue on each Valuation Day and will be payable monthly in arrears out of the assets of the Fund and allocated to each Sub-Fund (as described in section 8.2.5 (Allocation of assets and liabilities to Sub-Funds and Share Classes) above. The Domiciliation Agent will also be entitled to reimbursement of reasonable out-of-pocket expenses properly incurred in carrying out its duties.

Further fees may be payable to the Depositary, the Administrator and the Domiciliation Agent in consideration of ancillary services rendered to the Fund and relating to the core services of the Depositary, the Administrator and the Domiciliation Agent. The Depositary fee, the Administrator fee and the Domiciliation Agent fee may be adjusted as may be agreed from time to time between the Depositary, the Administrator and the Domiciliation Agent with the Fund and the Management Company, where applicable.

9.5 Operating and Administrative Expenses

The Fund bears all ordinary costs and expenses incurred in the operation and administration of the Fund or any Sub-Fund or Share Class ("**Operating and Administrative Expenses**") including but not limited to costs and expenses incurred in connection with:

- 1) preparing, producing, printing, depositing, publishing and/or distributing any documents relating to the Fund, a Sub-Fund or Share Class that are required by applicable laws and regulations (such as the Articles of Association, this Prospectus, key investor information documents, financial reports and notices to investors) or any other documents and materials made available to investors (such as explanatory memoranda, statements, reports, factsheets and similar documents);
- 2) organising and holding general meetings of shareholders and preparing, printing, publishing and/or distributing notices and other communications to shareholders;
- 3) professional advisory services (such legal, tax, accounting, compliance, auditing and other advisory services) taken by the Fund or the Management Company on behalf of the Fund;
- 4) investment services taken and/or data obtained by the Fund or the Management Company on behalf of the Fund (including fees and expenses incurred in obtaining investment research systems and other services or data utilised for portfolio and risk management purposes);
- 5) the authorisation of the Fund, the Sub-Funds and Share Classes, regulatory compliance obligations and reporting requirements of the Fund (such as administrative fees, filing fees, insurance costs and other types of fees and expenses incurred in the course of regulatory compliance), and all types of insurance obtained on behalf of the Fund and/or the members of the Board of Directors;
- 6) initial and ongoing obligations relating to the registration and/or listing of the Fund, a Sub-Fund or Share Class and the distribution of Shares in Luxembourg and abroad (such as fees charged by and expenses payable to financial regulators, distributors, correspondent banks, representatives, listing agents, paying agents, fund platforms, and other agents and/or service providers appointed in this context, as well as advisory, legal, and translation costs);
- 7) memberships or services provided by international organisations or industry bodies such as the Association of the Luxembourg Fund Industry (ALFI);
- 8) taxes, charges and duties payable to governments and local authorities (including the Luxembourg annual subscription tax (*taxe d'abonnement*) and any other taxes payable on assets, income or expenses) and any value added tax (VAT) or similar tax associated with any fees and expenses paid by the Fund; and

- 9) the reorganisation or liquidation of the Fund, a Sub-Fund or Share Class.

9.6 Transaction costs

Each Sub-Fund bears the costs and expenses arising from buying and selling portfolio assets and entering into other transactions in securities or other financial instruments, such as brokerage fees and commissions and all other fees, expenses, commissions, charges, premiums and interest paid to banks, brokers, execution agents, collateral management fees and associated costs and charges, exchange fees, taxes, levies and stamp duties chargeable in connection with transactions in securities or other financial, and any other transaction-related expenses.

9.7 Extraordinary costs and expenses

In order to safeguard the interests of the Fund and its investors, the Fund or any Sub-Fund may bear any extraordinary costs and expenses including, without limitation, costs and expenses related to litigation and regulatory investigations (including penalties, fines, damages and indemnifications) and the full amount of any tax, levy, duty or similar charge imposed on the Fund or Sub-Fund that would not be considered as ordinary Operating and Administrative Expenses.

9.8 Formation costs and expenses

The costs and expenses incurred in connection with the formation of the Fund or a Sub-Fund will be borne by the Management Company.

9.9 Allocation of costs

The Management Company may at its discretion decide to bear certain charges, fees and expenses which are attributable to the Fund and/or a particular Sub-Fund for a determined period of time. The portion of the charges, fees and expenses to be borne by the Management Company may vary from year to year. Information in relation to the portion of charges, fees and expenses borne by the Management Company shall be disclosed in the Annual Report/Semi-Annual Report

10. GENERAL INFORMATION

10.1 Reports and financial statements

The financial statements of the Fund will be prepared in accordance with Luxembourg GAAP.

The financial year of the Fund will begin on 1 January of each year and end on 31 December of the same year. Each year, the Fund will issue an Annual Report as of the end of the previous financial year comprising, *inter alia*, the audited financial statements of the Fund and each Sub-Fund and a report of the Board of Directors on the activities of the Fund. The Fund will also issue a Semi-Annual Report as of 30 June of the current financial year. The first financial year will end on 31 December 2020 and the first Annual Report will be issued as of 31 December 2020.

The Annual Report shall be made available to investors within four (4) months following the end of the reporting period and the Semi-Annual Report will be made available to investors within two (2) months following the end of the reporting period. Investors may obtain, upon request, a copy of the latest financial reports from the Management Company free of charge.

The Reference Currency of the Fund is the Euro. The Annual Report will comprise consolidated accounts of the Fund expressed in Euro as well as individual information on each Sub-Fund expressed in the Reference Currency of such Sub-Fund.

10.2 Meetings of shareholders

The annual general meeting of Shareholders shall be held, within four (4) months of the end of each financial year, generally the third Friday of April of each year in the Grand Duchy of Luxembourg at the registered office of the Fund or at such other place in the Grand Duchy of Luxembourg as may be specified in the convening notice of such meeting. Other meetings of shareholders may be held at such time and place as may be specified in the respective convening notices.

Notices of all general meetings are sent by mail to all registered shareholders at their registered address at least eight days prior to such meeting. Such notice will indicate the time and place of such meeting and the conditions of admission thereto, will contain the agenda and will refer to the requirements of Luxembourg law with regard to the necessary quorum and majorities at such meeting. To the extent required by Luxembourg law, further notices will be published in the *Recueil Electronique des Sociétés et Associations* of the Grand Duchy of Luxembourg (the "RESA") and in one or more Luxembourg newspapers.

All shareholders may attend general meetings in person or by appointing another person as his proxy in writing or by facsimile, or other similar means of communication accepted by the Fund. A single person may represent several or even all shareholders of the Fund, a Sub-Fund or Share Class. Each Share entitles the shareholder to one (1) vote at all general meetings of shareholders of the Fund, and at all meetings of the Sub-Fund or Share Class concerned to the extent that such Share is a Share of such Sub-Fund or Share Class.

10.3 Investors' rights

Upon the issue of the Shares, the person whose name appears on the register of Shares will become a shareholder of the Fund in relation to the relevant Sub-Fund and Share Class. The

Fund draws the investors' attention to the fact that, where an investor invests in the Fund through an intermediary acting in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights, such as the right to participate in general meetings of shareholders, directly against the Fund. Investors are advised to seek advice in relation to their rights.

The Articles of Association are governed by, and construed in accordance with, the laws currently in force in Luxembourg.

There are no legal instruments in Luxembourg required for the recognition and enforcement of judgments rendered by a Luxembourg court. If a foreign, i.e. non-Luxembourg court, on the basis of mandatory domestic provisions, renders a judgment against the Fund, the rules of the Brussels I (Recast) (regarding judgments from EU Member States) or the rules of the Lugano Convention or of the private international law of Luxembourg (regarding judgments from non-EU Member States) concerning the recognition and enforcement of foreign judgments apply. Investors are advised to seek advice, on a case-by-case basis, on the available rules concerning the recognition and enforcement of judgments.

Absent a direct contractual relationship between the investors and the service providers mentioned in section 6 (Management and Administration) above, the investors will generally have no direct rights against service providers and there are only limited circumstances in which an investor can potentially bring a claim against a service provider. Instead, the proper claimant in an action in respect of which a wrongdoing is alleged to have been committed against the Fund by a service provider is, *prima facie*, the Fund itself.

Unless required otherwise by applicable laws or regulations or unless provided otherwise in the Articles of Association or in this Prospectus, notices may be sent to investors by any means deemed appropriate by the Board of Directors, including, but not limited to, by email.

10.4 Changes to this Prospectus

The Board of Directors, in close cooperation with the Management Company, may from time to time amend this Prospectus to reflect various changes it deems necessary and in the best interest of the Fund, such as implementing changes to laws and regulations, changes to a Sub-Fund's objective and policy or changes to fees and costs charged to a Sub-Fund or Share Class. Any amendment of this Prospectus will require approval by the CSSF. In accordance with applicable laws and regulations, investors in the Sub-Fund or Share Class will be informed about the changes and, where required, will be given prior notice of any proposed material changes in order for them to request the redemption of their Shares should they disagree.

10.5 Benchmarks Regulation

When calculating the Performance Fee payable to the Management Company certain Sub-funds are using benchmarks within the meaning of the Benchmarks Regulation. As a result, the Fund has adopted written plans setting out actions, which it will take with respect to the Sub-funds listed in the table below in the event that any of the benchmarks listed in the table below materially changes or ceases to be provided (the "**Contingency Plan**"), as required by article 28(2) of the Benchmarks Regulation. Investors may access the Contingency Plan free of charge upon request at the registered office of the Fund, as indicated in section 10.6. "Documents Available for Inspection".

The benchmarks listed in the table below are being provided by the entity specified next to the name of each benchmark, in its capacity as administrator, as defined in the Benchmarks Regulation. The status of each benchmark's administrator in relation to the register referred to in article 36 of the Benchmarks Regulation as of the date of this visa-stamped Prospectus is set out next to the name of the relevant Benchmark administrator in the table below. Should the status of the administrator change after the date of this visa-stamped Prospectus, this Prospectus will be updated accordingly as part of its next update.

Sub-Fund	Benchmark	Administrator	Status of the administrator
Lonvia Avenir Mid-Cap Europe	MSCI EUROPE SMID Cap Index (NR, EUR) MSCI EUROPE SMID Cap Index (NR, USD)	MSCI Limited	Listed in the register referred to in article 36 of the Benchmarks Regulation as an administrator authorised pursuant to article 34 of the Benchmarks Regulation
Lonvia Avenir Mid-Cap Euro	MSCI EMU SMID Cap Index (NR, EUR)	MSCI Limited	Listed in the register referred to in article 36 of the Benchmarks Regulation as an administrator authorised pursuant to article 34 of the Benchmarks Regulation
Lonvia Avenir Small Cap Europe	MSCI Europe Micro Cap Index (NR, EUR)	MSCI Limited	Listed in the register referred to in article 36 of the Benchmarks Regulation as an administrator authorised pursuant to article 34 of the Benchmarks Regulation

10.6 Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector ("SFDR")

Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (known as the Disclosure Regulation, ESG Regulation or "SFDR"), which is part of a broader legislative package under the European Commission's Sustainable Action Plan, came into effect 10 March 2021.

To meet the SFDR disclosure requirements, the Management Company identifies and analyses sustainability risk (i.e. an environmental, social, or governance event or condition that, if it occurs, could potentially or actually cause a material negative impact on the value of an investment) as part of its risk management process. In that respect, the Management Company assessed each Sub-Fund's requirement for the integration of sustainability risk consideration in

the investment process as appropriate for each Sub-Fund.

Details for each Sub-Fund's compliance with SFDR are set out in the Information Sheet, specifically relating to ESG investment risks and sustainability risks.

For further details on implementation of SFDR and the related Management Company's policy, please refer to the following website : <https://www.lonvia.com/en/regulatory-informations>

The Management Company consider principal adverse impacts of investment decisions on sustainability factors.

The SubFunds have as objective sustainable investment (as provided by Articles 9 of SFDR).

10.7 Taxonomy Regulation (UE) 2020/852

The Taxonomy Regulation (UE) 2020/852 seeks to establish a framework to classify environmentally sustainable economic activities, whilst also amending certain disclosure requirements of SFDR. It sets out harmonised criteria for determining whether an economic activity qualifies as environmentally sustainable and outlines a range of disclosure obligations to enhance transparency and to provide for an objective comparison of financial products regarding the proportion of their investments that contribute to environmentally sustainable economic activities.

The Taxonomy Regulation sets out a list of economic activities with performance criteria for their contribution to the six environmental objectives namely (i) climate change mitigation; (ii) climate change adaptation; (iii) sustainable use and protection of water and marine resources; (iv) transition to a circular economy; (v) pollution prevention and control and protection; and (vi) restoration of biodiversity and ecosystems (the "Environmental Objectives").

The Taxonomy Regulation builds on the SFDR requirements for both an Article 8 ESG Orientated Fund and an Article 9 Sustainable Investment Fund by placing additional disclosure obligations on those funds that invest in economic activities that contribute to one or more of the six Environmental Objectives.

It requires financial market participants (of such financial products) to disclose (i) how and to what extent they have used the Taxonomy Regulation to determine the sustainability of the underlying investments; and (ii) to what Environmental Objective(s) the underlying investments contribute.

It is notable that the scope of environmentally sustainable economic activities, as prescribed in the Taxonomy Regulation, is narrower than the scope of sustainable investments under SFDR. Therefore, although there are disclosure requirements for both, these two concepts should be considered and assessed separately. This section addresses only the specific disclosure requirements of the Taxonomy Regulation.

Whilst the Taxonomy Regulation is effective from July 2020, the Environmental Objectives will apply on a phased basis. Consideration of whether or not the underlying investments of an Article 8 ESG Orientated Fund and/or an Article 9 Sustainable investment Fund contribute to (i) climate change mitigation and/or (ii) climate change adaptation will apply from 1 January 2022. Consideration with regard to the other four Environmental Objectives will apply from 1 January 2023.

10.8 Documents available

Investors may, upon request, obtain a copy of the Articles of Association, this Prospectus, the applicable KIID as well as of the latest Annual Report or Semi-Annual Report, the Contingency Plan at the registered office of the Fund free of charge during business hours on any full bank business day in Luxembourg.

The Management Company has adopted a "best execution" policy with the objective of obtaining the best possible result for the Fund when executing decisions to deal on behalf of the Fund or placing orders to deal on behalf of the Fund with other entities for execution.

Further information on the best execution policy may be obtained from the Management Company upon request.

The Management Company has a strategy for determining when and how voting rights attached to ownership of a Sub-Fund's investments are to be exercised for the exclusive benefit of the Sub-Fund. A summary of this strategy as well as the details of the actions taken on the basis of this strategy in relation to each Sub-Fund may be obtained from the Management Company upon request and on website.

10.9 Complaints

Any investor having a complaint to make about the operations of the Fund may file a complaint by writing to the Management Company. Details on the complaints handling procedure may be obtained from the Management Company upon request and on its website: **www.lonviacapital.com**.

10.10 Data protection

In accordance with the applicable Luxembourg data protection law and, as of 25 May 2018, the Regulation n°2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data ("**Data Protection Law**"), the Fund, acting as data controller ("**Data Controller**"), collects stores and processes, by electronic or other means, the data supplied by the investor at the time of his/her/its subscription for the purpose of fulfilling the services required by the investor and complying with its legal obligations.

The data processed may include the name, contact details (including postal and/or e-mail address), banking details and the invested amount of the investor (or, when the investor is a legal person, of its contact person(s) and/or beneficial owner(s)) ("**Personal Data**").

The investor may, at his/her/its discretion, refuse to communicate the Personal Data to the Fund. In this event however the investor's subscription in the Fund may be impaired.

Personal Data supplied by the investor is processed in order to enter into and execute the agreement with the Fund, for the legitimate interests of the Fund and to comply with the legal obligations imposed on the Fund. In particular, the Personal Data supplied by the investor is processed for the purposes of (i) subscribing and redeeming in the Fund, (ii) maintaining the shares register; (iii) processing subscriptions and withdrawals of and payments of dividends to the investor; (iv) account administration, (v) sending legal information or notices to the investors, (vi) complying with applicable anti-money laundering rules and other legal obligations, such as maintaining controls in respect of CRS/FATCA obligations and (vii) complying with legal or regulatory requirements, including foreign laws. Personal Data is not used for marketing purposes.

The "legitimate interests" referred to above are (i) the processing purposes described in point (v) of the above paragraph of this data protection section, and (ii) exercising the business of the Fund in accordance with reasonable market standards.

The Personal Data may also be processed by the Fund's data recipients (the "**Recipients**") which, in the context of the above mentioned purposes, refer to the Management Company, the Depositary, the Administrator Agent, the Auditors, the Distributor, the Legal Adviser and their respective affiliated entities or any other third party supporting the activity of the Fund.

The Recipients may, under their own responsibility, disclose the Personal Data to their agents, delegates and/or service providers employed to provide administrative, computer or other services or facilities (the "**Sub-Recipients**"), which shall process the Personal Data for purposes of assisting the Recipients in providing their services to the Data Controller and/or assisting the Recipients in fulfilling their own legal obligations. The Recipients and the Sub-

Recipients may be located either inside or outside the European Union (the “EU”).

Where the Recipients are located outside the EU in a country which does not ensure an adequate level of protection for Personal Data, the Data Controller has entered into legally binding transfer agreements with the relevant Recipients in the form of the EU Commission approved model clauses. In this respect, the data subjects have a right to request copies of the relevant document for enabling the Personal Data transfer(s) towards such countries by writing to the Data Controller. The Recipients and Sub-Recipients may, as the case may be, process the Personal Data as data processors (when processing the Personal Data upon instructions of the Data Controller), or as distinct data controllers (when processing the Personal Data for their own purposes, namely fulfilling their own legal obligations).

The Personal Data may also be transferred to third-parties such as governmental or regulatory agencies, including tax authorities, in accordance with applicable laws and regulations. In particular, Personal Data may be disclosed to the Luxembourg tax authorities, which in turn may act as data controller, and disclose the same to foreign tax authorities.

In accordance with the conditions laid down by the Data Protection Law, the investor acknowledges his/her/its right to:

- access his/her/its Personal Data;
- correct his/her/its Personal Data where it is inaccurate or incomplete;
- object to the processing of his/her/its Personal Data;
- restrict the use of his/her/its Personal Data;
- ask for erasure of his/her/its Personal Data;
- ask for Personal Data portability.

The investor also acknowledges the existence of his/her/its right to lodge a complaint with the National Commission for Data Protection (“CNPD”).

The investor may exercise the above rights by writing to the Fund at the following address: 5, allée Scheffer, L-2520 Luxembourg, Grand Duchy of Luxembourg.

Personal Data shall not be retained for periods longer than those required for the purpose of their processing subject to any limitation periods imposed by law.

10.11 Merger and reorganisation

10.9.1 Merger of the Fund or a Sub-Fund with other UCITS

The Board of Directors may decide to proceed with a merger (within the meaning of the 2010 Law) of the Fund, where the Fund is the receiving entity, with one or several other Luxembourg or foreign UCITS or sub-funds thereof. The Board of Directors may also decide to proceed with a merger (within the meaning of the 2010 Law) of one or several Sub-Funds, which may be the receiving or the merging Sub-Funds, with one or several other Sub-Funds within the Fund or with one or several other Luxembourg or foreign UCITS or sub-funds thereof. Such mergers do not require the prior consent of the shareholders.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the shareholders of the Fund or any Sub-Fund, as applicable, may also decide on any of the mergers described above as well as on the effective date thereof by resolution taken by the general meeting of shareholders of the Fund or Sub-Fund(s) concerned, as applicable. The convening notice will explain the reasons for and the process of the proposed merger.

The Fund may be merged (within the meaning of the 2010 Law) into one or several other

Luxembourg or foreign UCITS, or sub-fund thereof, where the Fund is the merging entity, which thus ceases to exist as a result of the merger. In such case, the general meeting of shareholders of the Fund must decide on the merger and its effective date. The general meeting will decide by resolution taken with no quorum requirement and adopted by a simple majority of the votes validly cast.

In all cases described in the preceding paragraphs, a merger of the Fund or one or several Sub-Fund(s) will be subject to the conditions and procedures imposed by the 2010 Law, in particular concerning the common draft terms of the merger to be established by the Board of Directors and the information to be provided to investors.

10.9.2 Absorption of another UCI by the Fund or a Sub-Fund

The Fund may absorb another Luxembourg or foreign UCI (other than a UCITS) incorporated under a corporate form in compliance with the 1915 Law and any other applicable laws and regulations.

The Board of Directors may also decide to proceed, in accordance with applicable laws and regulations, with the absorption by the Fund or one or several Sub-Funds, including by way of merger or by acceptance of a contribution in kind, of a Luxembourg or foreign UCI (other than a UCITS) constituted under a non-corporate form, or one or several sub-funds of another Luxembourg or a foreign UCI (other than a UCITS) irrespective of its legal form.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of the Fund or any Sub-Fund, as applicable, may also decide on any of the absorptions described above as well as on the effective date thereof by resolution taken by the general meeting of shareholders of the Fund or Sub-Fund. The convening notice will explain the reasons for and the process of the proposed absorption.

10.9.3 Reorganisation of Share Classes

The Board of Directors may decide to reorganise Share Classes, as further described below, in the event that, for any reason, the Board of Directors determines that:

- (i) the Net Asset Value of a Share Class has decreased to, or has not reached, the minimum level for that Share Class to be operated in an efficient manner;
- (ii) changes in the legal, economic or political environment would justify such reorganisation; or
- (iii) a product rationalisation would justify such reorganisation.

In such a case, the Board of Directors may decide to re-allocate the assets and liabilities of any Share Class to those of one or several other Share Classes, and to re-designate the Shares of the Share Class concerned as Shares of such other Share Class or Share Classes (following a split or consolidation of Shares, if necessary, and the payment to investors of the amount corresponding to any fractional entitlement).

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, investors may also decide on such reorganisation by resolution taken by the general meeting of shareholders of the Share Classes. The convening notice will explain the reasons for and the process of the proposed reorganisation.

Investors will be informed of the reorganisation by way of a notice. The notice will be published and/or communicated to investors as required by applicable laws and regulations in

Luxembourg and other jurisdictions where the Shares are distributed and may be published on *website* **www.lonviacapital.com**. The notice will explain the reasons for and the process of the reorganisation.

10.9.4 Liquidation

10.9.5 Termination and liquidation of Sub-Funds or Share Classes

The Board of Directors may decide to compulsorily redeem all the Shares of any Sub-Fund or Share Class and thereby terminate and liquidate any Sub-Fund or Share Class in the event that, for any reason, the Board of Directors determines that:

- (i) the Net Asset Value of a Sub-Fund or Share Class has decreased to, or has not reached, the minimum level for that Sub-Fund or Share Class to be operated in an efficient manner;
- (ii) changes in the legal, economic or political environment would justify such liquidation; or
- (iii) a product rationalisation would justify such liquidation.

Investors will be informed of the decision to terminate a Sub-Fund or Share Class by way of a notice. The notice will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed and may be published on *website* **www.lonviacapital.com**. The notice will explain the reasons for and the process of the termination and liquidation.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of any Sub-Fund or Share Class, as applicable, may also decide on such termination by resolution taken by the general meeting of shareholders of the Sub-Fund or Share Class and have the Fund redeem compulsorily all the Shares of the Sub-Fund or Share Class at the Net Asset Value per Share for the applicable Valuation Day. The convening notice will explain the reasons for and the process of the proposed termination and liquidation.

Sub-Funds or Share Classes with a defined term will be automatically terminated and liquidated upon the occurrence of their term, as set out in the Supplement where applicable, unless terminated earlier in accordance with the provisions of this section.

Actual realisation prices of investments, realisation expenses and liquidation costs will be taken into account in calculating the Net Asset Value applicable to the compulsory redemption. Investors in the Sub-Fund or Share Class concerned will generally be authorised to continue requesting the redemption or conversion of their Shares prior to the effective date of the compulsory redemption, unless the Board of Directors determines that it would not be in the best interest of investors in that Sub-Fund or Share Class or could jeopardise the fair treatment of investors.

All Shares redeemed will generally be cancelled. Redemption proceeds which have not been claimed by investors upon the compulsory redemption will be deposited in escrow at the *Caisse de Consignation* in Luxembourg in accordance with applicable laws and regulations. Proceeds not claimed within the statutory period will be forfeited in accordance with applicable laws and regulations.

The termination and liquidation of a Sub-Fund or Share Class will have no influence on the existence of any other Sub-Fund or Share Class. The decision to terminate and liquidate the last Sub-Fund existing in the Fund will result in the dissolution and liquidation of the Fund as

described in section 10.9.6 (Dissolution and liquidation of the Fund) below.

10.9.6 Dissolution and liquidation of the Fund

The Fund is incorporated for an unlimited period. It may be dissolved at any time with or without cause by a resolution of the general meeting of shareholders adopted in compliance with applicable laws.

The compulsory dissolution of the Fund may be ordered by Luxembourg competent courts in circumstances provided by the 2010 Law and the 1915 Law.

As soon as a decision to dissolve the Fund is taken, the issue, redemption or conversion of Shares in all Sub-Funds will be prohibited. The liquidation will be carried out in accordance with the provisions of the 2010 Law and 1915 Law. Liquidation proceeds which have not been claimed by investors at the time of the closure of the liquidation will be deposited in escrow at the *Caisse de Consignation* in Luxembourg. Proceeds not claimed within the statutory period will be forfeited in accordance with applicable laws and regulations.

11. TAXATION

The following is a summary of certain material Luxembourg tax consequences of purchasing, owning and disposing of Shares. It does not purport to be a complete analysis of all possible tax situations that may be relevant to a decision to purchase, own or sell Shares. It is included herein solely for preliminary information purposes. It is not intended to be, nor should it be construed to be, legal or tax advice. This summary does not allow any conclusion to be drawn with respect to issues not specifically addressed. The following description of Luxembourg tax law is based on the Luxembourg law and regulations in effect and as interpreted by the Luxembourg tax authorities on the date of the Prospectus. These laws and interpretations are subject to change that may occur after such date, even with retroactive or retrospective effect.

Prospective purchasers of the Shares should consult their own tax advisers as to the particular tax consequences of subscribing, purchasing, holding and disposing of the Shares, including the application and effect of any federal, state or local taxes under the tax laws of the Grand Duchy of Luxembourg and each country of which they are residents or citizens.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax generally encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*), as well as personal income tax (*impôt sur le revenu des personnes physiques*). Corporate taxpayers may further be subject to net wealth tax (*impôt sur la fortune*), as well as other duties, levies and taxes. Corporate income tax, municipal business tax, the solidarity surcharge and net wealth tax invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and solidarity surcharge. Under certain circumstances, where individual taxpayers act in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

11.1. The Fund

Under current law and practice, the Fund is not liable for any Luxembourg income or net wealth tax nor are distributions, redemptions or payments made by the Fund to its shareholders under the Shares and distribution of liquidation proceeds subject to any Luxembourg withholding tax.

The Fund is subject to a subscription tax (*taxe d'abonnement*) of 0.05% per annum, such tax being payable quarterly and calculated on the aggregate net assets of the Fund valued at the end of the relevant calendar quarter. However, a reduced tax rate of 0.01% per annum is applicable where a Sub-Fund invests exclusively in money market instruments or deposits with credit institutions, or where the Class of Shares of the Sub-Fund are reserved to one or more institutional investors. Furthermore, some exemptions from subscription tax are available as well.

The Fund may be subject to withholding tax on dividends and interest as well as to tax on capital gains in the country of origin of its investments. As the Fund itself is exempt from income tax, withholding tax levied at source, if any, may not be creditable/refundable in Luxembourg. Whether the Fund may benefit from a double tax treaty concluded by Luxembourg must be analysed on a case-by-case basis. Indeed, as the Fund is structured as an investment company (as opposed to a mere co-ownership of assets), certain double tax treaties signed by Luxembourg may directly be applicable to Fund.

No stamp duty or other tax is generally payable in Luxembourg in connection with the issue of the Shares, except a fixed registration duty of EUR 75 which is paid upon the Fund's incorporation or any amendment of its Articles.

In Luxembourg, regulated investment funds such as SICAVs, have the status of taxable persons for value added tax ("VAT") purposes. Accordingly, the Fund is considered in Luxembourg as a taxable person for VAT purposes without any input VAT deduction right. A VAT exemption applies in Luxembourg for services qualifying as fund management services. Other services supplied to the Fund could potentially trigger VAT and require the VAT registration of the Fund in Luxembourg. As a result of such VAT registration, the Fund will be in a position to fulfil its duty to self-assess the VAT regarded as due in Luxembourg on taxable services (or goods to some extent) purchased from abroad.

No VAT liability arises in principle in Luxembourg in respect of any payments by the Fund to its Shareholders, to the extent such payments are linked to their subscription to the Shares and do, therefore, not constitute the consideration received for taxable services supplied.

11.2. Shareholders

Resident individuals

Any dividend and other payment derived from the Shares received by Luxembourg resident individual Shareholders, acting in the course of the management of either their private wealth or their professional/business activity, are subject to income tax at the progressive ordinary rates.

Capital gains realised upon the disposal of the Shares by Luxembourg resident individual Shareholders acting in the course of the management of their private wealth are not subject to Luxembourg income tax, provided this disposal takes place more than six (6) months after the Shares were acquired and provided the Shares do not represent a substantial shareholding¹. Capital gains realised on a substantial participation more than six (6) months after the acquisition thereof are subject to income tax according to the half-global rate method (i.e. the average rate applicable to the total income is calculated according to progressive income tax rates and half of the average rate is applied to the capital gains realised on the substantial participation).

Capital gains realised upon the disposal of the Shares by a Luxembourg resident individual Shareholder acting in the course of the management of his professional/business activity are subject to income tax at ordinary rates.

Resident companies

A Luxembourg resident company (société de capitaux) must include any profits derived, as well as any gain realised on the sale, disposal or redemption of Shares, in their taxable profits for Luxembourg income tax assessment purposes.

¹ A shareholding is considered as a substantial shareholding in limited cases, in particular if (i) the Shareholder has held, either alone or together with his/her spouse or partner and/or his/her minor children, either directly or indirectly, at any time within the five (5) years preceding the realisation of the gain, more than ten percent (10%) of the share capital of the Fund or (ii) the Shareholder acquired free of charge, within the five years preceding the disposal, a participation that constituted a substantial participation in the hands of the alienator (or alienators, in case of successive transfers free of charge within the same five year period).

Resident shareholders benefiting from a special tax regime

Shareholders who are Luxembourg resident companies benefiting from a special tax regime, such as (i) undertakings for collective investment governed by the amended law of 17 December 2010, (ii) specialised investment funds governed by the amended law of 13 February 2007, (iii) family wealth management companies governed by the law of 11 May 2007 or (iv) a reserved alternative investment fund treated as a specialised investment fund for Luxembourg tax purposes and governed by the law of 23 July 2016 are exempt from income tax in Luxembourg and profits derived from the Shares are thus not subject to Luxembourg income tax.

Non-resident shareholders

A non-resident, who has neither a permanent establishment nor a permanent representative in Luxembourg to which or whom the Shares are attributable, is not liable to any tax on income received and capital gains realized upon the sale, disposal or redemption of the Shares in Luxembourg.

A non-resident company which has a permanent establishment or a permanent representative in Luxembourg to which or whom the Shares are attributable, must include any income received, as well as any gain realised on the sale, disposal or redemption of Shares, in its taxable income for Luxembourg tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price and the lower of the cost or book value of the Shares sold or redeemed.

It is expected that shareholders in the Fund will be resident for tax purposes in many different countries. Consequently, no attempt is made in this prospectus to summarise the taxation consequences for each shareholder of subscribing, converting (if any), holding, redeeming, transferring or otherwise acquiring or disposing of Shares in the Fund. These consequences will vary in accordance with the law and practice currently in force in the shareholder's country of citizenship, residence, domicile or incorporation and with his personal circumstances. Shareholders resident in or citizens of certain countries which have a tax legislation affecting foreign funds may have a current liability to tax on the undistributed income and gains of the Fund.

Net worth tax

In general, Luxembourg non-resident Shareholders are not subject to net wealth tax. Net wealth tax is only applicable to Luxembourg non-resident Shareholders if their Shares in the Fund are attributable to a permanent establishment or a permanent representative in Luxembourg.

Luxembourg resident Shareholders as well as non-resident Shareholders who have a permanent establishment or a permanent representative in Luxembourg to which or whom the Shares are attributable, are subject to Luxembourg net worth tax on such Shares, except if the shareholder is (i) an individual, (ii), an undertaking for collective investment subject to the amended law of 17 December 2010, (iii), a securitisation vehicle governed by the amended law of 22 March 2004, (iv) a company governed by the amended law of 15 June 2004 on venture capital vehicles, (v) a specialised investment fund governed by the amended law of 13 February 2007, (vi) a professional pension institution governed by the amended law dated 13

July 2005, (vii) a family wealth management company governed by the amended law of 11 May 2007, or (viii) a reserved alternative investment fund governed by the law of 23 July 2016.

However, (i) a securitisation company governed by the amended law of 22 March 2004, (ii) an opaque company governed by the amended law of 15 June 2004 on venture capital vehicles, (iii) a professional pension institution governed by the amended law dated 13 July 2005, and (iv) an opaque reserved alternative investment fund treated as a venture capital vehicle for Luxembourg tax purposes and governed by the law of 23 July 2016 remain subject to minimum net wealth tax.

Other taxes

Under Luxembourg tax law, where an individual shareholder is a resident of Luxembourg for tax purposes at the time of his/her death, the Shares are included in his or her taxable basis for inheritance tax purposes. On the contrary, no inheritance tax is levied on the transfer of the Shares upon death of a shareholder in cases where the deceased was not a resident of Luxembourg for inheritance purposes.

Gift tax may be due on a gift or donation of the shares, if the gift is recorded in a Luxembourg notarial deed or otherwise registered in Luxembourg.

11.3. Common Reporting Standard

Capitalised terms used in this section should have the meaning as set forth in the CRS Law, unless provided otherwise herein.

The Fund may be subject to the CRS as set out in the CRS Law.

Under the terms of the CRS Law, the Fund is likely to be treated as a Luxembourg Reporting Financial Institution. As such, the Fund is required to annually report to the Luxembourg tax authority personal and financial information related, *inter alia*, to the identification of, holdings by and payments made to (i) certain shareholders qualifying as Reportable Persons “Reportable Persons” and (ii) Controlling Persons of certain non-financial entities (“NFEs”) which are themselves Reportable Persons. This information, as exhaustively set out in Annex I of the CRS Law (the “**Information**”), will include personal data related to the Reportable Persons.

The Fund’s ability to satisfy its reporting obligations under the CRS Law will depend on each shareholder providing the Fund with the Information, along with the required supporting documentary evidence. In this context, the shareholders are hereby informed that, as data controller, the Fund will process the Information for the purposes as set out in the CRS Law. The shareholders qualifying as passive NFEs undertake to inform their Controlling Persons, if applicable, of the processing of their Information by the Fund.

Additionally, the Fund is responsible for the processing of personal data and each shareholder has a right to access the data communicated to the Luxembourg tax authorities and to correct such data (if necessary). Any data obtained by the Fund are to be processed in accordance with the Data Protection Law.

The shareholders are further informed that the Information related to Reportable Persons will be disclosed to the Luxembourg tax authorities annually for the purposes set out in the CRS Law. The Luxembourg tax authorities will, under their own responsibility, eventually exchange the reported information to the competent authority of the Reportable Jurisdiction.

In particular, Reportable Persons are informed that certain operations performed by them will be reported to them through the issuance of statements, and that part of this information will serve as a basis for the annual disclosure to the Luxembourg tax authorities.

Similarly, shareholders undertake to inform the Fund within thirty (30) days of receipt of these statements, should any included personal data be not accurate. The shareholders further undertake to immediately inform the Fund of, and provide the Fund with all supporting documentary evidence of any changes related to the Information after occurrence of such changes.

Although the Fund will attempt to satisfy any obligation imposed on it to avoid any fines or penalties imposed by the CRS Law, no assurance can be given that the Fund will be able to satisfy these obligations. If the Fund becomes subject to a fine or penalty as a result of the CRS Law, the value of the Shares held by the shareholders may suffer material losses.

Any shareholder that fails to comply with the Fund's Information or documentation requests may be held liable for penalties imposed on the Fund as a result of such shareholder's failure to provide the Information or subject to disclosure of the Information by the Fund to the Luxembourg tax authorities, and the Fund may, in its sole discretion redeem the Shares of such shareholders.

Shareholders should consult their own tax advisor or otherwise seek professional advice regarding the impact of the CRS Law on their investment.

11.4. FATCA

Capitalised terms used in this section should have the meaning as set forth in the FATCA Law, unless provided otherwise herein.

The Fund may be subject to the so-called FATCA legislation which generally requires reporting to the US Internal Revenue Service of non-US financial institutions that do not comply with FATCA and direct or indirect ownership by US persons of non-US entities.

As part of the process of implementing FATCA, the US government has negotiated intergovernmental agreements with certain foreign jurisdictions which are intended to streamline reporting and compliance requirements for entities established in such foreign jurisdictions and subject to FATCA.

Luxembourg has entered into a Model 1 Intergovernmental Agreement implemented by the FATCA Law which requires Financial Institutions located in Luxembourg to report, when required, information on Financial Accounts held by Specified US Persons if any, to the Luxembourg tax authorities (administration des contributions directes).

Under the terms of the FATCA Law, the Fund is likely to be treated as a Luxembourg Reporting Financial Institution.

This status imposes on the Fund the obligation to regularly obtain and verify information on all of its shareholders. On the request of the Fund, each shareholder shall agree to provide certain information, including, in the case of a passive Non-Financial Foreign Entity ("**NFFE**"), information on the Controlling Persons of such NFFE, along with the required supporting documentation. Similarly, each shareholder shall agree to actively provide to the Fund within

thirty (30) days any information that would affect its status, as for instance a new mailing address or a new residency address.

FATCA may require the Fund to disclose the names, addresses and taxpayer identification number (if available) of its shareholders as well as information such as account balances, income and gross proceeds (non-exhaustive list) to the Luxembourg tax authorities for the purposes set out in the FATCA Law. Such information will be relayed by the Luxembourg tax authorities to the US Internal Revenue Service.

Shareholders qualifying as passive NFFEs undertake to inform their Controlling Persons, if applicable, of the processing of their information by the Fund.

Additionally, the Fund is responsible for the processing of personal data and each shareholder has a right to access the data communicated to the Luxembourg tax authorities and to correct such data (if necessary). Any data obtained by the Fund are to be processed in accordance with the Data Protection Law.

Although the Fund will attempt to satisfy any obligation imposed on it to avoid imposition of FATCA withholding tax, no assurance can be given that the Fund will be able to satisfy these obligations. If the Fund becomes subject to a withholding tax or penalties as result of the FATCA regime, the value of the Shares held by the shareholders may suffer material losses. The failure for the Fund to obtain such information from each shareholder and to transmit it to the Luxembourg tax authorities may trigger the 30% withholding tax to be imposed on payments of US source income and on proceeds from the sale of property or other assets that could give rise to US source interest and dividends as well as penalties.

Any shareholder that fails to comply with the Fund's documentation requests may be charged with any taxes and/or penalties imposed on the Fund as a result of such shareholder's failure to provide the information and the Fund may, in its sole discretion, redeem the Shares of such shareholder.

Shareholders who invest through intermediaries are reminded to check if and how their intermediaries will comply with this US withholding tax and reporting regime.

Shareholders should consult a US tax advisor or otherwise seek professional advice regarding the above requirements

SUPPLEMENT 1 – LONVIA AVENIR MID-CAP EUROPE

1. Launch date and term

The Sub-Fund is established for an unlimited duration.

The Sub-Fund will be launched on 12 October 2020.

2. Reference Currency

The Reference Currency of the Sub-Fund is EUR.

3. Investment objective

The purpose of this Sub-Fund is to outperform the MSCI EUROPE SMID Cap Index (NR, EUR) (the “**Benchmark**”) through the selection of small and mid-cap companies with business models judged to be sustainable and value-creating with a long-term investment perspective, distinguished by their social and environmental policies and the quality of their governance, and whose activity aims to contribute to the Sustainable Development Goals (SDGs).

From 1 March 2022, the objective of the sub-fund is associated with an extra-financial approach integrating (i) the consideration of ESG risk criteria in the process of selecting and analyzing securities and (ii) a measurement of the social and environmental impacts of each company in relation to the SDGs.

The sub-fund's objective is sustainable investment within the meaning of Article 9 of the SFDR Regulation.

4. Investment policy and specific restrictions

The Sub-Fund is actively managed and references the Benchmark for comparison and performance fee calculation purposes.

There are no restrictions on the extent to which the Sub-Fund's portfolio may deviate from the one of the Benchmark.

To meet the eligibility criteria of the French *Plan d'épargne en actions* (PEA), the Sub-Fund will invest at least 75% of its assets in shares of companies having their registered office in countries of the European Union or in a state of the European Economic Area (EEA).

The Sub-fund will invest in shares of companies having their registered office in Norway and Iceland only until 28 February 2022. In addition, the Fund will invest in shares of companies having their registered office in Switzerland and the UK only until 28 February 2022. As from 1 March 2022 United Kingdom securities will no longer be eligible.

The investment universe mainly consists of shares issued by small and mid-cap companies. The Sub-Fund may invest up to 49 % of its net assets in shares issued by large caps companies. The ratio between small and mid-cap companies and to large caps companies with portfolio of the Sub-Fund will vary depending on market opportunities however small and mid-cap companies investment will remain preponderant. In the event of a downturn of equity markets, the Sub-Fund may also invest in money market instruments up to a maximum of 25% of its net assets.

The Sub- Fund aims to select and long-term support growth companies with sustainable business models by targeting in particular companies with a focus on innovation and growth, economic development and social/societal progress. The management company's approach is based on the conviction that companies that integrate sustainable development issues into their strategy offer better long-term perspectives.

In order to meet such extra-financial characteristics, the Management Company has developed a Proprietary Extra-Financial Integration Policy described in the AFG-FIR Transparency Code (the full version of which is available on www.lonvia.com/en/regulatory-informations) with reference to the United Nation Sustainable Development Goals (“SDGs”).

From 1 March 2022, the Fund's strategy will be based on a "Best-in-universe" approach, on a selection of companies that (i) meet environmental, social and governance (ESG) responsibility criteria measured by an “ESG risk score” and (ii) are attractive in terms of their contribution to the SDGs. Measurable performance indicators are monitored such as the number of jobs created, research and development (R&D) expenditure and scope 1, 2 and 3 carbon emissions.

From 1 March 2022, at least 90% of the securities in the portfolio have obtained an ESG risk rating from Sustainalytics and an internal social and environmental impact rating.

Extra-financial analysis :

- 1) A first sectoral and normative exclusion filter is applied to the investment universe aiming to eliminate companies:
 - That violate one or more of the ten principles of the United Nations Global Compact,
 - Are involved in controversial weapons (MAP and ASM)
 - in the tobacco sector
 - That generate more than 10% of their revenues from thermal coal mining or coal-based power generation,
- 2) Upstream of the financial analysis, the management company conducts an extra-financial assessment for all the companies composing the investment universe by attributing an ESG risk rating provided by the data provider Sustainalytics.

Sustainalytics evaluation method is based on a risk-based approach. The ESG risk rating measures the degree of risk related to a company's value due to ESG factors or, more technically, the extent of a company's undefined ESG risks. It classifies the risks faced by companies into five categories (negligible, low, medium, high and severe). These risk categories are absolute, meaning that a "high risk" rating reflects a comparable degree of ESG risk across all sectors.

Sustainalytics has identified 20 material ESG Issues that may or may not be relevant to a company: business ethics, Data security and privacy, carbon impact (products and services), human capital, land use and biodiversity etc..

A range of indicators are set up to assess the materiality of each issue and how the company is managing the related issues. For example, in the case of the Governance Issue, Sustainalytics will analyze the structure of the Board of Directors, remuneration policies, quality and integrity of the Board, shareholder composition, etc.

A score ranging from 0 to 100, with 0 representing zero ESG risk and 100 representing maximum ESG risk is assigned. The ESG risk score is used to rate the entire investment universe and to exclude companies with a score higher than 50/100.

- 3) The management company then conducts a strategic analysis that consists of identifying business models judged to be sustainable and value-creating from a long-term investment

perspective and selecting companies estimated to have strong development potential. The social and environmental impact assessment is conducted internally and covers a limited investment universe.

The positive or negative impact assessment is made through 4 impact themes: "Climate and Environment", "Empowerment", "Innovative Technologies", "Health and Well-being". In fact, each impact theme responds to one or more of the UN SDGs.

The analysis of the positive or negative impact on the SDG impact themes is conducted internally using a 7-level rating grid : AAA (best) to BBB (worst).

In order to measure the positive or negative contribution of companies to impact themes, the management company uses external ESG data from Trucost (scope 1, 2 and 3 carbon emissions, ratio of non-recycled waste, water use and recycling), Bloomberg (number of jobs created and R&D and capital expenditure as a percentage of sales), and those collected directly internally from company publications and other alternative sources (media, Glassdoor, etc.).

On the basis of this internal analysis, the managing analysts may adjust the ESG risk rating of companies upwards or downwards. The minimum ESG risk rating after adjustment must be strictly less than 30/100.

Exceptionally, the management company may depart from this rule subject to the presentation of an "investment case" to an internal committee. The case presented will demonstrate a strong potential of progress on these issues and the fund manager will implement a strengthened shareholder engagement. The integration of the value in the portfolio must be approved by the committee.

The sub-fund must obtain an overall ESG risk rating below that of its investment universe, excluding 20% of the lowest rated companies in the calculation.

Sustainalytics applies a risk-based approach resulting in ratings from 0 to 100, from least risky (0) to most risky (100). Outperformance is therefore measured by a lower risk rating than the investment universe. The Sub-Fund may invest in shares of companies outside its Benchmark. However, it will ensure that the Benchmark selected is a relevant comparison with the fund's ESG rating.

The ESG analysis and evaluation methodology, as well as the criteria selected are reviewed every year. The main methodological limits are presented in the "Risk Profile" section of the SICAV's prospectus.

Until 28th February 2022, the company selection process incorporates the analysis of their social utility function and the direct impact of their corporate purpose. The Management Company identifies the SDGs that the companies in portfolio meet. Until 28th February 2022, certain types of business models that do not meet the Sub-Fund's standards of social impact may be excluded.

Besides to the direct impact of the company activity, the management team quantifies the environmental impact of each target companies. Monthly evaluation of the carbon and environmental footprint of the Sub-Fund is produced and provided through data obtained thanks to a specialized provider (S&P Trucost).

Until 28th February 2022, the Management Company also evaluates CSR policies, the SDGs to which the target companies wish to contribute through the way they do business and the positive or negative impacts of the company's activity on its value chain and on the environment.

The Management Company highlights the potential ESG issues that companies may face and discuss the policies and processes in place to address them. Those potential ESG issues

are then integrated in the industrial risk associated to the companies and therefore in their valuation.

Until 28th February 2022, the Management Company prepares a global impact report on the Sub-Fund, showing the exposure of the portfolio companies to the SDGs. The carbon emissions and environmental impacts are also added to this impact report.

In addition, from 1 March 2022, the Management Company reports on various indicators to measure the extra-financial performance of the portfolio compared to its Benchmark, including the carbon and environmental footprints. The coverage rates for the carbon footprint and the environmental footprint must be above 90% and 70%, respectively. These two indicators must outperform the Benchmark. The other indicators reported are detailed in the AFG-FIR Transparency Code (the full version of which is available on www.lonvia.com/en/regulatory-informations).

The Management Company prepares a global impact report on the Sub-Fund, showing the exposure of the portfolio companies to the SDGs. The carbon emissions and environmental impacts are also added to this impact report.

Taxonomy Regulation (UE) 2020/852:

The sub-fund contributes to environmental and social objectives and qualifies as an investment product in accordance with article 9 of Regulation (EU) 2019/2088 on sustainability related disclosures in the financial services sector.

In accordance with the Taxonomy Regulation (UE) 2020/852, the sub-fund is subject to the obligation to provide specific information, in particular on the manner and extent to which investments are made in economic activities qualified as environmentally sustainable, in accordance with article 3 of the Taxonomy Regulation.

As the sub-fund is investing (but not only) in Green/Social/Sustainability instruments, the sub-fund may invest in environmental activities as defined by the Taxonomy regulation.

The sub-fund invests in economic activities that can be considered environmentally sustainable, contributing substantially to climate change mitigation and climate change adaptation.

To do this, the sub-fund uses a combination of financial and sustainability indicators to identify and select companies that positively contribute to Climate change mitigation and Climate change adaptation, through the avoidance or reduction of greenhouse gas emissions.

The sub-fund invests in economic activities that do not cause significant harm to any of the environmental objectives set out in Article 9 of the Taxonomy Regulation.

The sub-fund invests in economic activities carried out in compliance with the minimum safeguards laid down in Article 18 of the Taxonomy Regulation.

From 1 March 2022, the sub-fund will invest a minimum of 90% in sustainable investments, with the following split:

-minimum **20%** in issuers with environmentally sustainable investment. Within this proportion, at least 50% of the investments are eligible for the European taxonomy and made in transitional and enabling activities. Moreover, minimum 90% under the article 9 a) of the Taxonomy Regulation (climate change mitigation) and maximum 10% under the article 9 b) of the Taxonomy Regulation (adaptation to climate change);

- maximum **80%** in issuers with social objective.

To achieve its objective, the Sub-Fund's investment strategy is also based on a process in which the four main following phases can be distinguished:

1. generating investment ideas;
2. analyzing potential investment opportunities;
3. valuing assets;
4. taking investment decisions.

The Sub-Fund's strategy implementation is based on the following principles:

1. an investment process favouring the selection of securities on the basis of:
 - the importance given on-site to visits and to the analysis of target companies;
 - the use of an internal valuation model;
2. strong convictions, which are reflected in:
 - a concentrated portfolio with convictions;
 - choices of companies with an economic models deemed to have potential;
 - consistency in the type of selected securities.

In order to optimize performance and achieve its objective, from 1 March 2022, the Sub-Fund may occasionally use exchange-traded financial derivative instruments (such as options, futures and forwards), for hedging purposes only. At the date of this Prospectus, the Sub-Fund will not use OTC derivative instruments. If it is intended to use derivative instruments, this supplement will be amended prior to such use accordingly.

The Sub-Fund may also invest in units of other open-ended undertakings for collective investment (UCIs) (including ETFs and index-tranches UCIs) up to a maximum of 10% of its net assets.

The Sub-Fund will not employ any SFTs.

From 1 March 2022, the Sub-Fund may also hold ancillary cash or cash equivalents and bank deposits, up to a maximum of 20% of its net assets.

5. Investor profile

The Sub-Fund is intended for both retail and non-retail investors. The Fund is intended as a long term investment. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser on their risk tolerance and investment horizon before investing in the Sub-Fund.

6. Specific risks

Investors should carefully read section 5 (General Risk Factors) of the Prospectus before investing in the Sub-Fund, in particular the specific risk considerations relating to investments in smaller companies, as described therein.

The Sub-Fund is exposed to a broad-spectrum of Sustainability Risks. In particular, the Sub-Fund is significantly exposed to companies smaller than large-cap companies, which are usually less transparent and deliver less robust disclosures. The information scarcity results in a more challenging task for our team to identify and assess the materiality of eventual Sustainability Risks.

Investments in small-cap companies also expose the Sub-Fund to specific Sustainability Risks linked to typically lower levels of disclosure and resources dedicated to corporate sustainability compared to larger companies. As such they may present additional challenge for the Management Company to identify, manage and mitigate Sustainability Risks threatening the Sub-Fund.

Details of the Management Company Sustainability Risks integration policy with respect to the Sub-Fund, including, but not limited to, a description on how sustainability factors and risks are identified and subsequently how they are integrated into investment decision-making

processes, is available at www.lonvia.com/en/regulatory-informations and a paper copy will be made available free of charge upon request.

7. Global exposure

The global exposure of the Sub-Fund is calculated and monitored under the commitment approach. The global exposure of the Sub-Fund may not exceed its Net Asset Value.

8. Valuation

Each Business Day is a Valuation Day. With respect to this Sub-Fund, a Business Day is any day which is defined as a Business Day in the Prospectus and on which banks are open the whole day for non-automated business in France.

9. Subscriptions

Each Valuation Day is a Subscription Day. The Cut-Off Time for subscription applications is 12.00 pm CET on the relevant Subscription Day. Subscription applications must be settled by the end of the Subscription Settlement Period, which is 12.00 pm CET 2 Business Days following the Subscription Day.

10. Redemptions

Each Valuation Day is a Redemption Day. The Cut-Off Time for redemption applications is 12.00 pm CET on the relevant Redemption Day. Redemption applications will normally be settled by the end of the Redemption Settlement Period, which is 2 Business Days following the Redemption Day.

11. Share Classes

The table at the end of this Supplement lists all Share Classes established within the Sub-Fund. Certain Share Classes may currently not be active or may be unavailable to investors in certain jurisdictions. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company upon request and on *website* **www.lonviacapital.com**.

12. Distribution policy

The Sub-Fund will only issue capitalisation Share Classes.

Table 1: Share Classes of Lonvia Avenir Mid-Cap Europe

Share Class name	Retail	Clean Share	Institutional	Institutional WPF
Eligible Investors	Retails Investors	Private banking / Independent financial advisory / discretionary portfolio management	Pension funds / Foundations	Pension funds / Foundations
Share Class Reference Currency	EUR/USD	EUR	EUR	EUR
Minimum Initial Subscription Amount	1 Share	EUR 50,000	EUR 5,000,000	EUR 10,000,000
Minimum Additional Subscription Amount	1 Share	1 Share	1 Share	1 Share
Minimum Holding Amount	N/A	N/A	N/A	N/A
Maximum Subscription Fee	3.00%	2.00%	2.00%	2.00%
Management Fee	2.20%	1.05%	0.95%	1.30%
Performance Fee	20.00% of the Positive Performance over the Benchmark	20.00% of the Positive Performance over the Benchmark	10.00% of the Positive Performance over the Benchmark	N/A
<i>Taxe d'abonnement</i>	0.05%	0.05%	0.01%	0.01%

Illustration of the calculation of the performance fees applicable to the "Retail", "Clean Share" and "Institutional" classes of **LONVIA AVENIR Mid-Cap Europe**:

Year	Performance of the Fund	Performance of the Benchmark	Over/Under performance	Cumulative underperformance	Performance fee
Y1	5	3	2		YES
Y2	-4	-6	2		YES*
Y3	4	0	4		YES
Y4	-7	-2	-5	-5	NO
Y5	7	9	-2	-7	NO
Y6	3	2	1	-6	NO
Y7	-2	-3	1	-5	NO
Y8	2	2	0	-5	NO
Y9	4	1	3		YES**
Y10	2	1	1		YES
Y11	2	-1	3		YES
Y12	3	5	-2	-2	NO
Y13	2	0	2		NO
Y14	2	1	1		YES
Y15	1	4	-3	-3	NO
Y16	3	0	3		NO
Y17	1	-2	3		YES
Y18	2	2	0		NO
Y19	1	0	2		YES

* The performance fee is paid when there is an outperformance, including negative performance.

**The under-performance of Y4 is outside the 5-year history.

At the end of a 5-year reference period, the uncompensated under-performance is erased.

SUPPLEMENT 2 – LONVIA AVENIR MID-CAP EURO

1. Launch date and term

The Sub-Fund is established for an unlimited duration.

The Sub-Fund will be launched on 12 October 2020.

2. Reference Currency

The Reference Currency of the Sub-Fund is EUR.

3. Investment objective

The purpose of this Sub-Fund is to outperform the MSCI EMU SMID Cap Index (NR, EUR), (the “**Benchmark**”) for share classes in EUR currency and MSCI EMU SMID Cap Index (NR, USD) for the share classe in USD currency(the “**Benchmark**”) through the selection of small and mid-cap companies with business models judged to be sustainable and value-creating with a long-term investment perspective, distinguished by their social and environmental policies and the quality of their governance, and whose activity aims to contribute to the Sustainable Development Goals (SDGs).

From 1 March 2022, the objective of the sub-fund is associated with an extra-financial approach integrating (i) the consideration of ESG risk criteria in the process of selecting and analyzing securities and (ii) a measurement of the social and environmental impacts of each company in relation to the SDGs.

The sub-fund's objective is sustainable investment within the meaning of Article 9 of the SFDR Regulation.

4. Investment policy and specific restrictions

The Sub-Fund is actively managed and references the Benchmark for comparison and performance fee calculation purposes.

There are no restrictions on the extent to which the Sub-Fund’s portfolio may deviate from the one of the Benchmark.

The Sub-Fund will invest at least 75% of its net assets in shares of companies having their registered office in countries of the Eurozone. The Sub-Fund may also invest up to 10 % of its net assets in share of companies located outside of the Eurozone. The investment universe comprises mainly shares issued by small and mid-cap companies; nevertheless the Management Company may at its sole discretion invest in shares issued by large caps companies. The Sub-Fund will permanently comply with the eligibility rules of equity savings plans for investors with tax residence in France.

The Sub- Fund aims to select and long-term support growth companies with sustainable business models by targeting in particular companies with a focus on innovation and growth, economicdevelopment and social/societal progress.

From 1 March 2022, the management company's approach will be based on the conviction that companies that integrate sustainable development issues into their strategy offer better long-term perspectives.

In order to meet such extra-financial characteristics, the Management Company has developed a Proprietary Extra-Financial Integration Policy described in the AFG-FIR Transparency Code (the full version of which is available on www.lonvia.com/en/regulatory-informations with reference to the United Nation Sustainable Development Goals (“SDGs”).

From 1 March 2022, the Fund's strategy is based, through a "Best-in-universe" approach, on a selection of companies that (i) meet environmental, social and governance (ESG) responsibility criteria measured by an “ESG risk score” and (ii) are attractive in terms of their contribution to the SDGs. Measurable performance indicators are monitored such as the number of jobs created, research and development (R&D) expenditure and scope 1, 2 and 3 carbon emissions.

At least 90% of the securities in the portfolio have obtained an ESG risk rating from Sustainalytics and an internal social and environmental impact rating.

Extra-financial analysis :

- 1) A first sectoral and normative exclusion filter is applied to the investment universe aiming to eliminate companies:
 - That violate one or more of the ten principles of the United Nations Global Compact,
 - Are involved in controversial weapons (MAP and ASM)
 - In the tobacco sector
 - That generate more than 10% of their revenues from thermal coal mining or coal-based power generation.
- 2) Upstream of the financial analysis, the management company conducts an extra-financial assessment for all the companies composing the investment universe by attributing an ESG risk rating provided by the data provider Sustainalytics.

Sustainalytics evaluation method is based on a risk-based approach. The ESG risk rating measures the degree of risk related to a company's value due to ESG factors or, more technically, the extent of a company's undefined ESG risks. It classifies the risks faced by companies into five categories (negligible, low, medium, high and severe). These risk categories are absolute, meaning that a "high risk" rating reflects a comparable degree of ESG risk across all sectors.

Sustainalytics has identified 20 material ESG Issues that may or may not be relevant to a company: business ethics, Data security and privacy, carbon impact (products and services), human capital, land use and biodiversity etc..

A range of indicators are set up to assess the materiality of each issue and how the company is managing the related issues. For example, in the case of the Governance Issue, Sustainalytics will analyze the structure of the Board of Directors, remuneration policies, quality and integrity of the Board, shareholder composition, etc.

A score ranging from 0 to 100, with 0 representing zero ESG risk and 100 representing maximum ESG risk is assigned. The ESG risk score is used to rate the entire investment universe and to exclude companies with a score higher than 50/100.

- 3) The management company then conducts a strategic analysis that consists of identifying business models judged to be sustainable and value-creating from a long-term investment perspective and selecting companies estimated to have strong development potential. The social and environmental impact assessment is conducted internally and covers a limited investment universe.

The positive or negative impact assessment is made through 4 impact themes: "Climate and

Environment", "Empowerment", "Innovative Technologies", "Health and Well-being". In fact, each impact theme responds to one or more of the UN SDGs.

The analysis of the positive or negative impact on the SDG impact themes is conducted internally using a 7-level rating grid : AAA (best) to BBB (worst).

In order to measure the positive or negative contribution of companies to impact themes, the management company uses external ESG data from Trucost (scope 1, 2 and 3 carbon emissions, ratio of non-recycled waste, water use and recycling), Bloomberg (number of jobs created and R&D and capital expenditure as a percentage of sales), and those collected directly internally from company publications and other alternative sources (media, Glassdoor, etc.).

On the basis of this internal analysis, the managing analysts may adjust the ESG risk rating of companies upwards or downwards.

The minimum ESG risk rating after adjustment must be strictly less than 30/100.

Exceptionally, the management company may depart from this rule subject to the presentation of an "investment case" to an internal committee. The case presented will demonstrate a strong potential of progress on these issues and the fund manager will implement a strengthened shareholder engagement. The integration of the value in the portfolio must be approved by the committee.

The sub-fund must obtain an overall ESG risk rating below that of its investment universe, excluding 20% of the lowest rated companies in the calculation.

Sustainalytics applies a risk-based approach resulting in ratings from 0 to 100, from least risky (0) to most risky (100). Outperformance is therefore measured by a lower risk rating than the investment universe. The Sub-Fund may invest in shares of companies outside its Benchmark. However, it will ensure that the Benchmark selected is a relevant comparison with the fund's ESG rating. The ESG analysis and evaluation methodology, as well as the criteria selected are reviewed every year. The main methodological limits are presented in the "Risk Profile" section of the SICAV's prospectus.

Until 28th February 2022, the company selection process incorporates the analysis of their social utility function and the direct impact of their corporate purpose. The Management Company identifies the SDGs that the companies in portfolio meet. Until 28th February 2022, certain types of business models that do not meet the Sub-Fund's standards of social impact may be excluded.

Besides to the direct impact of the company activity, the management team quantifies the environmental impact of each target companies. Monthly evaluation of the carbon and environmental footprint of the Sub-Fund is produced and provided through data obtained thanks to a specialized provider (S&P Trucost)

Until 28th February 2022, the Management Company also evaluates CSR policies, the SDGs to which the target companies wish to contribute through the way they do business and the positive or negative impacts of the company's activity on its value chain and on the environment.

The Management Company highlights the potential ESG issues that companies may face and discuss the policies and processes in place to address them. Those potential ESG issues are then integrated in the industrial risk associated to the companies and therefore in their valuation.

Until 28th February 2022, the Management Company prepares a global impact report on the Sub-Fund, showing the exposure of the portfolio companies to the SDGs. The carbon emissions and environmental impacts are also added to this impact report.

In addition, from 1 March 2022, the Management Company reports on various indicators to measure the extra-financial performance of the portfolio compared to its Benchmark,

including the carbon and environmental footprints. The coverage rates for the carbon footprint and the environmental footprint must be above 90% and 70%, respectively. These two indicators must outperform the Benchmark. The other indicators reported are detailed in the AFG-FIR Transparency Code (the full version of which is available on www.lonvia.com/en/regulatory-informations).

The Management Company prepares a global impact report on the Sub-Fund, showing the exposure of the portfolio companies to the SDGs. The carbon emissions and environmental impacts are also added to this impact report.

Taxonomy Regulation (UE) 2020/852:

The sub-fund contributes to environmental and social objectives and qualifies as an investment product in accordance with article 9 of Regulation (EU) 2019/2088 on sustainability related disclosures in the financial services sector.

In accordance with the Taxonomy Regulation (UE) 2020/852, the sub-fund is subject to the obligation to provide specific information, in particular on the manner and extent to which investments are made in economic activities qualified as environmentally sustainable, in accordance with article 3 of the Taxonomy Regulation.

As the sub-fund is investing (but not only) in Green/Social/Sustainability instruments, the sub-fund may invest in environmental activities as defined by the Taxonomy regulation.

The sub-fund invests in economic activities that can be considered environmentally sustainable, contributing substantially to climate change mitigation and climate change adaptation.

To do this, the sub-fund uses a combination of financial and sustainability indicators to identify and select companies that positively contribute to Climate change mitigation and Climate change adaptation, through the avoidance or reduction of greenhouse gas emissions.

The sub-fund invests in economic activities that do not cause significant harm to any of the environmental objectives set out in Article 9 of the Taxonomy Regulation.

The sub-fund invests in economic activities carried out in compliance with the minimum safeguards laid down in Article 18 of the Taxonomy Regulation.

From 1 March 2022, the sub-fund will invests a minimum of 90% in sustainable investments, with the following split:

- minimum **20%** in issuers with environmentally sustainable investment. Within this proportion, at least 50% of the investments are eligible for the European taxonomy and made in transitional and enabling activities. Moreover, minimum 90% under the article 9 a) of the Taxonomy Regulation (climate change mitigation) and maximum 10% under the article 9 b) of the Taxonomy Regulation (adaptation to climate change);
- maximum **80%** in issuers with social objective.

To achieve its objective, the Sub-Fund's investment strategy is also based on a process in which the four main following phases can be distinguished:

1. generating investment ideas;
2. analyzing potential investment opportunities;
3. valuing assets;
4. taking investment decisions.

The Sub-Fund's strategy implementation is based a committed to implement:

1. an investment process favouring the selection of securities on the basis of:
 - the importance given one-site to visits and to the analysis of target companies;
 - the use of an internal valuation model;

2. strong convictions, which are reflected in:

- a concentrated portfolio with convictions,
- choices of economic models deemed to have potential;

consistency in the type of selected securities.

From 1 March 2022, the Sub-Fund may indirectly take exposure up to 10% of its net assets to fixed income securities, such as bonds or other eligible debt securities, *via* investments in French or European open-ended undertakings for collective investment (UCIs).

The Sub-Fund may also hold units of other open-ended undertakings for collective investment (UCIs) (including ETFs) up to a maximum of 10% of its net assets.

From 1 March 2022, in order to optimize performance and achieve its management objective, the Sub-Fund may use exchange-traded financial derivative instruments (such as options, futures and forwards), for hedging purposes only. The use of such derivative instruments may not exceed a maximum of 20% of the Sub-Fund's net assets.

At the date of this Prospectus, the Sub-Fund will not use OTC derivative instruments. If it is intended to use derivative instruments, this supplement will be amended prior to such use accordingly.

From 1 March 2022, the Sub-Fund may also hold ancillary cash or cash equivalents and bank deposits, up to a maximum of 20% of its net assets.

The Sub-Fund will not employ any SFTs.

5. Investor profile

The Sub-Fund is intended for both retail and non-retail investors. The Fund is intended as a long term investment. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser on their risk tolerance and investment horizon before investing in the Sub-Fund.

6. Specific risks

Investors should carefully read section 5 (General Risk Factors) of the Prospectus before investing in the Sub-Fund, in particular the specific risk considerations relating to investments in smaller companies, as described therein.

The Sub-Fund is exposed to a broad-spectrum of Sustainability Risks. In particular, the Sub-Fund is significantly exposed to companies smaller than large-cap companies, which are usually less transparent and deliver less robust disclosures. The information scarcity results in a more challenging task for our team to identify and assess the materiality of eventual Sustainability Risks.

Investments in small-cap companies also expose the Sub-Fund to specific Sustainability Risks linked to typically lower levels of disclosure and resources dedicated to corporate sustainability compared to larger companies. As such they may present additional challenge for the Management Company to identify, manage and mitigate Sustainability Risks threatening the Sub-Fund.

Details of the Management Company Sustainability Risks integration policy with respect to the Sub-Fund, including, but not limited to, a description on how sustainability factors and risks are

identified and subsequently how they are integrated into investment decision-making processes, is available at www.lonvia.com/en/regulatory-informations and a paper copy will be made available free of charge upon request.

7. Global exposure

The global exposure of the Sub-Fund is calculated and monitored under the commitment approach. The global exposure of the Sub-Fund may not exceed its Net Asset Value.

8. Valuation

Each Business Day is a Valuation Day. With respect to this Sub-Fund, a Business Day is any day which is defined as a Business Day in the Prospectus and on which banks are open the whole day for non-automated business in France.

9. Subscriptions

Each Valuation Day is a Subscription Day. The Cut-Off Time for subscription applications is 12.00 pm CET on the relevant Subscription Day. Subscription applications must be settled by the end of the Subscription Settlement Period, which is 12.00 pm CET 2 Business Days following the Subscription Day.

10. Redemptions

Each Valuation Day is a Redemption Day. The Cut-Off Time for redemption applications is 12.00 pm CET on the relevant Redemption Day. Redemption applications will normally be settled by the end of the Redemption Settlement Period, which is 2 Business Days following the Redemption Day.

11. Share Classes

The table at the end of this Supplement lists all Share Classes established within the Sub-Fund. Certain Share Classes may currently not be active or may be unavailable to investors in certain jurisdictions. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company upon request and on *website* **www.lonviacapital.com**.

12. Distribution policy

The Sub-Fund will only issue capitalisation Share Classes.

Table 1: Share Classes of Lonvia Avenir Mid-Cap Euro

Share Class name	Retail	Super Retail	Clean Share	Institutional	Institutional WPF

Y17	1	-2	3		YES
Y18	2	2	0		NO
Y19	1	0	2		YES

* The performance fee is paid when there is an outperformance, including negative performance.

**The under-performance of Y4 is outside the 5-year history.

At the end of a 5-year reference period, the uncompensated under-performance is erased

SUPPLEMENT 3 – LONVIA AVENIR SMALL CAP EUROPE

1. Launch date and term

The Sub-Fund is established for an unlimited duration.

The Sub-Fund will be launched on 12 October 2020.

2. Reference Currency

The Reference Currency of the Sub-Fund is EUR.

3. Investment objective

The purpose of this Sub-Fund is to outperform the MSCI Europe Micro Cap Index (NR, EUR) (the “**Benchmark**”) through the selection of small and mid-cap companies with business models judged to be sustainable and value-creating with a long-term investment perspective, distinguished by their social and environmental policies and the quality of their governance, and whose activity aims to contribute to the Sustainable Development Goals (SDGs).

From 1 March 2022, the objective of the sub-fund is associated with an extra-financial approach integrating (i) the consideration of ESG risk criteria in the process of selecting and analyzing securities and (ii) a measurement of the social and environmental impacts of each company in relation to the SDGs.

The sub-fund's objective is sustainable investment within the meaning of Article 9 of the SFDR Regulation.

4. Investment policy and specific restrictions

The Sub-Fund is actively managed and references the Benchmark for comparison and performance fee calculation purposes.

There are no restrictions on the extent to which the Sub-Fund's portfolio may deviate from the one of the Benchmark.

The Sub-Fund will invest at least 75% of its assets in shares of small and medium-capitalization companies having their registered office in countries of the European Union or in countries of the European Economic Area which have entered into a tax treaty with France.

Targeted companies will meet the eligibility criteria for the *Plan d'Epargne en Actions dédié aux Petites et Moyennes Entreprises* (PEA-PME) the equity savings plan for SMEs available to investors with tax residence in France. The eligibility criteria are the following: (i) less than 5,000 employees, (ii) an annual turnover not exceeding EUR 1.5 billion or a balance sheet total not exceeding EUR 2 billion, and (iii) the company's shares are admitted to trading on a regulated market with a market capitalization of less than EUR 1 billion or have been admitted to trading on such market at the close of at least one of the four accounting years preceding the year taken into account to assess the eligibility of the shares of the relevant company. Compliance with such criteria is assessed when the Sub-Fund invests in the relevant shares.

The investment universe comprises mainly shares issued by small-cap companies, nevertheless the Management Company may at its sole discretion invest in shares issued by large-caps companies.

The Sub- Fund aims to select and long-term support growth companies with sustainable business models by targeting in particular companies with a focus on innovation and growth, economic development and social/societal progress.

In order to meet such extra-financial characteristics, the Management Company has developed a Proprietary Extra-Financial Integration Policy described in the AFG-FIR Transparency Code (the full version of which is available on www.lonvia.com/en/regulatory-informations) with reference to the United Nation Sustainable Development Goals ("SDGs").

From 1 March 2022, the Fund's strategy is based, through a "Best-in-universe" approach, on a selection of companies that (i) meet environmental, social and governance (ESG) responsibility criteria measured by an "ESG risk score" and (ii) are attractive in terms of their contribution to the SDGs. Measurable performance indicators are monitored such as the number of jobs created, research and development (R&D) expenditure and scope 1, 2 and 3 carbon emissions.

At least 90% of the securities in the portfolio have obtained an ESG risk rating from Sustainalytics and an internal social and environmental impact rating.

Extra-financial analysis :

- 1) A first sectoral and normative exclusion filter is applied to the investment universe aiming to eliminate companies:
 - That violate one or more of the ten principles of the United Nations Global Compact,
 - Are involved in controversial weapons (MAP and ASM)
 - In the tobacco sector
 - That generate more than 10% of their revenues from thermal coal mining or coal-based power generation.
- 2) Upstream of the financial analysis, the management company conducts an extra-financial assessment for all the companies composing the investment universe by attributing an ESG risk rating provided by the data provider Sustainalytics.

Sustainalytics evaluation method is based on a risk-based approach. The ESG risk rating measures the degree of risk related to a company's value due to ESG factors or, more technically, the extent of a company's undefined ESG risks. It classifies the risks faced by companies into five categories (negligible, low, medium, high and severe). These risk categories are absolute, meaning that a "high risk" rating reflects a comparable degree of ESG risk across all sectors.

Sustainalytics has identified 20 material ESG Issues that may or may not be relevant to a company: business ethics, Data security and privacy, carbon impact (products and services), human capital, land use and biodiversity etc..

A range of indicators are set up to assess the materiality of each issue and how the company is managing the related issues. For example, in the case of the Governance Issue, Sustainalytics will analyze the structure of the Board of Directors, remuneration policies, quality and integrity of the Board, shareholder composition, etc.

A score ranging from 0 to 100, with 0 representing zero ESG risk and 100 representing maximum ESG risk is assigned. The ESG risk score is used to rate the entire investment universe and to exclude companies with a score higher than 50/100.

- 3) The management company then conducts a strategic analysis that consists of identifying business models judged to be sustainable and value-creating from a long-term investment perspective and selecting companies estimated to have strong development potential. The social and environmental impact assessment is conducted internally and covers a limited investment universe.

The positive or negative impact assessment is made through 4 impact themes: "Climate and Environment", "Empowerment", "Innovative Technologies", "Health and Well-being". In fact, each impact theme responds to one or more of the UN SDGs.

The analysis of the positive or negative impact on the SDG impact themes is conducted internally using a 7-level rating grid : AAA (best) to BBB (worst).

In order to measure the positive or negative contribution of companies to impact themes, the management company uses external ESG data from Trucost (scope 1, 2 and 3 carbon emissions, ratio of non-recycled waste, water use and recycling), Bloomberg (number of jobs created and R&D and capital expenditure as a percentage of sales), and those collected directly internally from company publications and other alternative sources (media, Glassdoor, etc.).

On the basis of this internal analysis, the managing analysts may adjust the ESG risk rating of companies upwards or downwards.

The minimum ESG risk rating after adjustment must be strictly less than 30/100.

Exceptionally, the management company may depart from this rule subject to the presentation of an "investment case" to an internal committee. The case presented will demonstrate a strong potential of progress on these issues and the fund manager will implement a strengthened shareholder engagement. The integration of the value in the portfolio must be approved by the committee.

The sub-fund must obtain an overall ESG risk rating below that of its investment universe, excluding 20% of the lowest rated companies in the calculation.

Sustainalytics applies a risk-based approach resulting in ratings from 0 to 100, from least risky (0) to most risky (100). Outperformance is therefore measured by a lower risk rating than the investment universe. The Sub-Fund may invest in shares of companies outside its Benchmark. However, it will ensure that the Benchmark selected is a relevant comparison with the fund's ESG rating.

The ESG analysis and evaluation methodology, as well as the criteria selected are reviewed every year. The main methodological limits are presented in the "Risk Profile" section of the SICAV's prospectus.

Until 28th February 2022, the company selection process incorporates the analysis of their social utility function and the direct impact of their corporate purpose. The Management Company identifies the SDGs that the companies in portfolio meet. Until 28th February 2022, certain types of business models that do not meet the Sub-Fund's standards of social impact may be excluded.

Besides to the direct impact of the company activity, the management team quantifies the environmental impact of each target companies. Monthly evaluation of the carbon and environmental footprint of the Sub-Fund is produced and provided through data obtained thanks to a specialized provider (S&P Trucost)

In addition, from 1 March 2022, the Management Company reports on various indicators to measure the extra-financial performance of the portfolio compared to its Benchmark, including the carbon and environmental footprints. The coverage rates for the carbon footprint and the environmental footprint must be above 90% and 70%, respectively. These two indicators must outperform the Benchmark. The other indicators reported are detailed in the AFG-FIR Transparency Code (the full version of which is available on www.lonvia.com/en/regulatory-informations).

Until 28th February 2022, the Management Company also evaluates CSR policies, the SDGs to which the target companies wish to contribute through the way they do business and the positive or negative impacts of the company's activity on its value chain and on the environment.

The Management Company highlights the potential ESG issues that companies may face and discuss the policies and processes in place to address them. Those potential ESG issues are then integrated in the industrial risk associated to the companies and therefore in their valuation.

Until 28th February 2022, the Management Company prepares a global impact report on the Sub-Fund, showing the exposure of the portfolio companies to the SDGs. The carbon emissions and environmental impacts are also added to this impact report.

Taxonomy Regulation (UE) 2020/852:

The sub-fund contributes to environmental and social objectives and qualifies as an investment product in accordance with article 9 of Regulation (EU) 2019/2088 on sustainability related disclosures in the financial services sector.

In accordance with the Taxonomy Regulation (UE) 2020/852, the sub-fund is subject to the obligation to provide specific information, in particular on the manner and extent to which investments are made in economic activities qualified as environmentally sustainable, in accordance with article 3 of the Taxonomy Regulation.

As the sub-fund is investing (but not only) in Green/Social/Sustainability instruments, the sub-fund may invest in environmental activities as defined by the Taxonomy regulation.

The sub-fund invests in economic activities that can be considered environmentally sustainable, contributing substantially to climate change mitigation and climate change adaptation.

To do this, the sub-fund uses a combination of financial and sustainability indicators to identify and select companies that positively contribute to Climate change mitigation and Climate change adaptation, through the avoidance or reduction of greenhouse gas emissions.

The sub-fund invests in economic activities that do not cause significant harm to any of the environmental objectives set out in Article 9 of the Taxonomy Regulation.

The sub-fund invests in economic activities carried out in compliance with the minimum safeguards laid down in Article 18 of the Taxonomy Regulation.

From 1 March 2022, the sub-fund invests a minimum of 90% in sustainable investments, with the following split:

- minimum **10%** in issuers with environmentally sustainable investment. Within this proportion, at least 50% of the investments are eligible for the European taxonomy and made in transitional and enabling activities. Moreover, minimum 90% under the article 9 a) of the Taxonomy Regulation (climate change mitigation) and maximum 10% under the article 9 b) of the Taxonomy Regulation (adaptation to climate change);
- maximum **90%** in issuers with social objective.

To achieve its objective, the Sub-Fund's investment strategy is also based on a process in which the four main following phases can be distinguished:

1. generating investment ideas;
2. analyzing potential investment opportunities;
3. valuing assets;
4. taking investment decisions.

The Sub-Fund's strategy implementation is based on the following principles:

1. an investment process favouring the selection of securities on the basis of:
 - the importance given on-site to visits and to the analysis of target companies;
 - the use of an internal valuation model;

2. strong convictions, which are reflected in:

- a concentrated portfolio with convictions;
- choices of companies with an economic models deemed to have potential;

consistency in the type of selected securities.

From 1 March 2022, in order to optimize performance and achieve its investment objective, the Sub-Fund may use exchange-traded financial derivative instruments (such as options, futures and forwards), for hedging purposes only. The use of such derivative instruments may not exceed a maximum commitment of 10 % of the Sub-Fund's net assets.

At the date of this Prospectus, the Sub-Fund will not use OTC derivative instruments. If it is intended to use derivative instruments, this supplement will be amended prior to such use accordingly.

The Sub-Fund may also invest in units of open-ended undertakings for collective investment (UCIs) (including ETFs and index-tracking funds) up to a maximum of 10% of its net assets.

From 1 March 2022, the Sub-Fund may also hold cash and cash equivalents on an ancillary basis, up to a maximum of 20% of its net assets.

The Sub-Fund will not employ any techniques and instruments relating to Transferable Securities and Money Market Instruments, such as securities lending, repurchase and reverse repurchase transactions, buy-sell back or sell-buy back transactions.

The Sub-Fund will not employ any SFTs.

5. Investor profile

The Sub-Fund is intended for both retail and non-retail investors. The Fund is intended as a long term investment. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser on their risk tolerance and investment horizon before investing in the Sub-Fund.

6. Specific risks

Investors should carefully read section 5 (General Risk Factors) of the Prospectus before investing in the Sub-Fund, in particular the specific risk considerations relating to investments in smaller companies, as described therein.

The Sub-Fund is exposed to a broad-spectrum of Sustainability Risks. In particular, the Sub-Fund is significantly exposed to smaller companies, which are usually less transparent and deliver less robust disclosures. The information scarcity results in a more challenging task for our team to identify and assess the materiality of eventual Sustainability Risks.

Investments in small-cap companies also expose the Sub-Fund to specific Sustainability Risks linked to typically lower levels of disclosure and resources dedicated to corporate sustainability compared to larger companies. As such they may present additional challenge for the Management Company to identify, manage and mitigate Sustainability Risks threatening the Sub-Fund.

Details of the Management Company Sustainability Risks integration policy with respect to the Sub-Fund, including, but not limited to, a description on how sustainability factors and risks are identified and subsequently how they are integrated into investment decision-making processes, is available at www.lonvia.com/en/regulatory-informations and a paper copy will be made available free of charge upon request.

7. Global exposure

The global exposure of the Sub-Fund is calculated and monitored under the commitment approach. The global exposure of the Sub-Fund may not exceed its Net Asset Value.

8. Valuation

Each Business Day is a Valuation Day. With respect to this Sub-Fund, a Business Day is any day which is defined as a Business Day in the Prospectus and on which banks are open the whole day for non-automated business in France.

9. Subscriptions

Each Valuation Day is a Subscription Day. The Cut-Off Time for subscription applications is 12.00 pm CET on the relevant Subscription Day. Subscription applications must be settled by the end of the Subscription Settlement Period, which is 12.00 pm CET 2 Business Days following the Subscription Day.

10. Redemptions

Each Valuation Day is a Redemption Day. The Cut-Off Time for redemption applications is 12.00 pm CET on the relevant Redemption Day. Redemption applications will normally be settled by the end of the Redemption Settlement Period, which is 2 Business Days following the Redemption Day.

11. Share Classes

The table at the end of this Supplement lists all Share Classes established within the Sub-Fund. Certain Share Classes may currently not be active or may be unavailable to investors in certain jurisdictions. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company upon request and on *website* **www.lonviacapital.com**.

12. Distribution policy

The Sub-Fund will only issue capitalisation Share Classes.

Table 1: Share Classes of Lonvia Avenir Small Cap Europe
